

## 4-H Community Fairs Scheduled; First Is Shady Cove Saturday

The first in a series of six community fairs to be held before the annual county 4-H and FFA fair in August is scheduled for Saturday at the Edward Houston residents at Shady Cove.

Taking part will be members of all 4-H clubs in the Upper Rogue area.

The Upper Rogue community fair is scheduled to start at 1 p.m. The program will include home economics exhibits, livestock judging, and showmanship.

Purpose of the community fairs is to give youngsters practice in judging and showmanship. Other community fairs are scheduled at Bellview-Val-

ley View, Central Point, Gold Hill, Antelope, and Applegate. Plans for the home economics phase of the county 4-H and FFA fair, scheduled for Aug. 17 through 20 at the county fairgrounds, were made yesterday at a meeting of the county fair home economics committee.

Under the program set up by the committee, home economics exhibits will be due at the fairgrounds on Sunday, Aug. 14, with judging scheduled for Monday, Aug. 15.

Style review judging will start at 9 a.m. on Tuesday, Aug. 16, and will last until noon. Also scheduled for Tuesday are a clothing judging contest, to start at 10 a.m., and foods judging, starting at 1 p.m.

The fair will be open to the public Wednesday through Saturday. Special contests and demonstrations will be held each day starting at 1 p.m. The style review and special awards program will be held Saturday night.

Members of the county fair home economics committee are Mrs. Dorothy Mallory, Antelope, chairman; Mrs. Ada H. Jones, Gold Hill; Mrs. Maxine Chapman, Valley View; Mrs. Edward Johnston, Ashland, and Mrs. Fred Farlow, Eagle Point.

## FBI Use in Probe Of Dixon-Yates Dispute Rapped

Washington — (U.P.) — Democrats in Congress today denounced as "a police state Gestapo act . . . an outrage . . . utterly ridiculous . . . terrible" the use of the FBI to investigate the intentions of Memphis officials in the Dixon-Yates controversy.

Senate Democrats demanded a full explanation from Atty. Gen. Herbert Brownell Jr., as to why he directed the top federal criminal law enforcement agency to find out whether Memphis officials really intend to build a municipal steam power plant.

**To Request Appearance**  
Sen. Estes Kefauver (D-Tenn.) said he will ask Brownell to appear soon before a Senate Special monopoly subcommittee for questioning about "the authority, justification and wisdom of using the FBI to investigate the intentions" of Memphis officials.

The Memphis plant, in effect, would be a substitute for the private Dixon-Yates installation now being built at West Memphis, Ark, to furnish power to the Tennessee Valley Authority. This electricity would replace power supplied the Atomic Energy Commission elsewhere.

**Would Cancel Contract**  
President Eisenhower told a news conference yesterday he would be willing to cancel the controversial Dixon-Yates contract if it is certain that Memphis will build its own plant. TVA would not need replacement power if Memphis stopped being a customer.

**Princess Margaret Sees Crash of Supersonic Jet**  
Farnborough, England — (U.P.) — One of Britain's supersonic hunter jet fighters crashed on takeoff today in full view of Princess Margaret, who was visiting Farnborough to see a display of Britain's newest and fastest aircraft.

