Youthful Killer Comic Book Fan

Oakland, Calif. — (U.P.) — The 14-year-old boy who admitted killing a playmate half his age with a hatchet and a knife, has told authorities he was an avid reader of "horror" comic books.

The youth, David Drew, told Dr. Douglas Kelley, University of California psychiatrist, that he liked to read comic books "that depict torture and throwing people off cliffs."

The slaying took place Tuesday afternoon, when the youth was helping 7-year-old Stanley R. Frank Jr., and another 8-year-old build a fort in a ravine. The 8-year-old went home for dinner time, but Stanley did not.

Not Legally Insane
David said he accidentally struck Stanley with an axe and then an "urge" came over him that resulted in his stabbing the younger boy four times with a hunting knife.

Kelley reported to Alameda County District Attorney J. Frank Coakley that David was not legally insane.

Coakley said he is considering one of three steps: Seeking the youth's commitment to a state institution; prosecuting the case as a juvenile matter; or asking a formal indictment of murder.

An autopsy fixed the hatchet blow as the cause of death.

Trailer-on-Flat Car Service to NW Planned

San Francisco — Plans for "trailer on a flat car" service between California and the Pacific northwest have been announced here by the Santa Fe railway.

The plan, which will permit shipment of freight by truck-trailers, which will then be carried by train to the destination, and then used as trailers again to deliver their cargoes, is being undertaken in cooperation with the Great Northern and Western Pacific railroads.

Gene Symonds' Body Arrives in Home Town

Dayton, O. — (U.P.) — The body of Gene Symonds, United Press manager for Southeast Asia who was killed in Singapore by rioting Chinese students, arrives here today by plane.

Symonds' body will be taken to the Hoynes funeral home for services. Final arrangements have not been disclosed by his nearest relatives here, an uncle, Harold M. Moore, and his stepmother, Mrs. Della M. Symonds.

Symonds, 29, was beaten fatally May 13 when he stopped his car at a police roadblock in Singapore during a Communist inspired demonstration. A mob of rioting students dragged him from the car and stoned and clubbed him into unconsciousness. He died a short time later at a hospital without regaining consciousness.

Foul Play Hinted In Eugene Death

Eugene — (U.P.) — County Coroner Fred Buell said today that Mrs. Joan C. Shaw, 51, who was found dead here Tuesday night, could have met with foul play, but that examination into the cause of her death was not complete.

Mrs. Shaw, the mother of three teenaged daughters, had suffered head wounds that could have been caused by a fall or being struck by a heavy object. Police Chief Vern Hill said.

The coroner reported she could have been dead several days when her daughter, Darlene, 19, and her son-in-law, Gerald E. Mack, discovered her body Tuesday night.

The pair had tried to call Mrs. Shaw on the telephone for several days and became alarmed when she didn't answer. They visited her home just south of here and found the body.

Klamath Falls — (U.P.) — John Hopkins, 37, of Pasadena, Calif., was electrocuted at 3:30 p.m. yesterday afternoon when a power shovel he was operating at Diamond lake 100 miles north of here came in contact with high tension wires.

Hopkins was employed by the Morrison-Knudsen company at Lemota Falls dam number 1 where the accident occurred. He was killed instantly.

Pendleton Receives School Bomb Threat

Pendleton — (U.P.) — Pendleton received its first reported bomb threat yesterday afternoon.

A student at Lincoln grade school found a note on the floor of a rest room which said: "This bathroom will be blown up by a bomb at 3 o'clock."

The note was turned over to the principal and the school was closed by 3:50 p.m. The students were sent home.

Police Chief Ralph Bond said the building was searched thoroughly but no explosives were found. He said the note was written in a juvenile manner.

Grand Coulee Dam Road Closed To Cars

Coulee Dam, Wash. — (U.P.) — The road across Grand Coulee Dam has been closed to vehicle traffic on order of Secretary of Interior Douglas McKay, the security guard at the dam said today.

A guard spokesman said he "understood" the closure came "as a security measure." He said the dam remained open to foot traffic during daylight hours. No traffic ever has been allowed across the dam at night.

The road across the dam was closed all during World War II and for a time during the Korean war. The spokesman said the order restricting traffic across the dam had not affected guided tours through the dam's powerhouse.

Traffic which formerly used the dam has been switched to a highway bridge a quarter of a mile downstream.

Lane County Vaccine Program Starts Monday

Eugene — (U.P.) — Lane county Salk vaccine program will get underway Monday with as many as 9,200 first through fourth graders scheduled to receive their first shot.

County health authorities reported they are requiring new consent slips from parents, but that less than 10 per cent of parents had changed their minds and withdrawn permission for polio shots.

Lane county was one of the test counties in last year's polio vaccine trials, and has supplies enough to inoculate children through the fourth grade.

Portland — (U.P.) — Andrew Taylor, 38, a Los Angeles, Calif., ex-convict, accused of shooting at Portland Police Chief Jim Purcell and two detectives last February following a holdup, was convicted of armed robbery in Circuit Court here yesterday.

Still pending is a charge of assault with intent to kill growing out of the gunplay that put a bullet through the chief's topcoat.

Sentencing has been set for Monday.
