Prep Thinclads Await District Encounters

Track teams of at least 11 southern Oregon high schools held their final practice sessions tomorrow in preparation for the District 3 engagements.

District eliminations, to decide entries in the state classic, are scheduled on Saturday. Class A schools collide on the southern Oregon college oval at Ashland. B schools have a separate meet at the Medford high stadium.

Principal Roland Parks of Ashland high reported yesterday that at least seven schools will be represented in the Class A affair. They are Medford's favored Black Tornado, Grants Pass, Klamath Falls, Ashland, Crater, Eagle Point and Phoenix. Most of the schools will enter full teams and entries totaled 158 yesterday.

Of the other schools of the district Illinois Valley was listed and Brookings and Henley had sent no word.

Only four schools are definite entries so far in the B tussle, according to Clyde Sutherland, Jacksonville school superintendent and district committee man. They are Malin, Rogue River, Bonanza and Jacksonville. Merrill may have entries and there is possibility of some coast area schools sending athletes. No participants are scheduled from Talent, Butte Falls and Prospect.

At Ashland morning events begin at 10:30 a.m. and afternoon action at 3 p.m. There will be a nominal charge for admission and tickets purchased in the morning will be good for all day. Parks said that "elaborate preparations" have been made for the meet.

For the B meet here preliminaries are set for a 10 a.m. start with finals to commence at 1 p.m.

Medford looms as favorite to gain the most berths for the state meet and to nab district team scoring honors because of its marks in other meets this year and because of its depth. According to information available from meet entry lists and meet records, Medfordites have the best times, distances and heights in the biggest share of the events. A list of best marks follows this story. There could be inaccuracies because of difficulty of getting complete records.

Tornado Marks Best

The Black Tornado is shown with the best marks in the quarter, half and mile, both hurdle events, the 220-yard dash, the relay, the shot put, the pole vault, the javelin and the broad jump.

In the vault, however, where Lew Breazeale of Medford has gone 12 feet 3/4 inches, the height is only a half inch better than the best by Keith Hislop of Grants Pass. One of the top battles of the meet is anticipated between these two if Breazeale's turned ankle has healed.

Frank Reich of Eagle Point

has been listed with a 10.3 best in the 100, but has one clocking of :10.04, which is ahead of :10.1 by Dan Morris of Medford. Dale Jeffers of Ashland has a No. 1 discus toss with 149-1 and Bob Johnston of Crater has gone 6-1 in the high jump.

Rogue River and Malin are top contenders for B laurels. Malin won a Klamath county meet this week end. Rogue River has loomed strong all season in a number of sessions. Best performances of Rogue River's Chiefs are listed after this article.

Salem, Eugene Victors in NWL

By UNITED PRESS

Baseball was a bit on the wild side in the Northwest league last night with an 18-11 at Salem the wildest of the lot. Salem pinned the 18-11 defeat Lewiston with a 17-hit attack that battered four Lewiston hurlers.

Gene Tanesell with a three-run triple in the fourth and Harvey Koepf with three hits were the top Salem hitters in the 3-hour, 5 minute contest. Eugene got three runs in the eighth to nip Spokane 3-2 at Eugene. Manny Romero got the

Don Cockell's Manager Protests 16 1/2-Foot Ring, 8-Ounce Gloves

San Rafael, Calif.—(U.P.)—Don Cockell, British challenger for the world heavyweight title, quietly resumed sparring today while his camp protested that the gloves were too big and the ring too small for Monday night's championship fight with Rocky Marciano.

Manager John Simpson yesterday wired the State Athletic Commission that the 16 and one-half foot ring which will be in use at San Francisco's Kezar Stadium would be a "tremendous handicap" to his boxer.

"We were promised a 20-foot ring and we get a 16-footer," Simpson said. "We also were

promised we would use six-ounce gloves and we have to use eight-ounce."

Jimmy Murray, who is co-promoting the bout with the IBC, said no promise had been made about the 20-foot ring which is located in the San Francisco Civic Auditorium. "I told Simpson that we probably would use the 20-foot ring but it isn't available," Murray said.

The 16 and one-half foot ring is used in the Cow Palace, scene of numerous championship bouts. It is California law that eight-ounce gloves be used in all championship fights. However, the glove protest gave Simpson and Manager Al Weill something in common. Marciano's pilot wants to use six-ounce gloves, too.

Buck Davidson, Klamath Falls, will be the third man in the ring at Merrick's arena Saturday night when Yoggi Husane and Logger Porter clash in a grudge wrestling watch slated for one hour or two out of three falls.

The grudge started about three weeks ago when Porter, here as a spectator, stepped into the ring to issue a challenge to any wrestler and Husane attempted to throw him out. Instead, Husane accepted for a brief but sound thrashing and has rejected all efforts by Porter to get a match with him.

It was Porter's added incentive of \$100 plus his purse if Husane can beat him that finally induced the Springfield Turk to take the bout.

Two outstanding preliminary scraps have been signed. The middle one pits Cyclone Cobb against Champ Thomas and the opener sends Cowboy Wes Knapp in with Larry Presnell. Starting time is 8:30 p.m. and arena doors open an hour earlier.

Reserved seat tickets are on sale at the Rogue restaurant, 42 South Central ave.

Rocky Plans Body Attack

Calistoga, Calif.—(U.P.)—Rocky Marciano will try to stop chunky Don Cockell with a crushing body attack Monday night, just as he ruined Rex Layne in his first major victory back in July, 1951.

That became apparent today at the peak of the champion's training because of his awesome concentrating on the bodies of his spartans. Rocky pursued the same tactics in the final stages of training for the highly-favored Layne in '51.

WASHDAY WAS DRUDGERY in Grandmother's day... long hours of sweating, straining, back-breaking work. Today's housewife uses a modern washer and dryer. Manufacturers have reduced washday chores to a turn of a dial.

But to mass produce millions of washers and dryers, manufacturers must be able to sell them by the millions. Only by advertising can a manufacturer talk to millions of people at one time.

ADVERTISING TELLS the story of new home appliances... and helps sell them. The more it sells, the more must be made—keeping the production lines and the jobs going. The result: newer, better home appliances at prices more people can afford to pay. Advertising helped make the difference—in home appliances, and in our American way of life.
