Lumber Products Earnings Under Mark for 1953

Salem — (U.P.)—The lumber strike during the third quarter of 1954 adversely affected the entire economy of Oregon for that period, according to the State Unemployment Compensation Commission.

Lumber and wood products earnings fell short of 1953 by more than \$13,000,000. Payrolls in Oregon's main industry, due to the strike, declined to \$82,493,000 in the third quarter, compared to \$97,625,134 for the third quarter of 1953.

Construction also dropped and the report of the commission said the low quarter during the strike accounted for most of the difference in this industry.

Gain in Late Months

Settlement of the strike and return to work by loggers and others associated with the wood industry resulted in a gain of five per cent in payrolls during the last three months of the year.

While payrolls showed a loss of 5.8 per cent during the third quarter over the same period a year before, totalling \$330,303,160, the payrolls during the last quarter climbed to \$341,635,647.

The report said that food processing practically held to the 1953 figures, losing only \$128,000 to a total of \$61,546,102.

Biggest Gain

Increases were reported by paper products, printing and publishing, coal and petroleum, primary and fabricated metals, electrical machinery, professions and scientific instruments, ordnance and miscellaneous manufacturing.

Biggest gain—nearly \$3,000,000—came from fabricated metal products, which reported a record \$22,279,649 in payrolls. Transportation, communications, utilities and trade general had lower payrolls.

Legislative Jam Delays Oregon Bills

Washington — (U.P.)—Committee consideration of two Oregon-sponsored bills for partnership construction of three dams in the state has been held up temporarily by a legislative traffic jam.

Rep. Harris Ellsworth's Cougar and Green Peter dam bill and Rep. Sam Coon's John Day bill are both snowed under in the House Public Works Committee.

Ellsworth's measure has been approved by a sub-committee and now must go before the full committee. Coon's bill must yet come before the rivers and harbors subcommittee.

Committee officials said they had "no idea" when the bills would come up, but stated no effort has been made to stall the measures.

Butte Falls Church Files Incorporation

Salem — (U.P.)—Articles of incorporation have been filed for the Butte Falls community Bible church of Jackson county. They were signed by Mrs. B. T. Fredenburg, Mrs. L. C. Richman and Mrs. N. B. Stoddard.

JUDGE FINES WIFE

Trenton, N. J. — (U.P.)—Traffic Court Judge Casimir E. Bugdo was a bit startled Monday when he looked up from the docket to see his wife, Margaret, standing before him, charged with passing a school bus. The judge attentively heard the case out—and fined his wife \$15.
