

### Pinnacle Directors Mourn Passing of Reginald Parsons

The board of directors of the Pinnacle Packing Co., Inc., this week adopted a resolution mourning the death recently of Reginald H. Parsons, of Seattle and Medford, who was the president of the firm.

The resolution follows:

WHEREAS, Reginald H. Parsons, familiarly and lovingly known to us as "Reg," a most highly respected and patriotic citizen of Seattle, Washington, who for many years has had extensive interests and has contributed to many charitable and civic enterprises; and

WHEREAS, he was recognized as and was a highly talented, most capable and efficient business man, and at all times was ever faithful to his friends and associates and to the high ideals of sterling moral fibre and was a devoted husband and father;

WHEREAS, this corporation, the family of Reginald H. Parsons, and the neighbors and friends, as well as the general public, have suffered a great loss by reason of his death;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of Pinnacle Packing Company, Inc., that we will ever cherish the memory, friendship and unblemished reputation of Reginald H. Parsons, and the example set by him for honesty, integrity, faithfulness and application both to private and public duty, and the many virtues displayed by him both in public and private life, and we deeply mourn his loss and feel that we have lost a most close friend and associate, and the public a noble respected citizen, and BE IT FURTHER RESOLVED, that a copy of these resolutions be spread upon the minutes of this Board and copies presented to the family and press for publication.

### Wall Street

New York — (U.P.) — Steel issues bounced high today when the union and U.S. Steel arrived at a wage agreement which would end the 12-hour strike in the steel industry.

The steel rise brought an enthusiastic response from the entire market where trading increased sufficiently to cause ticker lateness for a brief period around noon.

Oil issues mounted quickly. So did metals and chemicals. Other departments followed in a more orderly fashion until the whole list showed gains of 1 to 3 points.

Then the inevitable profit-taking in advance of a three-day holiday set in. It reduced gains but the market ruled higher through the day.

Dow-Jones final stock averages: 30 industrials 453.82 up 2.44; 20 railroads 161.42 up 0.47; 16 utilities 64.48 up 0.14, and 65 stocks 165.54 up 0.69.

Sales today were about 2,540,000 shares compared with 2,370,000 shares yesterday.

Today's closing prices on selected stocks:

Farmers Market — (U.P.) — Best Willamette valley strawberries brought \$2.50.

### Portland Police Seek Toothless Gunman

Portland — (U.P.) — A toothless young man drank six beers for "courage" yesterday and then held up a Portland tavern of about \$150. The gunman handed a note demanding the money to proprietor Mrs. Helen Doran after finishing his last glass of beer and "shoved a big black gun" in her face.

### Army Sets Up New Anti-Aircraft Area In Western States

Colorado Springs, Colo. — (U.P.) — The West Coast region and the vast central portion of the United States today were named regional Army anti-aircraft commands in a move designed to protect America with a "steel ring" against possible enemy bombers.

Lt. Gen. S. R. Mickelsen, commanding general of the Army Anti-aircraft Command at nearby Ent Air Force Base, said the designations followed a policy of gradually integrating all army units allocated to the air defense of the nation into compact, workable administrative regions.

Mickelsen said the West Coast region was designated as the Sixth Anti-aircraft Regional Command with headquarters at Fort Baker, Calif. The command will be headed by Maj. Gen. Hobart Hewett and will supervise the Nike guided missile and anti-aircraft artillery defenses of such vital cities as Los Angeles, San Francisco and Seattle.

Mickelsen said the Central Anti-aircraft Regional Command would be headquartered at Grandview Air Force Base, Missouri, under the command of Col. Donald J. Bailey. That command will coordinate defenses ranging from Carswell Air Force Base, Texas, to Ellsworth Air Force Base, South Dakota, he said.

### Revised Flight Times Listed by Southwest

Southwest airways has announced two schedule changes effective today for Medford flights according to Malcolm Dickerman, Station Manager. The new flight times provide earlier arrivals in San Francisco and better connections for continuing trips, he said.

The early morning southbound Flight 31 will leave here at 5:50 a.m. and will arrive San Francisco at 9:52 a.m. via Crescent City, Eureka-Arcata, Santa Rosa and Oakland. The late afternoon southbound Flight 35 will leave at 4:30 p.m. and will arrive in San Francisco at 8:30 p.m., along the same route. The two midday southbound flights, 23 and 23, remain unchanged, departing at 11:35 a.m. and 12:50 p.m. with arrival in San Francisco at 3:42 p.m. and 4:54 p.m.

### Knowland Proposes Hot 'Cold' War

New York — (U.P.) — Sen. William F. Knowland (R-Calif.) today proposed a "hot" cold war to halt Communist aggression. Knowland outlined his strategy in an article in the July issue of the Catholic Digest, released Thursday. He charged that the U.S. has so far substituted gullibility and fear for common sense in its fight against international Communism.

Knowland's proposals included an announcement to the world the U.S. limits of appeasement have reached and that this country intends to retreat no further in the face of aggression.

