

### Symond's Killers Effort To Seize To Be Continued

Singapore — (U.P.) — Harry Best Livingstone, crown counsel, told a coroner's inquiry into the murder of United Press staff correspondent Gene Symonds today that the investigation and efforts to apprehend the killers will not end when the present inquiry closes.

Livingstone made his statement in an opening address to coroner's inquiry.

He said a number of persons had been arrested in connection with the riots which took place at the time Symonds was killed. He did not indicate that anybody had yet been charged with Symond's murder.

The "investigation will continue" even after the inquiry is over, Livingstone said.

The inquiry went into its second day today and perhaps will be completed tomorrow.

Symonds died May 13 after being assaulted by a mob. He was stoned and beaten in the street and died in a hospital.

One witness testified yesterday he tried to get police help for Symonds after he was attacked by the mob.

Other witnesses told how a police car drove past Symonds without stopping to help him.

The United Press retained counsel and asked for a full and fair inquiry into the facts of Symonds' death in the interests of protecting American foreign correspondents everywhere.

### North Viet Minh Ready To Discuss Elections

Tokyo — (U.P.) — Radio Peiping reported today that Communist North Viet Minh is ready to begin talks with South Viet Nam on Indochina's nationwide elections scheduled for 1956.

The broadcast heard here quoted Vice Premier Pham Van Dong as saying the withdrawal and transfer of opposing troops in Indochina had created the "necessary basis for the achievement in the near future of a political settlement in Viet Nam."

### GOOD DEED

### Stranger Followed Directions To Letter

Covington, Ky. — (U.P.) — Michael Toth, 52, asked a stranger Monday for directions to Booth Hospital.

"Walk straight ahead . . ." was the reply and that's what Toth did. He walked straight down Garrard st., right into the Ohio river.

Police rescued him 30 yards from shore and jailed him for drunkenness.

O SLEEP, why do you leave me? Why your visionary joys remove? O sleep, again deceive me, To my arms restore my wandering love.

—Congreve.

There are about 80,000 dentists in the United States. Only about 1,100 are women. An unusual number of feminine doctors of dentistry are red haired. Why so many flaming tressed females have chosen dentistry as a career, I cannot say. I have asked our Horses and Women experts to check. All feminine dentists strongly object to being referred to as "lady dentists." Keep that in mind, sir, if you are ever going to have your teeth given a going over by a red haired feminine doctor of dentistry.

San Francisco girls are second. . . Q. Are you familiar with a poem about neckties titled "Give Me a Wild Tie, Brother"? A. Believe it was written by Stoddard King. Same fellow who wrote the hit song, "There's a Long, Long Trail."

### Bride's Figure

As for a woman in her 40s retaining her "bride's figure," I heard of one who has exactly the same measurements as her two daughters, both in their early 20s. This streamlined mother and her two daughters wear each other's clothes. Their measurements are bust, 34; waist, 24; and hips, 34.

### Get It Right

Note the current stage hit, "Damn Yankees," described as "the first baseball musical comedy." That's wrong. There was one titled "The Umpire," starring Edmund Hayes. Also, at the old Hippodrome, a musical show was produced in which a baseball diamond with players in action was shown on the stage.

### Heartthrobs

Discussing the current cinema heartthrobs, a somewhat sophisticated and very experienced woman observed, "Women like he-men, and the cinema actors who are most popular with feminine audiences continue to prove it. The craze of the present day woman for actors is enlightening. It shows how intensely most women are bored with their husbands. Most modern men are all nerves and no passion."

### Asides

Know a young woman who is to be a June bride? Included in her wedding presents should be a copy of that helpful book by Linda Marvin titled "Housekeeping Made Easy." . . . What's the record for a long wait for a first child? An Illinois couple had their first child after thirty years of marriage. Father was 56 at the time. Mother 47. It was a boy.

### Character Analysis

What is the extent of your belief in the reading of character by handwriting? One organization in Chicago employs a handwriting expert in its credit department. He looks over the letters of applicants for credit and then decides by the handwriting whether or not the applicant is a good risk.
