Holding Runaways—Two runaway boys, aged 16 and 15, from Cle Elum, Wash., are being held for Washington authorities at Jackson county jail, according to records in the sheriff's office.

Teacher Injured—Dwayne Mitchell, 329 West Jackson st., a teacher at Jackson school, was treated and released this morning at Sacred Heart hospital for a severely lacerated hand, attendants reported.

Rummage Sale—The Grace circle of First Presbyterian church will conduct a rummage sale Thursday, June 9, and Friday, June 10, in the church basement. Hours Thursday will be from 9 a. m. to 5 p. m., and the sale will be held from 9 a. m. to 12 noon on Friday.

Injured at Mill—Lee D. Phillips, Kirby, was admitted to Sacred Heart hospital today for a back injury received while working at the Cas-War Products company at Cave Junction, according to attendants. He was taken to the hospital by ambulance.

Medical Care—Vernon B. Johnson, Central Point, was admitted Sunday to Osteopathic hospital for medical care, attendants reported today. Mrs. A. R. Hedges, 2010 East Main st., has returned to her home after being hospitalized there for three weeks.

FOE Auxiliary—A "white elephant" sale will be conducted by the auxiliary to the Fraternal Order of Eagles when they meet Thursday, June 9, at 8 p. m., in the FOE hall. The sale had been postponed from last week. Proceeds will be used for the ritualistic fund toward expenses of the auxiliary team when they attend a state convention in Roseburg in late June.

Wall Damaged—A wall at the Petron house, scenic ave. and Upton rd., received slight damage from a fire caused by a short circuit Saturday evening, according to Central Point Rural district firemen. They stated that a neighbor spotted the blaze when it had just started and put it out with a garden hose.

Car Fire—City firemen said that a hacksaw shorted across a battery in a Gates Furniture store truck this morning and caused a fire which burned a small hole in the floor mat. The fire occurred about 8:30 a. m. at 1211 East Main st., and a truck from the eastside station was dispatched. Firemen flushed down four gasoline spills from parked cars in downtown Medford during the week end.

To Berkeley—Mrs. W. J. Loar, Hawthorne apartments, plans to leave the end of the week for Berkeley, Calif., where she will attend a reunion Saturday evening of Berkeley High school graduates. The event will be held at the Claremont hotel. Next Sunday she will attend a picnic of former Arroyo Grande residents, when a reunion of Mrs. Loar's family will be held. The picnic will be held at Live Oak park in Berkeley.

WALL STREET
 New York (U.P.)—A United Auto Workers-Ford wage settlement sent industrial shares soaring to a new all-time record high in moderate trading on the stock market today.

Pressure lifted from automobile issues on the belief the Ford contract would become a pattern for settlement without a strike in the industry generally. It was also believed that a steel strike will be averted and steel shares moved up sharply. Steel wage negotiations open tomorrow.

Railroads alone lagged. They almost reached their high since 1929 last week, but slipped back today despite good earnings reports.

Oils turned up with Jersey Standard up a point. Monsanto gained 5 1/2 in a generally higher chemical group. Reynolds paced a jump in the aluminum group. Other metals gained. Glass, pharmaceutical, airline, and special issues record good gains, some to new highs.

Dow-Jones final stock averages: 30 industrials 431.49 up 2.96; 20 railroads 161.00 off 0.31; 15 utilities 64.41 unchanged; and 65 stocks 160.95 up 0.50.

Sales today were about 2,560,000 shares compared with 2,590,000 shares Friday.

Heppner Barmaid Jailed Following Lessard Shooting

Heppner (U.P.)—Mrs. Anna Perkins Avent, 31, a barmaid, was held today on a murder charge resulting from the Saturday night shooting here of Dellmore Lessard, 57, Portland attorney.

Lessard, a former state senator, had come here to talk to Mrs. Avent about custody of her 13-year-old son. He was representing Fred Avent, Mrs. Avent's ex-husband, as legal counsel.

According to state police, Mrs. Avent fired a bullet into Lessard's head in the cafe and bar where she worked after screaming that he had come "to take my boy away."

Immediately Arrested—State Patrolman Laurence Kezar arrested Mrs. Avent about a minute after the shooting. She was taken to Pendleton which was the nearest jail with facilities for women.

Morrow County Sheriff C. J. D. Bauman said Lessard ducked behind a cigarette machine so that the first shot missed him, but the second struck him in the head and killed him instantly.

Sh was to be arraigned at 2 p. m. this afternoon before Justice of the Peace J. O. Hager here.

Lessard was a Democratic state senator from Multnomah county in 1935 and 1937. He was appointed Guatemalan consul for Oregon last year.

Longshoremen Open Protest of Deportation Effort

San Francisco (U.P.)—Pacific Coast Longshoremen began a 24-hour stop work demonstration today protesting the government's attempt to deport Harry Bridges, president of the International Longshoremen's and Warehousemen's Union.

Longshoremen here and in other Pacific Coast ports walked off the docks at 8 a. m. A civil suit charging that Bridges concealed Communist party membership when he became an American citizen is scheduled to open in federal court here June 20.

The longshoremen's walkout is designed to focus attention on two actions which ILWU delegations will take today.

One delegation will visit Immigration Service offices here to protest the coming trial.