## Ashland Council Will Study Rates

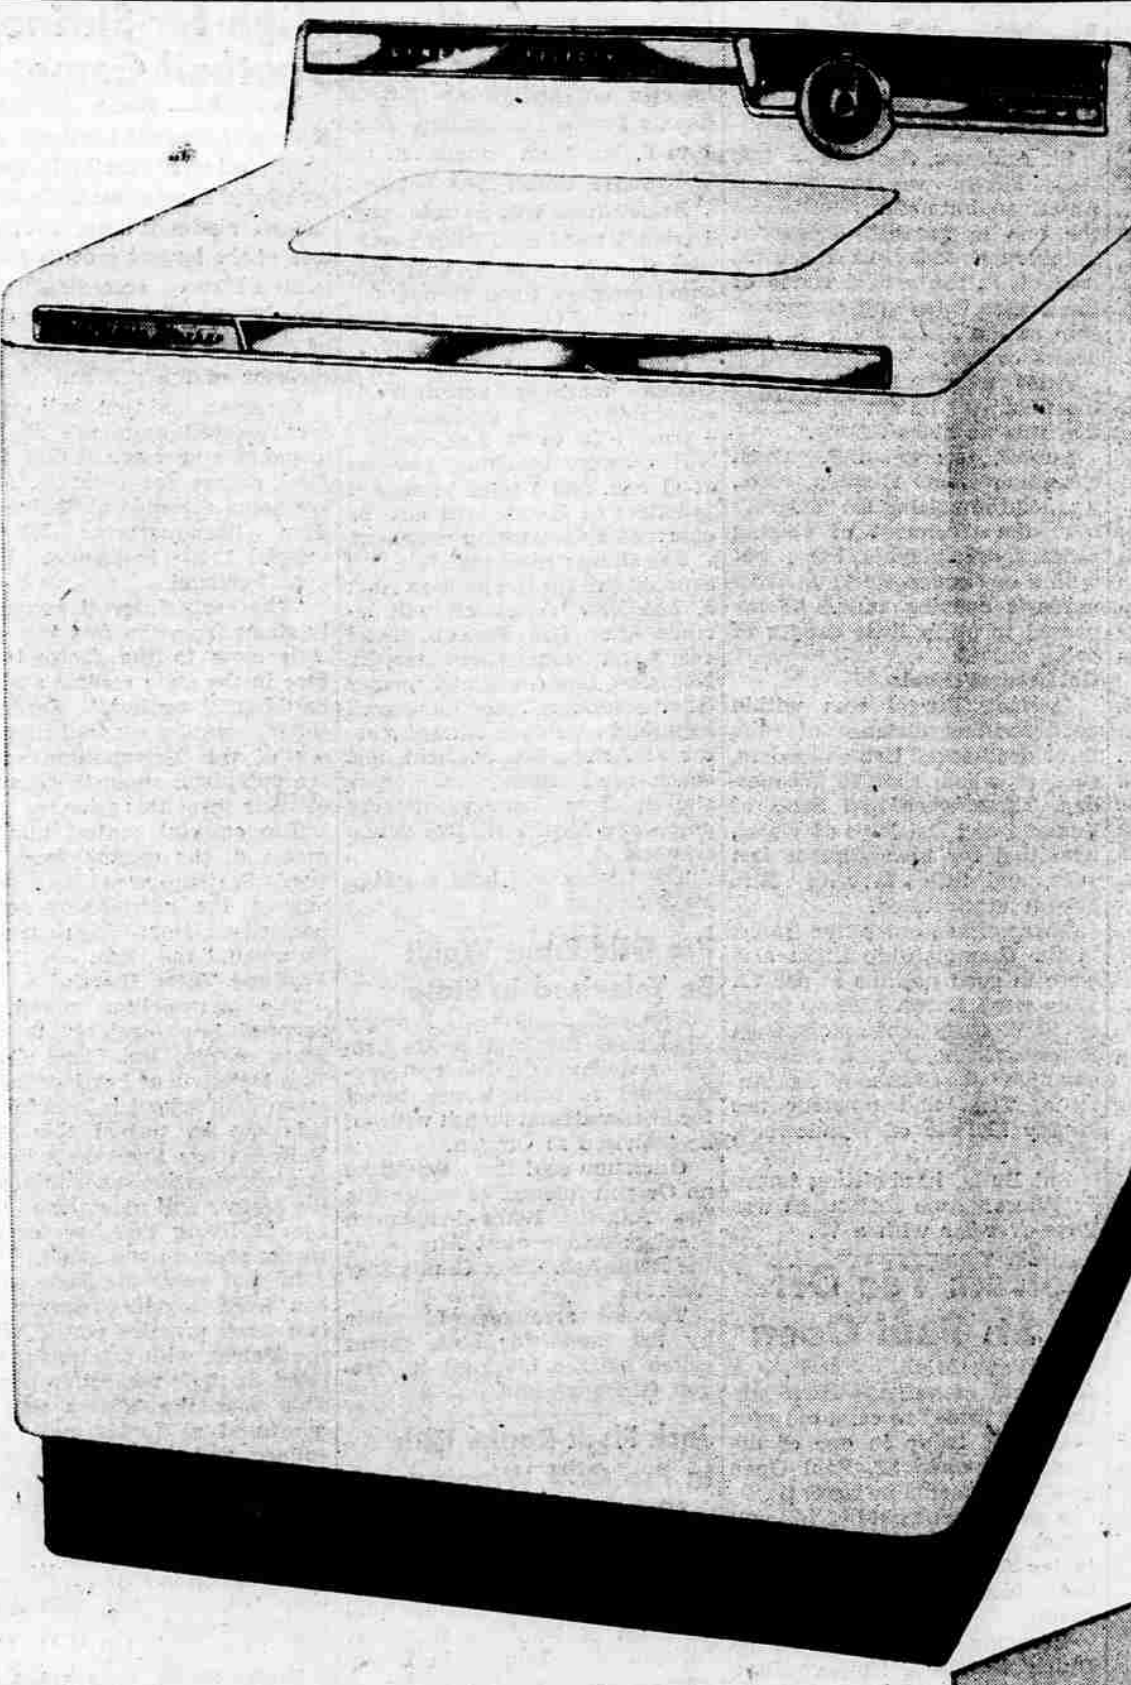

Ashland — A special meeting of the city council will be held July 12 to receive a report by a council committee on electric rate changes.

