BONES AND TEETH ARE LIVING TISSUE

According to the physiology textbook used in the public schools in the 19th century, as some old-timers may remember, "the composition of the bones at maturity is about one part animal in two parts mineral matter. In youth it is nearly half and half, while in old age the mineral is greatly in excess."

MOO-O-O-S AND MUSINGS

A justifiably proud reader has sent us a picture of his wife because she looks exactly like a TV star. It's too bad that it had to be Jack Webb that she looks like.
