

4,500 Loads Seen As Pear Crop Total Shipment This Year

Approximately 4,500 carloads of pears will be shipped from Medford during the 1955-56 shipping year, according to estimates prepared by Walter D. Jensen, federal-state shipping point supervisor for this area.

Eureka Youngster Making Up for Loss of Meals

Eureka, Calif. — (U.P.) — Seven-year-old Bobby Davenport, who ate nothing but "grass and wild flowers" during the three days he was lost in the rugged Northern California wilderness, made up for it today at St. Joseph's hospital here.

The exhausted child wandered into the Oak Bottom ranger station yesterday while a 50-man party was combing the rugged country above Woolsey Creek. Bobby disappeared late Monday when he went to look for his hat while on a fishing trip with his family north of here.

Hospital attendants said the boy was in "amazingly good condition," despite the fact that he told rangers he had been walking for three days and had not slept because he was afraid of animals.

From what Bobby was able to tell them, authorities said it appears he had made a complete 15-mile circle around the ranger station.

The youngster told his parents he had eaten only "grass and flowers" and had drunk only the water he found on plants because he was afraid he'd fall into the rain-swollen creek.

He said he heard the bloodhounds that had been used in a vain attempt to track him Wednesday, but that he couldn't find them — and besides, he was afraid they might "have kidnapers with them."

Gold Hill

Gold Hill—Recent visitors at the home of Mr. and Mrs. Leonard McMahan and family of Sardine creek were his brother and sister-in-law, Mr. and Mrs. Donald McMahan and a small daughter from Port Lavaca, Tex., and his mother, Mrs. Eliza McMahan, who is still visiting here from Wilmington, Calif. A family dinner was held Sunday at the Leonard McMahan home for his brother Donald and family, his mother, also his sister and family, Mr. and Mrs. Ken Shaw, and their two sons, Jim and Niel, Medford.

Mrs. Carrie Puhl of Garden Row has returned from California where she visited with her son and family, Mr. and Mrs. John Avena, also an old friend of hers, Mrs. Nellie Smith, a former resident of Gold Hill now living at Walnut Creek, Calif.

Eighth graders from Gold Hill who were promoted Wednesday evening, June 1, are Ruth E. White, Leo Gilman, Donna Jean Burnett, Shyla Buchanan, Martha Springman, Ivan Taylor, Larry Eskew, Ladean Waterhouse, Nelda Robbins, Virginia May Munday, Henry Walter, Earl Warne, Herbert Herman, Larry Malone, Suzanne Hood, Bill Manasco, Iva May Govenor, Linda Jennings, Catherine Janell Robinson, Daisy Bennett, Darrell Graham, Jean Govenor, Philip Johnson, Paul Pilcher, Glen Taylor and Earl Stewart.

The Robert Bowen family left for Portland Tuesday, May 31, where their daughter Linda, who fell from a tree last October and is unable to walk because of the accident, will enter the Shrine hospital for treatments. It will not be determined for sometime as to whether she can walk again.

Anyone wishing to send her cards or letters can do so in care of the Shrine Hospital, Portland. The family is only allowed to visit her for 1½ hours each Sunday, so since it is so far away it will be impossible for them to see her very often.

Patricia Bowen, another daughter of Mr. and Mrs. Bowen, was united in marriage to Corky

Cow Palace Said Suitable for GOP Convention

San Francisco—(U.P.)—Republican National Chairman Leonard Hall says San Francisco's mammoth Cow Palace will be suitable for the GOP convention in August, 1956, if for no other reason than that it can be heated.

Describing his reactions on an hour-long tour of the big pavilion yesterday, Hall told 250 state and national party leaders:

"One thing has struck me forcibly, and I am going to take it back to Washington with me to pass on. That was when we were informed the place has excellent heating facilities.

"At most every other convention I can recall, the Republican party never considered the need for a warm hall in August."

The average high temperature in San Francisco in August is 64 and the average low 53. Summer fogs and sea breezes keep the mercury down along much of the immediate Northern California coast.

In a more serious vein, Hall predicted 40,000 visitors will be in San Francisco when the presidential nominating convention opens on Aug. 20 of next year. Of this number, he said 16,000 will attend the daily convention sessions.

"We are organizing this convention on the assumption that Dwight D. Eisenhower's name will be presented," he said.

Lentz, Newberg, Ore., at Reno, Nev., May 23. The couple left Tuesday, May 31, for Sweet Home, Ore., where they will make their home. He is a logger.

Mr. and Mrs. Paul Rasmussen of "Rassy's" garage, have had as recent visitors their son, Paul Jr., and family from Eugene.

Mr. and Mrs. Paul Throne have received word from their son, Marvin, that he had passed the first class examination which he had taken in Manila, making his rating Navy electrician first class.