Rate increases for the city-operated electrical system went into effect last month. The old rate system provided for "140 different rates" in the business district, according to City Superintendent Elmer Biegel. When it was revised, it was found that some users were paying up to 100 per cent more than they had previously, although the increase was designed to range from 5 to 7½ per cent for residential users and 15 to 17½ per cent for commercial users.

Protests to the rate increase were made at a council meeting this week, and the electrical committee of the council, with B. A. Cope as chairman, will conduct a study and report next week.

**Russia Objects To Iran Radio Program**  
Tehran, Iran — (U.P.) — Russia objected officially today to a radio program which depicted life in an unspecified Communist country.

The Soviets, in a memorandum to the foreign ministry, claimed the program was propaganda and that certain Iranian officials were trying to muddle Iranian-Soviet relations at a time when Russia was trying to be friendly.

# AUTOMATIC WASHER

NOW ONLY...

Filter Flow Model WA-750

\$279<sup>95</sup>

NOTHING DOWN — \$13.81 A MONTH

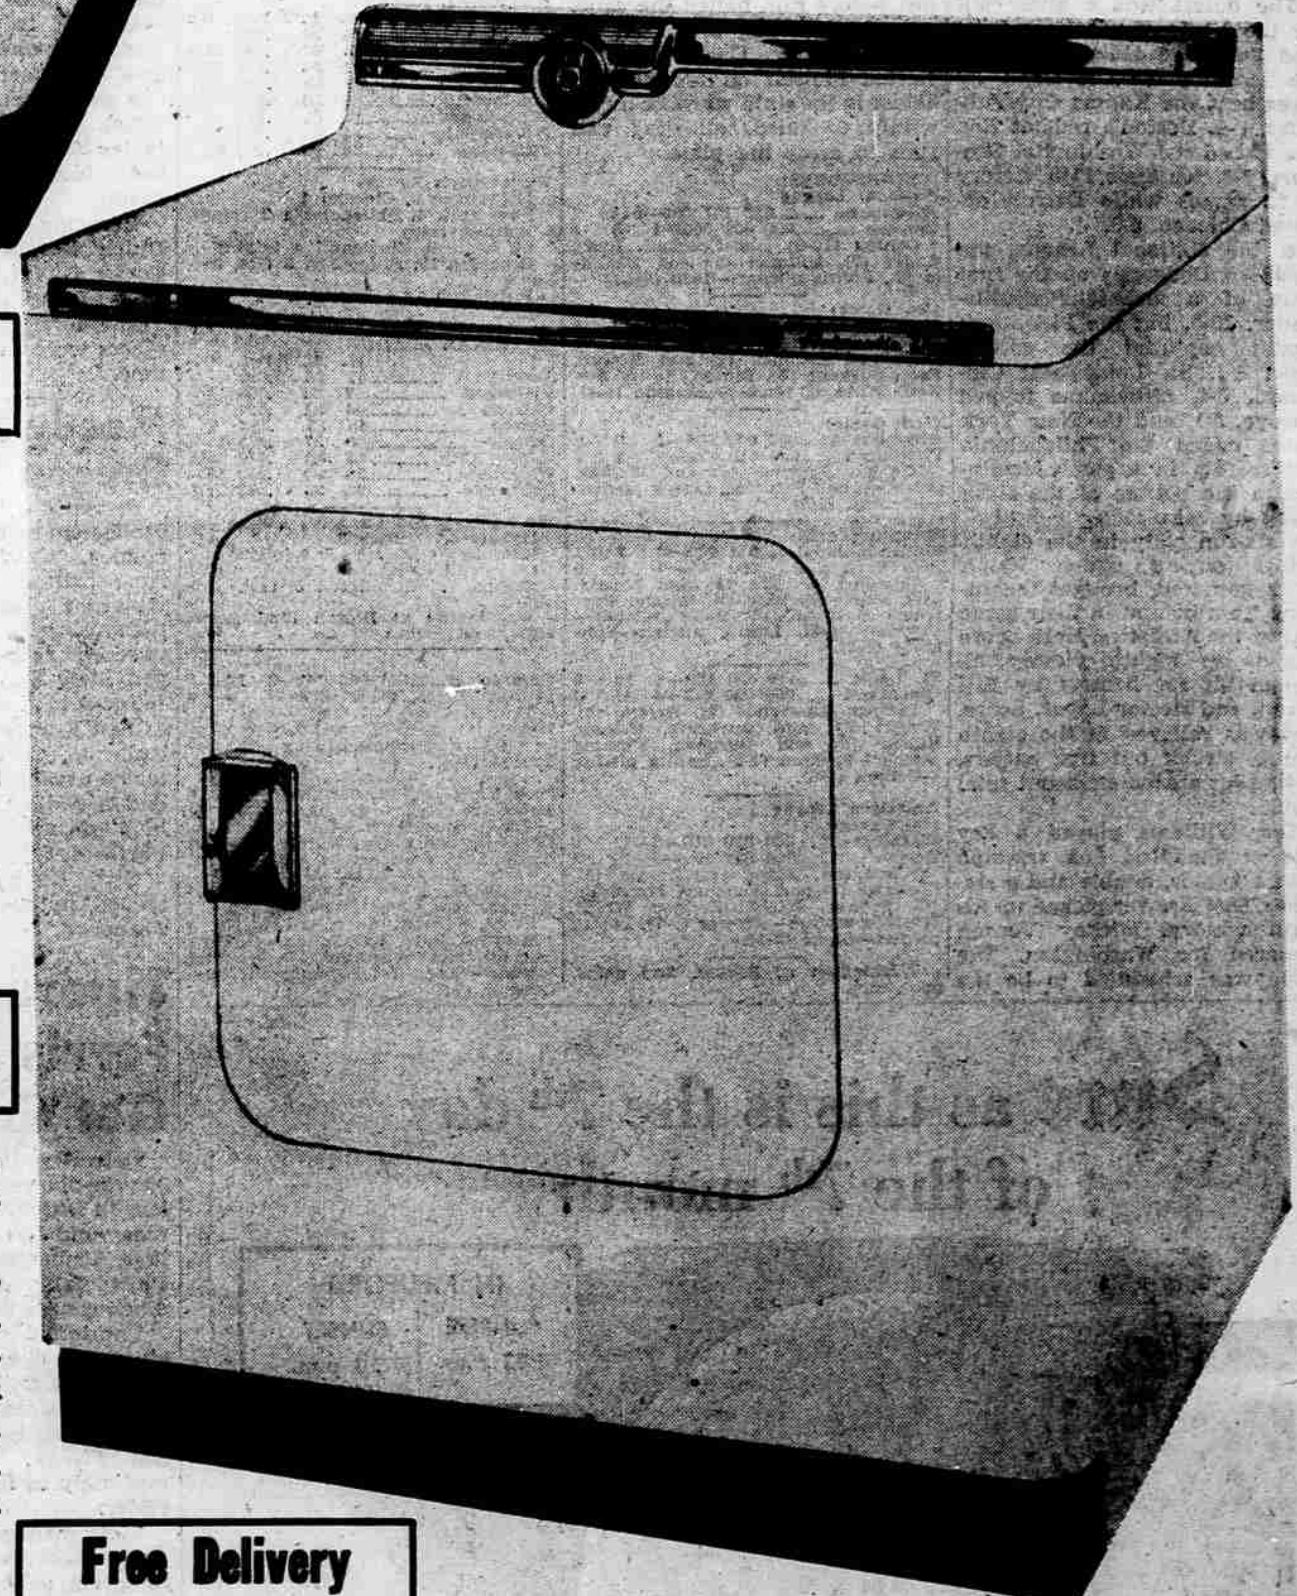

Here's a dream come true for every woman who has wished she could change wash water as soon as dirt and lint show up.

This new General Electric washer circulates and filters the water at the rate of six gallons per minute . . . to give you whiter brighter clothes.

