

Lowry to Speak At Phoenix High Graduation May 31

Phoenix — State Sen. Philip D. Lowry of Medford will be principal speaker at Phoenix High school commencement Tuesday, May 31 at 8 p.m. in the gymnasium, Ernest R. James, superintendent of Phoenix schools has announced.

Invocation during commencement will be given by the Rev. LeRoy Nidever and the benediction will be given by the Rev. Lee Shafer.

Miss Nancy Hammers, class valedictorian, and Miss Marie Mitchell, class salutatorian, will speak briefly during the program.

A. H. MacKintosh, chairman of the board of education, will make the presentation of diplomas, and honors will be presented by Superintendent James.

Band Will Play
Phoenix High school's band will play the processional and recessional, and the triple trio will sing "Lift Thine Eyes" by Mendelssohn.

The baccalaureate service will be held in the First Presbyterian church in Phoenix, Sunday, May 29, at 8 p.m. Participating will be the Rev. R. L. Shafer, invocation; the Rev. Paul H. Webb, scripture lesson; the Rev. LeRoy Nidever, prayer of intercession; the Rev. W. V. McArthur, benediction; and the Rev. O. D. Swisher, sermon.

Special music will consist of an organ prelude which will be played by Mrs. H. J. Looftbourrow, and an anthem, "Bless This House," by the high school triple trio.

Phoenix Students Name Ray Dahl President

Phoenix — Ray Dahl was elected president of the Phoenix High school student body Friday succeeding Ronald Bean.

Other officers elected included Bill Madden, vice president; Sharon James, secretary; and Dorothy Good, treasurer. Cheer leaders elected were Barbara Blankenship, Jackie Beatty, Peggy Chisum, Carol Clark and Irma Hoffman.

Outgoing officers in addition to Bean include Jim Korth, vice-president; Raydene Chisum, treasurer; and Audrey Hite, secretary.

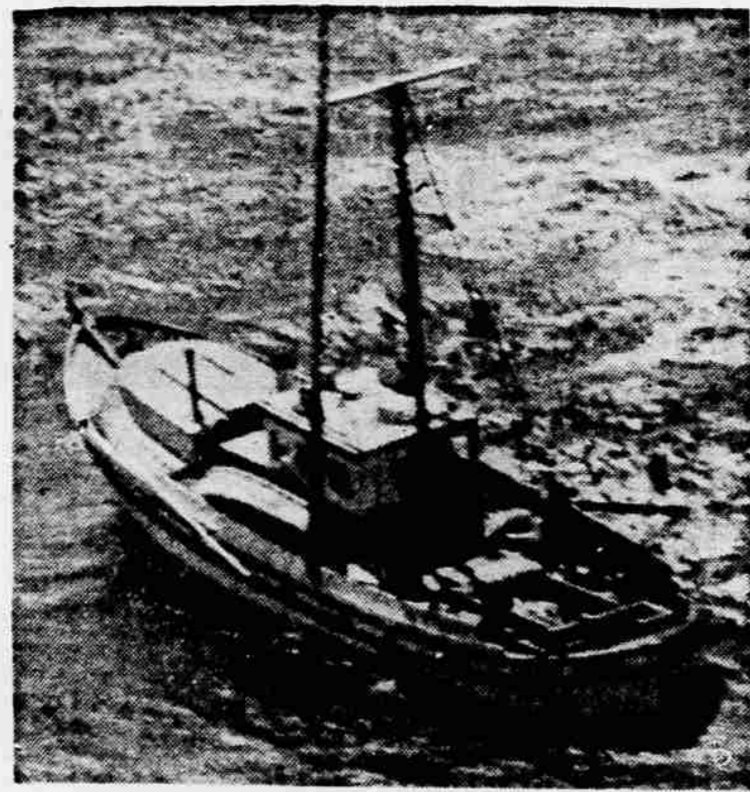

A NUISANCE

New London, Conn. — (U.P.) — Officer Joseph Rafferty stopped a woman motorist because her automobile registration plates bore 1954 inserts. The woman promptly showed Rafferty her 1955 registration certificate. When asked where the new inserts for the plates were, she said, "Oh, those. I threw them away."

Mercury Now in View

By J. HUGH PRUETT
Astronomer, Extension Division
Oregon Higher Education System

Many who are ardent students of the skies claim they have never definitely spotted the planet Mercury. This little "messenger of the gods" of ancient mythology spends so much of his time hiding in the rays of the blazing sun that only for short periods a few times each year is he easily seen. Then the observations must be made in the deepening western twilight or the advancing eastern dawn.

During the coming week this elusive little world may be seen by all who are favored with clear skies, normal eyesight and the knowledge of where and how to look. This evening and every evening during the next week Mercury will set almost two hours after sunset. The point on the horizon of setting for those who are not hindered by hills or buildings will be only a little to the left of northwest.

Youth Admits Holding Gun That Killed Boy

Portland — (U.P.) — A 13-year-old Portland boy Friday told police he had held the gun which fatally wounded his 14-year-old friend a week ago Saturday.

David Schroek gave the new version of the shooting after the funeral for William Woolridge.

He said he had pointed the weapon at the wall and clicked the trigger first, but the weapon fired the second time he pulled the trigger, just as the victim jumped into the line of fire.

Last Saturday he told police Woolridge had been killed when the dead boy pointed the weapon at his own chest, thinking the gun was not loaded, and pulled the trigger.

Bill on Homestead Lands Introduced

Washington — (U.P.) — Rep. Sam Coon (R-Ore.) Saturday said he has introduced a bill to permit public sale of homestead lands unsuitable for tillage.