### Popsicle Money Needs No Accounting

Chicago — (U.P.) — Judge Elmer Halmgren ruled Thursday that Mrs. Dorothy Kratochvil, 37, doesn't have to account to her ex-husband for the popsicles she buys her five children. The former husband, Charles Stanek, had complained that she was using part of his \$20 weekly support payment for his two sons to buy popsicles for her three other children by another marriage.

### Judge Turns Down Defense Motion In Overross Trial

Salem — (U.P.) — Defense attorneys asked that all testimony based on the questioning of Casper Overross concerning the fatal shooting of Ervin Kaser near Silverton that was taken between the time officers entered the Overross cabin in Silverton until his release be stricken from the record of his murder trial. Defense attorneys moved that the testimony be stricken on grounds that Overross was illegally held from about 2 a.m. until about 10:35 a.m. Feb. 18. Kaser was shot to death as he sat in his car in the driveway of his home near Silverton on the night of Feb. 17. Motion Denied.

The defense motion was denied by Circuit Judge George Duncan, just before the rifle which the state says was the murder weapon was introduced in evidence. Larry Wacker, 12, of Salem, took the witness stand and testified that he found the rifle, which he identified on the witness stand from the serial number, from Pudding creek on Mother's day, May 8. Neil Beutler, 11, and Ralph Beutler, 9, said they were looking in the creek for fish and crawfish when Larry spied the butt of the gun at water level and pulled the rifle out of a few inches of water.

### Mine, Mill Smelter Workers Go on Strike

Denver — (U.P.) — Mine, Mill and Shelter Workers in non-ferrous metals industries spanning the United States began their biggest walkout since 1951 today after union contracts expired at midnight. The strike, engineered by the International Mine, Mill and Smelter Workers Union Inc., was centered mainly in the West, particularly in Arizona, New Mexico, Utah and Montana. But installations in 16 states from the Atlantic to the Pacific, involving an estimated 60,000 union workers were involved.

Hopes for Settlement — Rod Holmgren, a mine-mill official, estimated that there were from 40,000 to 50,000 workers off the job. However, he said the union had "genuine hope of some kind of settlement sometime during the day."

At Perth Amboy, N. J., 1800 employees of the American Smelting & Refining Co. went on strike at 6 a.m., and other walkouts followed in rapid-fire order.

In Contra Costa County, Calif., 750 workers struck the Selby plant and the federated metals Division of American Smelting & Refining.

Approximately 2500 were idled at the Santa Rita mine and the Hurley mill and smelter in New Mexico after negotiations with the Kennecott Copper Corp., bogged down.

Strike in Arizona — At Hayden, Ariz., 180 workers

### Maritime Group, Union Negotiations Go Into Recess

San Francisco — (U.P.) — Negotiations between the AFL Seafarers International Union and the Pacific Maritime Association were in recess today while shipowners studied the union's wage proposals. The union is seeking a master contract for 6000 unlicensed seamen aboard West Coast ships. It offered two proposals yesterday at the first meeting between the two sides. One proposal would increase the monthly base pay from \$302 to \$450, but would eliminate penalty pay. The other was for a straight across-the-board increase ranging upward from \$35 a month.

The union also proposed that wages for cooks and stewards be brought up to the level of sailors and engine-room workers. Shipowners asked for a recess until Wednesday to decide which approach they favor — the new one without penalty time or the traditional approach.

The union told J. Paul St. Sure, president of the maritime association, that it would spell out its new approach in detail if the PMA decides it is interested.

### Women Pilots Set For 'Puff' Derby

Long Beach, Calif. — (U.P.) — Women pilots and their crews put the finishing touches today on 54 aircraft set to take off tomorrow for Springfield, Mass., in the ninth annual "Powder Puff" Derby.

The first plane in the handicapped event was scheduled to leave here at 9 a.m. (PDT). Planes will depart in one-minute intervals.

This year's all-woman transcontinental air race is the longest of the nine-a distance of 2800 miles. The route goes through Blythe, Calif., Phoenix and Tucson, Ariz., El Paso, Midland and Wichita Falls, Tex., Tulsa, Okla., Springfield and St. Louis, Mo., Terre Haute, Ind., Dayton, O., Wheeling, W. Va., and Reading, Pa.

Race officials said 92 pilots will participate. Midland, Tex., and Reading, Pa., were designated "must" stops for all contestants. All contestants will be required to clock in at one of the official stops one-hour after sun-down at one of the route cities and remain there overnight.

### Two Men Jailed on Drunk Driving Charges

Ted Amos Bates, 52, Shady Cove, was arrested by state police and jailed Thursday evening. He was booked on charges of driving while under the influence of intoxicating liquor, and failure to leave his name at the scene of an accident.

The police officer reported Bates was arrested shortly after an accident where the car he was driving struck the rear of one driven on the old Crater Lake highway by Gwendolyn Wilson, Table Rock rd., who had signalled for a left turn and slowed down. Officers said Bates left the scene immediately, but was arrested a few minutes later at the home of a relative in Eagle Point.