As the filter-Flo System circulates the water, sand settles out the bottom, soap scum floats away and lint is trapped in the filter which lets only cleansed sudsy water flow back into the wash basket.

**Big Capacity, Too!** This G-E has 50% more clothes capacity than many other automatics. You're not forever splitting a big wash into separate loads. And the Water Saver Control lets you select any water level from 17 down to 11 gallons of water for small washes.

Drop in and let us show and demonstrate Filter-Flo to you—you'll be glad you did.

## LIBERAL, FAIR TRADE-IN

## MATCHING DRYER CLOTHES CONDITIONER

NOW ONLY...

Model DA-623

\$229<sup>95</sup>

NOTHING DOWN — \$11.35 A MONTH

Designed to go together. The modern design of the new G-E Automatic Washer and matching G-E Dryer-Conditioner adds beauty as well as convenience to the kitchen, laundry or utility room of any home.

This G-E Automatic Dryer "conditions" your clothes—fluffy dry for wear—damp dry for ironing. And a G-E Dryer-Conditioner will automatically sprinkle your clothes by combining just the right amount of moisture, air, and tumbling. It's quick and easy—and it means that you will never again have to iron when you don't feel like it, just because you have a basket of damp clothes that might mildew if not taken care of immediately. Dry those clothes in your Dryer-Conditioner—you can sprinkle them whenever you're ready to iron.
