**FALSE** though she be to me and love. I'll ne'er pursue revenge: For still the charmer I approve though I deplore her change. In hours of bliss we oft have met; They could not always last; And though the present I regret I'm grateful for the past.

—William Congreve.  
How much does the weight of a mother affect that of her child at birth? Dr. Effie Lobdell of Chicago once reported she had officiated at a blessed event in which the mother weighed 745 pounds and the father 304. The newly born infant weighed nine pounds.

**Tipsters**

Waitress of long experience says the most generous tipsters in the order named are: 1—Motion picture directors; 2—race horse owners and trainers; 3—newspapermen. As for the worst tipsters she says they are: 1—Baseball players; 2—barbers; 3—women.

**Asking**

Queries from clients. Q—Was 1900 a leap year? A—No, sir. . . . Q—What are said to be the ideal measurements for a dress model? A—Bust, 35; waist, 23; and hips, 35. Height, 5 feet 8. Weight 120. Should also have small hands, long legs. . . . Q—What's the "youngest mother" record for the United States? A—Could not say definitely. However, not so many years ago a 10 year old girl became a mother in California. To be exact, she was ten years and nine months old.

**Asides**

A recording of "Auf Wiedersehen" by Vera Lynn is said to have sold about three million copies and netted Vera royalties amounting to nearly \$100,000. . . . It is not beyond the range of probability that the Brooklyn Dodgers baseball franchise will be sold to Los Angeles.

**Passing By**

Mary Magdalena Von Losch Sieber. Professionally known as Marlene Dietrich. She has been married to the same man, Rudolf Sieber, for thirty-one years. She has been a film star for twenty-five years. She began her entertainment career as a violinist.

**Hoze and Women**

"A pretty foot is one of the greatest gifts of nature," said Goethe. No doubt he was right. I never have been much of an observer of women's feet. However, I can appreciate the beauty of a woman's hand. I believe the shape of a woman's hand can be an indication of her character. That is, as to whether she is intelligent, artistic, well bred and has good taste.

**Almost Confidential**

Am asked how high above the East River is the place on the Brooklyn Bridge from which Steve Brodie is alleged to have jumped. Answer is 135 feet. . . . The best rendition of a comic song I ever heard was Vesta Victoria singing "Waiting at the

Church." Second best, Fannie Brice singing "Sadie Salome Go Home." Third, Lisa Kirk singing "Always True to You in My Fashion."

**Picturesque**

In the yesteryear in Japan only bachelorettes wore red petticoats. That was one of the ways a young woman made it known she was single. Quite a picturesque idea. Wonder how it would work out in this country. Anyway, a group of bachelorettes might get together and form an organization known as "The Red Petticoat Club." They could wear red petticoats on the occasion of their annual dance.

**Committee Okays U. S. Debt Ceiling**

BY UNITED PRESS

The House Ways and Means Committee has voted for a federal debt ceiling which Treasury Secretary George M. Humphrey said will make it impossible to cut taxes or boost spending in the next 12 months. The committee unanimously approved an administration request that the ceiling, now temporarily set at \$281,000,000, be continued for another year. The debt now is pushing \$275,000,000,000, the so-called permanent level to which the ceiling is scheduled to drop at midnight Thursday.

Humphrey agreed to ask extension of the temporary limit because he figured he couldn't get congressional approval of a higher figure for either the temporary or permanent lid. But he said it would "leave absolutely no room" in the next year for either tax cuts or spending hikes.

**Pension Eligibilities Reported by Officer**

Veterans over 65 years of age, who have served 90 days or more, who were discharged under conditions other than dishonorable, and who can meet other requirements, are eligible for a monthly pension of \$78.75 according to county veterans service officer Charles D. Holbrook. Further information can be obtained from Holbrook's court house office, telephone 7-7261.

**SILVER DOLLARS**

Washington—Most of the silver dollars now in circulation were minted between 1921 and 1927. The minting of silver dollars was suspended in 1935, making the coins something of a curiosity.