Another delegation will seek to present a petition to President Eisenhower at the White House, urging dismissal of the charges against Bridges.

Coroner's Inquiry in Symonds Death Starts

Singapore (U.P.)—A witness testified today how he tried to get police help for United Press Correspondent Gene Symonds after he was assaulted by a mob.

Witnesses also told how a police car drove past Symonds without stopping to help him.

These witnesses were testifying at a coroner's inquiry being held to determine the facts surrounding the death of Symonds, United Press manager for Southeast Asia, May 13 after he was stoned and beaten by a rioting mob.

Ask Full Inquiry—The United Press retained counsel and asked for a full and fair inquiry into the facts of Symonds' murder in the interests of protecting American foreign correspondents everywhere.

The inquiry continues tomorrow. Malayan taxicab driver Abdul Bin Ali, who drove Symonds to the scene of the riot, described the initial assault on him. Ali told how he ran to the police for help.

The police were at a road block approximately 300 yards from where Symonds was first attacked and approximately 200 yards from where he was finally overwhelmed near a street light.

The taxicab driver said he asked police at the road block twice to go to the aid of Symonds but got "no reply" from them.

Crown counsel Harry Best Livingston in his opening statement earlier said the police at the road block had orders to stay there and their only job was to report to headquarters.

The taxicab driver also said when the police car left its original road block position it drove down the street past Symonds.

He said he rode down as far as Symonds on the running board and urged police to stop and help Symonds. He said they only halted for a second and told him to get off, then they continued on.

The taxicab driver estimated it was "25 to 30 minutes" between the time he first spoke to the police and the time two Chinese in a van took Symonds to a hospital.

Billy Graham Has 'Greatest Opening' in Paris Crusade

Paris (U.P.)—American evangelist Billy Graham seemed on his way toward capturing Paris, the city of sophisticated sin.

The preacher from North Carolina began his continental crusade Sunday night before 9,000 persons, 623 of whom made "decisions for Christ."

This caused one of his aides to term it the "greatest opening victory" Graham's preaching mission has ever had.

Cliff Barrows said that although there had been more "decisions" at Wembley Stadium in London, the Paris opening was relatively more impressive because of the size of the audience and the language barrier.

Graham spoke in English to the crowd gathered in the 20,000-seat Palais Des Sports. His rapid-fire phrases were translated immediately into French by Franco-American Baptist minister Jacques Blocher.

Lost Little in Translation—The fiery evangelist gestulated emphatically and often raised his Bible high for added effect. His message apparently lost little in the translation.

Graham's first campaign will last through this week. Posters all over the city have made his name familiar to Parisians, and interest has mounted.

His aides had been worried about his reception in largely-Roman Catholic France. But apparently their fears had little foundation.

Income of Americans Reaches New Record
 Washington (U.P.)—Personal income of Americans rose to a new record rate of \$295,000,000,000 a year in April continuing an upward trend that started last November.

The Commerce Department said the biggest factor in the latest increase was more factory jobs, particularly for people in industries which produce metals, non-electrical machinery and some durable goods.

California Sugar Plant Closed by 1,200-Man Strike
 Crockett, Calif. (U.P.)—The huge plant of the California & Hawaiian Sugar Refining Corporation was closed today as the result of a strike called by 1,200 members of the AFL Sugar Refinery Workers Union.

The strike began Saturday at 8 a. m. when the company refused to meet union demands for a year-long operation, joint trusteeship of a company-sponsored pension plan, inclusion of Easter Sunday as an eighth paid holiday and a \$1000 company life insurance policy for each member.

Milk Deliveries in Portland Resume as Armistice Declared

Portland (U.P.)—Milk trucks were rolling here again today as the result of an armistice in the milk strike that halted deliveries in the metropolitan area for three days.

Markets reported large stocks of milk on hand and milkmen worked overtime delivering to milk-hungry homes.

Meeting Gets Results—A meeting of teamsters and dairy producers Saturday night called by Mayor Fred L. Peterson resulted in a decision to deliver milk while strike issues were threshed out by a fact-finding board.

The still unresolved strike arose when union members demanded a voice in their working schedules and management objected that this was their right. The issue was complicated by the drivers' demand for lockout pay.

The mayor said he would appoint two members to serve on the fact-finding committee with him, one approved by the driver's union and one by the distributors. Three candidates have already been submitted by both sides.

The board would not negotiate, but would file its report within 60 days. The mayor said he thought the findings of the committee would be followed, however.

The strike began Saturday at 8 a. m. when the company refused to meet union demands for a year-long operation, joint trusteeship of a company-sponsored pension plan, inclusion of Easter Sunday as an eighth paid holiday and a \$1000 company life insurance policy for each member.

Negotiations broke up Saturday at 5:30 a. m. in what a union official said was a "perfect deadlock."

Actually, Saturday marked the beginning of the plant's normal four-day shutdown. Hence, the real effects of the strike will not be felt until Wednesday.

Nevertheless, the company began cleaning pipes and tanks last Wednesday in anticipation of the strike. Liquid sugar would sour and corrode the pipes and tanks if allowed to remain in them.

It was the first strike in the union's 20-year history. Four hundred longshoremen at C&H agreed not to cross the picket lines.
