WALL STREET

New York — (U.P.)—Industrial shares continued to push further into the stratosphere today. The industrial average set a new all-time high at a level nearly 120 points higher than a year ago and 69 points higher than the 1929 record.

Railroad issues made a better percentage raise than the industrial and reached their best level since Oct. 26, 1929. Utilities gained a few cents.

Net gains ranged to more than 7 points and the best performer of the whole market was one of the bluest of the blue chips, Du Pont, which reached a new high at 217. That rise alone was a main factor in the spurt in the industrial average.

Dow-Jones final stock averages: 30 industrials 448.82, up 1.45; 20 railroads 163.26 unchanged; 15 utilities 64.41 off 0.03; 65 stocks 165.07, up 0.27.