Another driver, Raymond Wayne Hicks, Grants Pass, was arrested south of Talent last evening and jailed on a drunk driving charge.

### American Admirer Sends Check to Diem

Saigon, Indochina — (U.P.) — South Viet Nam's Premier Ngo Dinh Diem received a \$5 check Thursday from an American admirer to help him in his "fight against Communism."

Officials at the premier's office identified the sender as a Miss Georgine Roberts of Florida. The check was accompanied by a brief message saying "This symbolic gift is to aid you in your fight against Communism. We are praying for your success."

### Restraining Order Against Dam Issued

Olympia — (U.P.) — A restraining order against Tacoma City Light in connection with construction of a dam at Mayfield on the Cowlitz River was modified by Thurston County Superior Judge Charles Wright yesterday.

The judge said the city would go ahead, at its own risk, and carry out issuance of \$15,000,000 in bonds it has sold on the project, and at the same time do preliminary engineering work and establish an access road to the dam site.

A hearing on whether a permanent injunction against construction of the dam shall be issued is set for Aug. 8.

### Alcoholic Anonymous Open International Convention

St. Louis — (U.P.) — More than 5000 members of Alcoholics Anonymous, dedicated to staying sober and helping others get that way, today began the A.A.'s first international convention in five years. The three-day meeting commemorates the 20th anniversary of the organization which tries to put alcoholics on the water wagon by bringing them together with others who have already licked the bottle.

The convention business sessions will be devoted to workshop sessions and to reviewing the growth of the fellowship from two members in 1935 to more than 150,000 recovered alcoholics today.

Bill W. Steps Down — The climax will come at the final meeting Sunday when Bill W., the A.A.'s surviving co-founder, will ask permission to step down from leadership. Bill's full name is masked in keeping with A.A.'s traditions of anonymity.

The A.A. came into being after Bill W., a New York broker, had "miraculously achieved sobriety" on his own.

Bill W. discovered that his yen for heavy drinking vanished when he worked with other problem drinkers. But, when a promising business venture fell through, he was tempted to hit the bottle again.

Safe In Companionship — Seeking another alcoholic to talk with, the broker ran into Dr. Bob S., an Akron, Ohio, surgeon who had drunk away his practice.

Dr. Bob sobered up and stayed dry as a result of his meeting with Bill W. Then, to insure their own sobriety, the two men started to work with other alcoholics in the Akron area.

The movement has spread across the country since then and has become one of the surest refuge for the person who can't stop drinking by himself.

Members are pledged to turn out at any hour to help someone who feels the old urge for a drink coming on. Their guiding rule is that there can be no such thing as "just one" drink for them, since once an alcoholic starts drinking he can't stop.

### Second Ball Puzzles Golfer

Knoxville, Tenn. — (U.P.) — Fred Smith was a bit startled when he made a short putt on a course near here and two golf balls dropped into the cup.

Earl Helms, teeing off 225 yards behind Smith, had scored a hole-in-one on the par-four hole.

### \$500 Reward Posted By Smith Family

Eugene — (U.P.) — A \$500 reward has been posted by the family of Earl Smith, 62-year-old Sacramento, Calif., auto dealer, for recovery of his body from the McKenzie river. Smith has been missing since Monday when a boat carrying him, a river guide and another Californian apparently capsized in the turbulent stream. Bodies of the other two have been recovered but search parties, which employed an Air Force helicopter, have been unsuccessful in the search for Smith's body.

The reward was posted by Charles Smith of Turlock, Calif., brother of the missing man.

### FOUND INNOCENT

La Rochelle, France — (U.P.) — A U.S. court martial found Pfc. Carlos Matta of East Chicago, Ind., innocent Thursday of the knife slaying of a fellow American soldier. The board took 10 minutes to reach its decision in connection with the June 6 stabbing of Pvt. Guy K. Lambert of Chickaw, Ala.

### Mosquitoes Plague Portland Region

Portland — (U.P.) — Mayor Fred Peterson of Portland today appealed to Clark County, Wash., officials to join a mutual defense pact with counties in the Portland metropolitan area against "countless thousands" of mosquito invaders.

Mayor Peterson said the Aedes floodwater mosquitoes were reared in Clark County, across the Columbia river from the Portland area.

John H. Huber, insect abatement supervisor here, said Clark county had 15,000 acres of excellent breeding grounds for the Aedes. He estimated it would cost between \$5000 and \$8000 to spray the area to destroy mosquito larvae before they can mature.

Mayor Peterson said that while "some of the mosquitoes stay home and sting people in Vancouver, a good portion of them migrate to Portland."

### Contract Awarded for Right of Way Project

Portland — (U.P.) — Zachary Construction Company, Everett, Wash., has been awarded a \$147,675 contract for clearing 29.5 miles of right of way for two transmission lines, Bonneville Power Administration announced today.

The transmission lines involved were the Sandy-Oregon City sections of the 287,000-volt Big Eddy line and the 345,000 volt Big Eddy-Bethany line.
