

Newbry Sees Heavy Traffic in State During Week End

Salem —(U.P.)— Secretary of State Earl T. Newbry today predicted the heaviest traffic of the year to date during the long Memorial weekend, which many Oregonians are starting this afternoon.

Cautioning motorists to "take it easy" on Memorial Day week end trips Newbry said that nine persons died in Oregon traffic accidents during the Memorial Day week end last year, making it the worst summertime holiday of 1954 in traffic fatalities.

May Exceed Last Year
If the weather proves clear and sunny, Newbry said there is a strong chance that last year's death toll will be equalled or exceeded.

Safety men here urged all motorists to maintain a "healthy respect" or the long straight highway where averages speeds are likely to be high. Unwary drivers tend to forget that the higher their speeds, the more distance it takes to bring a vehicle to an emergency stop, they said.

Nation-Wide Program
The nation-wide "slow down and live" program is being officially launched in all 48 states this week end, Newbry said. The program, to continue through Labor Day, is an educational and enforcement effort aimed at traffic violations associated with speed.

Singled out for special attention will be the traffic boners of the driver with an "in a hurry" complex, such as cutting in, following too close, passing with insufficient clearance and excessive speed.

Patterson Reveals List of Appointments

Salem —(U.P.)— Dan Pierson of Hood River has been appointed as a member of the Columbia River Gorge Committee, the office of Gov. Paul L. Patterson said today.

John C. Veatch of Portland was reappointed to the State Fish Commission.

Other reappointments included:
A. C. Newell of Salem, to the State Civil Service Commission.
Dr. Forrest L. I. Goddard of Salem, to the State Board of Chiropractic Examiners.
George Russell of Vale and Verne Colvin of Innaha, to the state livestock advisory committee, representing the Oregon Cattle Association.

Roy J. Forman of Antelope, to the state soil conservation committee.

I. R. Metzler of Beaverton was appointed to the Washington County Public Welfare Commission, succeeding Dr. J. O. Robb, resigned.

Jury Selection Starts in Ashland Slander Case

Selection of a jury was under way in circuit court this morning in the case of Mrs. Barbara Helms Phelan, Ashland, vs. Lotte and Sarah Beswick, Valley View.

Mrs. Phelan seeks \$21,500 in the suit, which charges the two defendants with slander. The case has been pending since Jan. 29, 1951, when the complaint was filed.

William Briggs, Ashland is attorney for the plaintiff, and the Medford law firm of Roberts, Kellington and Branchfield is counsel for the defendants.

NO DEDUCTION
Duluth, Minn. —(U.P.)— M. R. Nelson of the Internal Revenue Service office was started to find a deduction of \$20 for "mice" on the return of a taxpayer he was helping. "Mice" turned out to be the man's abbreviation for "miscellaneous."

GETTING OUT THE VOTE — Clement Attlee (center), Labor Party candidate for British Prime Minister, talks with bus driver outside Walthamstow polling station in London during the general elections.

Portland Bomb Threats To Cost About \$75,000

Portland —(U.P.)— Mayor Fred Peterson said today the total overall cost to local taxpayers as a result of extra police work involved in numerous bomb threats here following the bombing of Meier & Frank Department store probably will be between \$70,000 and \$75,000.

The city yesterday got its first bill for overtime pay, \$23,192.

Thornton Rules on Coast Gold Digging

Salem —(U.P.)— Attorney General Robert Y. Thornton said today that any application to dredge for gold in Oregon tide-lands is not governed by the general mining law but by special provisions of Oregon law regulating the removal of minerals from the shore of the Pacific highway.

Thornton wrote the opinion at request of the state land board and said that the shore of the Pacific has been declared to be a public highway. He said:

"It should be pointed out however, that under the provisions of the law the state land board has the power to regulate the removal of minerals by rule and regulation and the terms of the permit or license are prescribed by the board."

"Accordingly, while the mining laws are not applicable in this instance, the state land board may by rule or regulation adopt as much of the same as it considers in the interest of the state and otherwise to protect the Pacific shore as a declared public highway. In doing, the board also should impose such restrictions on the method of extracting the minerals as will protect the beach as a public highway."

Dead line Sunday Classified is at noon Saturday; 1 a.m. Monday for Monday; other days 5:30 previous day.

Benton Sobriety Tests Questioned in Court

Corvallis —(U.P.)— Benton county's blood tests to determine sobriety of drivers accused of drunk driving were questioned in an appeal pending today in Circuit court here.

Attorney for Allen R. Stolte, convicted of driving while drunk, alleged that a blood sample taken from Stolte at the time of his arrest by a private physician is the property of Stolte and cannot be used as evidence against him.

The appeal also contends that sobriety tests are authorized by law only in counties of more than 200,000 population.

Elmo Smith Raps Tax Referendum

Salem —(U.P.)— State Senate President Elmo Smith said today the tobacco industry was "irresponsible" in filing a referendum petition against the proposed state cigarette tax.

The industry, which claims it cannot afford to collect taxes for the state, yesterday filed preliminary referendum petitions against the tax within hours after Gov. Paul Patterson had signed the measure into law.

Sen. Smith said the tobacco industry is making "an effort to avoid sharing Oregon's tax load."

Robert A. Bradlee, Portland, secretary of Tobacco Distributors, claimed that a tax on cigarettes has "no moral base."

MEDFORD (OREGON) MAIL TRIBUNE—THREE

Edith Green Proposes Equal Pay for Women

Washington —(U.P.)— Rep. Edith Green (D-Ore.) introduced legislation yesterday to assure women the same pay rates as men on jobs in interstate commerce.

