

# FOOD IS SO EASY TO REACH with . . . . . G-E REVOLVING SHELVES

**THEY TURN ALL THE WAY AROUND . . . and in Either Direction**  
The back and side walls of G-E Refrigerators have been rounded to accommodate extra - large Revolving Shelves. There is at least 15 per cent more shelf space in G-E Refrigerators with Revolving Shelves than in previous corresponding models with rectangular shelves.

## MORE ROOM THAN EVER BEFORE

THEY TURN ALL THE WAY AROUND . . . and in either direction. Now with one finger you can turn all foods to you . . . right out in front. The entire contents of the shelf are brought into full view—and within easy reach. Revolving Shelves are bigger too.

## NOTHING DOWN ON APPROVED CREDIT!
