

British Columbia Logger Winner of US Birling Title

Spokane, Wash. — (U.P.) — A British Columbia logger took the national birling championship out of the United States yesterday for the first time in the history of the national roleo event.

Ardiel Wickheim, Sooke, B.C., flipped Russ Ellison, Aberdeen, Wash., from the floating log for two straight falls to win the men's title.

Virginia Hansen, 22, Toutle, Wash., dumped 17-year-old Elizabeth Wamboldt, Greenfield, Nova Scotia, in two-out-of-three tries to win the 1955 women's birling title. Miss Hansen was the 1953 champion and her sister, Charlotte, won the 1954 title.

Consolation Round
In the men's consolation birling, Mark Olsen, Escanaba, Mich., defeated Jabel Wickheim of Sooke. Sam Harris, Kelso, Wash., rolled Elmer Swanson, San Fernando, Calif., off the log in the oldtimers' division.

A team of Jim Running, Longview, Wash., formerly of Eau Claire, Wis., and Arbutus amoureux, Ladysmith, Wis., won the trick and fancy birling championship. Miss Wamboldt and her 15-year-old sister, Janet, placed second.

West Should Recognize Reds, Douglas Declares
Tokyo — (U.P.) — U. S. Supreme Court Justice William O. Douglas said today the West should recognize Communist China and that the United Nations Security Council be given to some other Asian nation.

Douglas arrived in Tokyo Sunday en route to Calcutta, India, where he will deliver 12 lectures from July 4 to 20 at Calcutta.

MEDFORD (OREGON) MAIL TRIBUNE—SEVEN

Police Hold Portland Man Following Shooting

Portland — (U.P.) — Paul K. Lowe, 30-year-old laborer, was held today in connection with the wounding of his ex-wife and a friend of hers with a shotgun Saturday.

Lowe was arrested without resistance in downtown Portland with the shotgun tucked down his trouser leg. Several officers had gone to his ex-wife's home after receiving a report of the shooting but Lowe had gone.

In a statement signed before Detectives Tom Tennant and John Hunt yesterday, Lowe admitted the shotgun went off while he and his ex-wife, Flora McDowell, were struggling. She was wounded in the thigh and Perren Terhune, 41, was splattered with pellets. Both were treated at a local hospital.

Search of Reservoir For Bodies Postponed

Salem — (U.P.) — Search for the bodies of two Detroit, Ore., boys who drowned in Detroit reservoir following an auto crash a week ago Saturday, will probably be postponed until next fall, state police said today.

The boys, John Wallace, 17, and Richard Jennings, 14, were presumed drowned when a car driven by 41-year-old James A. Jennings plunged through a guard rail and down 172 feet into the lake. Bodies of the elder Jennings and his son, Leo, 15, were recovered last Tuesday.

U.N. Speeches Reflect Tone Of Cautious Hope for Future

By GEORGE COFFEY
United Press Correspondent
San Francisco — (U.P.) — The United Nations began its second decade today with diplomats of its 60 member nations more than ever determined to keep the world at peace.

This determination to work for peace — and to work hard for it — was the stated aim of speakers who addressed the 10th anniversary meeting of the UN here.

Every speaker — and there were 73 of them — agreed that the United Nations still represents the best and possibly the only hope for a permanent and lasting peace.

The final sessions of the UN's 10th birthday observance came to a close Sunday with a minute of silent prayer. Then the delegates scattered to their homes

and diplomatic posts all over the world.

Dr. Eelco N. Van Kleffens of the Netherlands, who presided over the sessions, summed up the feeling of the delegates:

Phoenix

Phoenix — Mr. and Mrs. Dee Parker from Tokete Falls visited at the Chet Parker home on Sunday, June 19.

Mr. and Mrs. Walter Foote and son David and daughter Carol of Redmond were guests of Mr. and Mrs. Bert Stancliffe this week. They plan to locate here as Foote will be foreman of the Grange grain elevator at Central Point and Mrs. Foote will teach at Central Point.

Mr. and Mrs. L. E. Young from Wichita Falls, Tex., visited at the home of Mr. and Mrs. Bert Stancliffe last week. Mrs. Young is a former valley resident. They also called at the Walter Germer home, the E. A. Parker home.

Mrs. Claude Smith is in the Community hospital in Medford. Her condition is considered fair and she may have visitors now.

A shower was given for Keith Thompson whose wedding to Miss Barbara Walker of Albany will be an event of July 10 at Albany. The shower was at the home of Mrs. Bertha Cobligh Thursday. Prizes were given and Mrs. Elva Clafin, Mrs. Enid Caster, and Mrs. Myrtle Hixson assisted with the serving.