She told a news conference there are still "glaring and shocking examples of women receiving rates of pay far less than men for equivalent work."

"This not only lowers the standards of pay for women, but by setting up women as unfair competitors to men, it undermines the pay standards of men, also," she said.

House Gets Bill on Salt Water Research

Washington —(U.P.)— The Senate passed and returned to the House yesterday a bill to extend and expand the government's program of research and development on refining salt water for drinking and irrigation uses.

The bill increases from \$6,000,000 to \$10,000,000 the total authorized for the 10-year program which started in 1953. The original program was to last only five years.

The bill goes back to the House for action on changes made by the Senate.

Portland Barbers Talk \$1.50 Hair Cuts

Portland —(U.P.)— Barbers were again talking up the \$1.50 haircut here today.

Charles T. Crane, secretary of the AFL Barbers union, said a mail ballot would be taken on whether to up prices from \$1.25. He said "barbers are not making any money at these prices."

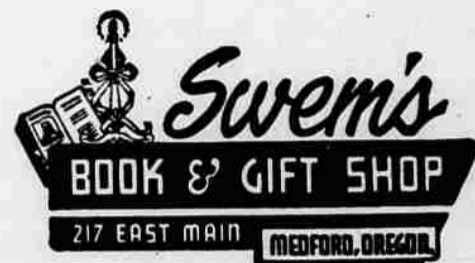

Crane added that Grants Pass and Roseburg barbers upped prices to \$1.50 May 1 and Coos Bay and Klamath Falls have had the higher price for more than a year. Local barbers last year turned down the \$1.50 price.

Here Is The Washer & Dryer That Is Setting Records for Sales & Satisfaction. Of Course, It's KELVINATOR

A New Totally Automatic Washer With 2 Separate Washing Cycles

- 1 For Fine Fabrics and Small Loads
- 2 For Heavy Fabrics and Large Loads

EXCLUSIVE "TEL-A-FABRIC" SIGNAL LIGHT SHOWS WASHING CYCLE SELECTED

You can't make a mistake! Kelvinator's Tel-A-Fabric signal shows you at all times what washing cycle has been selected. Single dial controls entire washing operation of both cycles. Backguard has full-width fluorescent flood light.

It's like having two entirely separate Automatic Washers. The new 1955 Kelvinator has two complete, totally automatic cycles. Set the dial to "Regular Fabrics" for the ideal washing cycle for regular and heavily soiled laun-

dry. Or turn the dial to "Fine Fabrics" and you have another, completely automatic washing cycle just right for sheers, nylons or for lighter mid-week loads. And you'll save almost half the time and half the soap and water, too.

"SHAMPOO WASHING" begins with concentrated suds... washes away stubborn dirt.

"X-CENTRIC AGITATION" one continuous vibrating motion is gentler, completely safe.

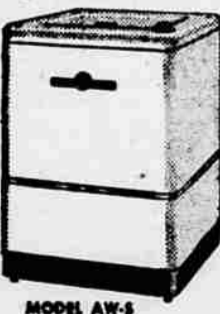

"OVERFLOW RINSING" floats dirt off the top of your clothes—not down through them.

SPECIAL VALUE

KELVINATOR AUTOMATIC WASHER ONLY

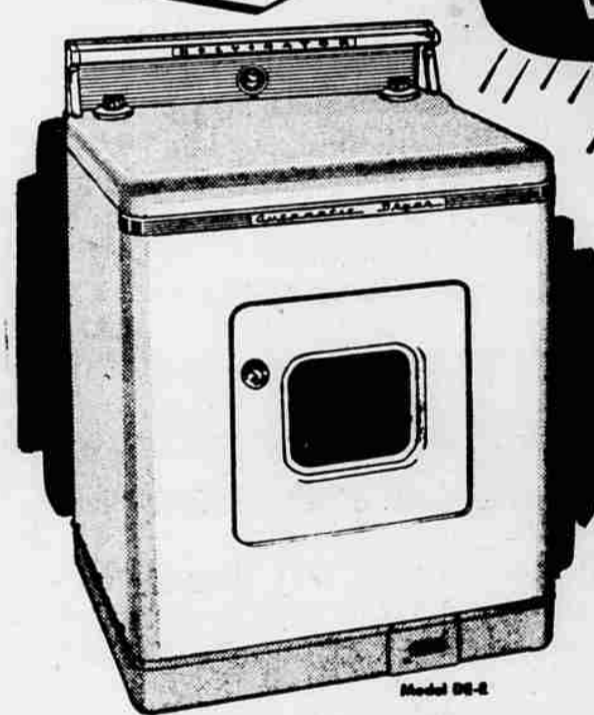

\$199⁹⁵

Budget priced completely automatic Kelvinator Washer offers the three exclusive Kelvinator washing features at left.

NEW KELVINATOR ELECTRIC DRYER

LOOK! BACK PANEL HAS FULL-WIDTH LIGHT

TAKES ALL YOUR WEATHER WORRIES OUT OF WASHDAY!

Yes, here is the quick easy way to freedom from washday weather worries. With this beautiful new Kelvinator Electric Dryer, you can dry clothes swiftly... and safely... regardless of sunshine or rain. It's a perfect mate for the new, 2-cycle totally automatic Kelvinator Washer... and it has new beautiful, colorful styling that will brighten any laundry room. Exclusive full-width fluorescent flood light in richly appointed backguard allows easy sorting of laundry to be dried. Come in today for a free demonstration.

THE ONLY DRYER WITH ALL 3 SAFETY FEATURES

FREE WIRING
