

# IF YOUR INTERESTED IN SAVING MONEY... HERE'S THE PLACE TO REALLY SAVE THE HOME APPLIANCE **BARGAIN STORE**

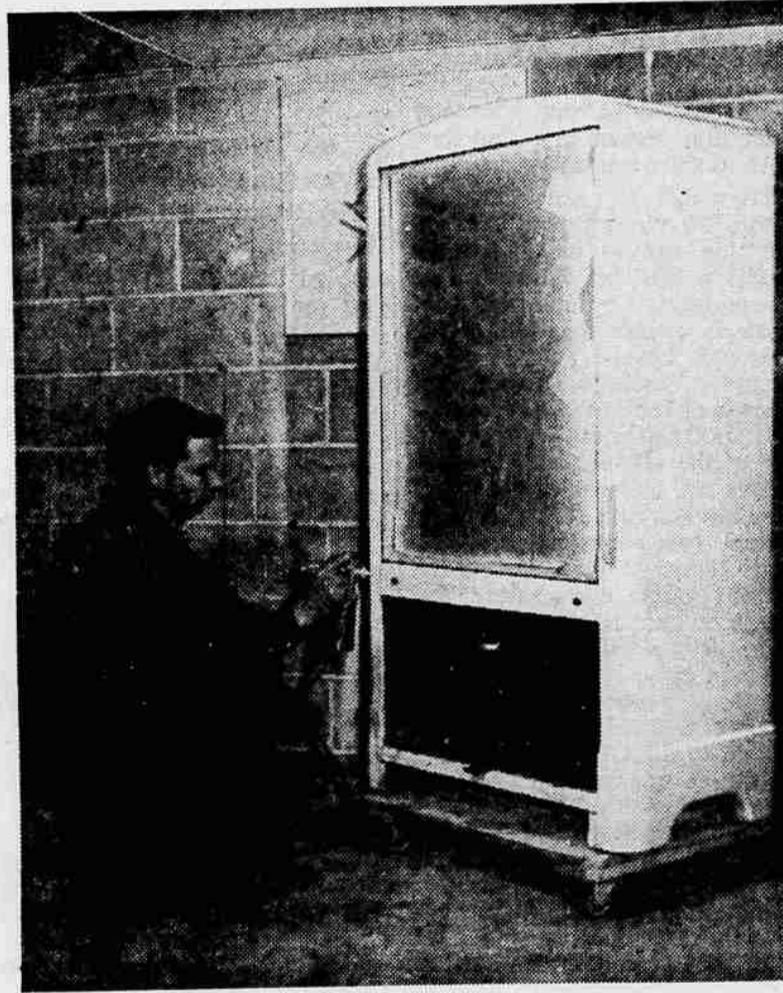

The Bargain Store is a complete shop for major, and small appliance repair and service. We keep it fully stocked with some new, and a lot of used appliances — all thoroughly reconditioned and guaranteed. If you're interested in saving money on an electric range, refrigerator, dishwasher or washing machine, the Bargain Store is the place to go.

Why are our prices lower? Well, we get all the trade-ins, floor models, and demonstrators from our Main Street Store. Also, any appliance or TV set that is slightly damaged, the Main Store sends to us to sell at BARGAIN PRICES. We're a warehouse-type store, no salesmen or fancy fixtures. All of these reasons make it possible for us to operate with a lower overhead, and we pass these savings on to you.

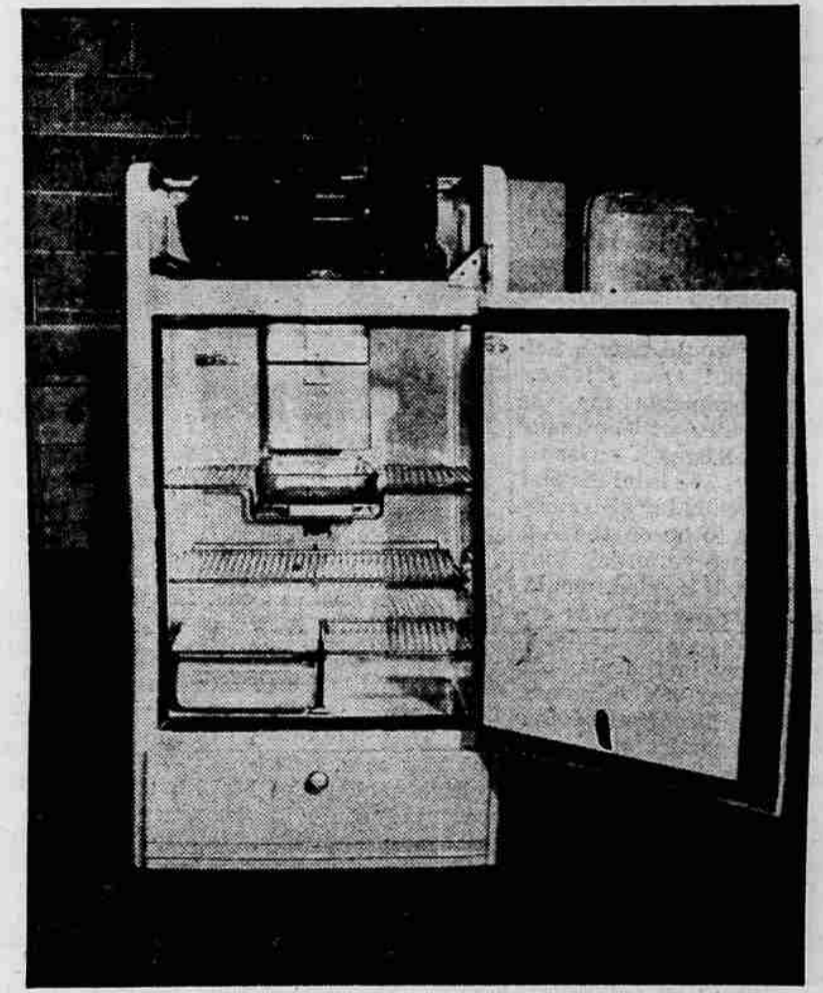

**COMPLETE MAJOR APPLIANCE RECONDITIONING... FULLY GUARANTEED**

In the process of reconditioning all defective parts are replaced—all repaired parts guaranteed.

Refinishing in our new shops provides a "like new" appearance to appliances. Colors to match kitchen tones, too!

Unit reconditioning in our new service shop. Every job carries a guarantee of satisfaction.

We have a G-E Automatic Washer and Dryer installed for demonstration purposes. Why don't you bring a load of washing down and try for yourself the new G-E Filter-Flo Washer. And don't worry about getting dressed up — Gosh, we're not uptown — we're the Bargain Store. ( Parking is no problem.) We have no salesmen down here, but one of our servicemen will always be glad to help you.