The Thursday club met at the home of Mrs. Marie Fisher Thursday for a covered dish luncheon. A very enjoyable time was had by all and it was decided to have the July 21 meeting at the Community club picnic grounds. Chairman in charge is Mrs. Maggie Germer.

Kay and Charles Fisher are back home after enjoying a vacation spent with relatives, Kay going to Los Angeles to visit her Grandmother Fisher and her aunt and uncle, Mr. and Mrs. Gordon Evans, and Charles visiting an uncle, M/Sgt. Robert Loomis, stationed at Fairchild Air Base in Washington.

Mr. Harmon of the Phoenix Feed and Seed store is selling all the stock in his store and is quitting business. He has no plans for the future as yet.

"All members . . . have reaffirmed their common determination to save succeeding generations from the scourge of war."

"They have pledged themselves equally to press forward in the search for agreement on a disarmament plan that can provide a greater measure of security to the nations and remove the threat of atomic destruction from the world . . ."

"The difficulties before us are as evident as the dangers and disappointments of the past. But we have the charter as our guide, the charter which prescribes that the United Nations shall be used as a center for harmonizing the action of member states."

Although the UN meeting here was supposed to be purely commemorative, the Big Four foreign ministers conferred on vital issues in the cold war and the forthcoming "summit conference" at Geneva.

At a meeting last Monday night, U. S. Secretary of State John Foster Dulles, British Foreign Secretary Harold MacMillan and French Foreign Minister Antoine Pinay presented proposals to Russian Foreign Minister Vyacheslav M. Molotov about procedures to be followed at Geneva.

Molotov accepted the proposals almost exactly as the West presented them.

Cautious Hope for Future
Speeches the nations delivered reflected in general a tone of cautious hope for the future.

MacMillan spoke of the "lifting of the cloud" which had obscured previous talks among cold war participants.

On Wednesday, Molotov spoke of encouraging developments in international relations, but he called on the West to give up its regional military alliances.

Pinay and Dulles said they would not and could not, at least right now.

Dulles said the diplomatic atmosphere apparent at the UN "could mark the beginning of an era," provided Russia shows with acts that she is sincerely interested in lessening tension.

Oregon Follows Trend In Wheat Election

Portland — (U.P.) — Oregon farmers followed a nation-wide trend Saturday in approving wheat marketing quotas by a favorable margin of 74.2 per cent.

With 29 of Oregon's 36 counties voting, farmers favored the quotas 2592 to 800.

Umatilla, the state's largest wheat county, voted in favor of government controls 533 to 202.

Willamette valley counties gave the quotas a favorable margin, but they failed to pass in Baker, Clackamas, Columbia, Douglas, Grant, Harney, Jackson, Klamath, Union, Wheeler and Benton counties.

Approval by 66.7 per cent was required to carry.

Red Hearing Slated In Los Angeles Area

Los Angeles — (U.P.) — A subcommittee of the House Un-American Activities Committee today opened a five day public hearing to investigate suspected Communist activity in Southern California.

Committee counsel Frank Tavener said the first of approximately 40 witnesses would be persons connected with the motion picture industry. He declined to identify them in advance of their appearance.

Rep. Clyde Doyle (D-Calif.), presides over the three man subcommittee. Sitting with him are Rep. Donald Jackson (R-Calif.) and Rep. Morgan Moulder (D-Colo.).

Four Given \$400,000 For Nuclear Process

Washington — (U.P.) — The Atomic Energy Commission Saturday awarded \$400,000 to four nuclear scientists in return for all rights to plutonium separation processes they developed.

Receiving the award were Dr. Glenn T. Seaborg and Emilio G. Segrè, University of California and Joseph W. Kennedy and Arthur C. Wahl, Washington University, St. Louis, Mo.

AEC Chairman Lewis L. Strauss said the experts developed the processes prior to engaging in government atomic contracts. Patent applications had been filed secretly between 1945 and 1947.

Indonesian Army Defies President

Djakarta, Indonesia — (U.P.) — The Indonesian Army today defied President Sukarno and the Cabinet and refused to accept a new army commander appointed by the government.

All top army officers boycotted the installation ceremony of Maj. Gen. Bambang Utuyo as chief of staff, and a few hours later the acting army commander announced he would refuse to turn over his duties to Utuyo.

NAMED QUEEN

Klamath Falls — (U.P.) — Marie Micholson, 16, daughter of Mr. and Mrs. Stewart Micholson of Fort Klamath, was crowned queen of the 1955 Klamath basin roundup yesterday.

London — (U.P.) — Radio Moscow said yesterday that Russia's state publishing house has just passed 12 volumes of the outstanding works by American author Theodore Dreiser.