Coon said the bill was particularly aimed at tracts that lacked irrigation, as in the Fort Rock area in Lake county. However, he said there were "many thousand" such areas in Oregon.

The bill would authorize competitive bidding, not to be less than the appraised value of the land.

KOPP TOP COP

Milford, Conn. — (U.P.) — Milford High School students held "Student Government Day" and gave the job of police chief to Paul Kopp.

Roseburg Man Given 'One Year Contract'

Roseburg — (U.P.) — Tom J. Umphras of Roseburg, has been awarded a one-year "contract" as a result of his recent appearance on a Los Angeles television program.

Umphras appeared on a Los Angeles television program with an invention he claimed would alleviate smog. During the show he mentioned money troubles at Roseburg, and Los Angeles police were waiting for him by the end of the commercial.

Umphras was sentenced to a year in the state prison Friday by Douglas County Circuit Judge Carl Wimberly, after he pleaded guilty to passing spurious checks.

On The Side

By E. V. Durling
(Distributed by King Features Syndicate, Inc.)

BELIEVE ME, man, there is no greater bliss than the quiet joy of a loving wife. Which who wants, half of himself does miss: Friend without change, playfellow without strife, Is this sweet doubling of our single life.

—Sidney
In Sweden every effort is made to dignify domestic service and make it an attractive activity. Maids are called "home assistants." They are unionized. When a maid works after 7 p.m. she is paid overtime. In addition to regular days off the Swedish home assistant gets two weeks' vacation with pay. The housewife, or home manager, is expected to assume the same attitude toward a home assistant as her husband would to an assistant manager or a private secretary at his office.

Horses and Women

Where can a young man with a promising future or one who has already achieved some degree of success find a good wife? That's what our horses and women department will endeavor to ascertain for the benefit of clients engaged in wife hunting. Our first suggestion calls for a thorough check of the airline hostesses. They are all bachelorettes. All are good looking; some are even beautiful. They have passed tests and had training and experience which rates them well above the average as matrimonial material. Of course, such grade AA girls are not easy to get. So I have asked our experts to prepare a series of helpful hints under the general heading of "How to marry an airline hostess."

Briefly
Stephanie is a nice name. Give it consideration when discussing what to name your next female child. . . An M.D. doesn't mind if you call him "Doc" but a D.D.S. always resents it. I don't know why. Anyway, don't make your dentist unhappy; address him as "Doctor."

Passing By
Roy Campanella. Brilliant Brooklyn backstop. The best catcher the Dodgers ever had. As Campanella goes so go the Dodgers. It is just as I said last winter, if Campanella is always in shape Brooklyn will win the pennant in a walk. It has been truly said that "pitching is 70 per cent of a ball club but a good catcher is 70 per cent of the pitching."

Sidelights
When women try on skirts do they ask for a chair to see how they look sitting down in the

skirt selected? Seems they really should. . . At one time the best known sports writer in Los Angeles was a man named H. Hilitor. H. Stape-Munton. . . Statistics indicate the most intelligent people are producing only one-third of the number of children born to the less intelligent. Intelligence is hereditary. So is the lack of it.

Queries from clients. Q. What were the odds on the first Tunney-Dempsey fight? A. Dempsey was a 5 to 11 favorite. Q. What is the record for below zero weather among the major cities of the United States? A. It was once 41 below zero in St. Paul, Minn. In Bismarck, N. D., the thermometer once registered 45 below zero.

Flowers
The State flower of Texas is the bluebonnet. Of Kentucky it is the goldenrod. Maybe the Kentucky Derby should be called "run for the goldenrod" instead of "the run for the roses." The rose is the State flower of New York. No doubt you know what the official flower of your State is. If not, blush several blushes because of your ignorance and learn immediately.

ANCIENT REMEDIES
Buffalo, N. Y. — (U.P.) — Some 2,500 years ago, the Assyrians used drugs that would make quite a show today on the prescription shelves. They had about 250 vegetable drugs, 120 mineral drugs and some 180 still unidentified ones, according to local researchers (of the Arner Co.).

Unemployment Tax Receipts Up

Salem — (U.P.) — Receipts from unemployment taxes on 1955 payrolls may be higher than for several years although increased coverage under the new legislation does not go into effect until 1956, according to the State Unemployment Compensation Commission.

Completed tabulations under experience rating indicate this year's tax rate will be around 1.2 per cent, higher than since 1951. Actual receipts on first quarter wages already have reached \$3,143,635, nearly \$300,000 more than a year ago and highest for the period since 1951.

If payrolls for the remaining months of 1955 continue to establish new Oregon records, receipts this year could be about the approximate \$12,000,000 average of recent years. Despite a backward and cold spring, employment each month has exceeded the corresponding period of 1954.

Multnomah Sheriff Asks Parents' Aid

Portland — (U.P.) — Multnomah County Sheriff Terry Schunk has asked parents to aid in halting a series of bomb threats which have closed several Portland area schools in recent weeks.

The sheriff said such closures, even though temporary, had cost a considerable sum of money. He asked parents to sit down and discuss the seriousness of such pranks with the children. Sheriff Schunk said such phony bomb threats would not be considered as practical jokes by his office, and promised to use all facilities at hand to apprehend such offenders.

He said the juvenile court treats such acts as serious offenses.

New York — (U.P.) — Handy Harman, bullion dealer, has raised the price of silver in New York by 1 1/4 cents to 89 3/4 cents a fine ounce, the second price boost in a week.
