

Increase in Assets Reported by Local Savings-Loan Assn.

An increase in assets of more than \$1,200,000 since June 30, 1954, has been reported by the Jackson County Federal Savings and Loan association.

W. J. Warner, president, said the increase resulted from an increase of more than \$900,000 in total savings in the association during the past year.

Since July 1, 1954, the association made some 580 loans, totaling \$2,378,622.94, according to John Pletsch, secretary. This is an increase of some \$845,000 in mortgage loans for the year.

Earnings on mortgage loans made it possible for the association to continue the 3 per cent dividend to investors, and dividends paid on June 30 totaled \$116,997.65.

Both officers attributed the increase to the rapid growth of southern Oregon, and Jackson county in particular, in population and new industries. To assist in this growth, Pletsch said, the association will continue to help contractors begin homes in the fall so that men may work under cover during the winter months. This program, very successful last year, helped make the construction of homes a year-around business in Jackson county, he said.

Grace Line Vessel Stuck in Mud Flats

Astoria (U.P.)—The Grace Line ship, Santa Adela, became stuck fast in the Youngs Bay mud flats yesterday afternoon and attempts of the Tug Salvage Chief to pull her free this morning failed.

The 3733-ton cargo vessel took on a load of flour and general cargo at the Astoria docks Thursday and had backed around into Youngs Bay to head its nose out to sea when the mishap occurred.

The Salvage Chief will make a new attempt to free the ship at high tide at 3:53 p.m. today.

Safeway President Denies Law Violation

Fort Worth, Tex.—(U.P.)—The president of Safeway Stores, Inc., a retail grocery chain, denied today that Safeway violated anti-trust laws.

A federal Grand Jury indictment, returned here late yesterday, named the store chain and two of its officials. The Grand Jury charged that Safeway has created a "super chain" and said it "lowered prices in Texas to destroy competition."

But Lingan A. Warren of Oakland, Calif., Safeway president, issued an immediate denial in which he said the chain "has in no way violated any anti-trust laws unless meeting competition in good faith has become a crime."

Oregon City — (U.P.) — Waitresses here were taking a strike vote today after turning down by a 10-1 margin an employer offer of a three-cent-an-hour wage increase.

4-H Club News

Eagle Point Dairy Club

The Eagle Point Dairy club held its regular meeting on June 28 at the home of Sally Mongold.

We practiced judging, giving oral reasons.

The painting and clean-up day at the fair grounds for our club was scheduled for Aug. 1.

The regular Grange business meeting will be at the Shady Cove school Wednesday, July 13, at 8 p.m. All members are requested to be present.

Patterson Names Five To Advisory Council

Salem — (U.P.) — Gov. Paul L. Patterson has appointed five members of the nursing home operators advisory council to the State Board of Health.

The council was created by the 1955 legislature and becomes effective Aug. 3.

Members of the council are Edison McBride of Hillsboro, Michael S. Pontoni of Portland and Frederick D. Stabler of McMinnville, nursing home operators; Dr. William H. Thayer of Portland, physician, and Mrs. Sara Strandholm of Portland, graduate registered nurse.

OFFICES WARMED

Detroit — (U.P.) — Mayor Albert Cobo's air-conditioned offices got so cool Thursday that thermostat controlled radiators turned on automatically. The office temperature climbed to 90 degrees before the radiators were shut off.

Eastern Heat Wave Continues

By UNITED PRESS

The weather man wouldn't change his tune today. All he would say was "more heat."

A stifling heat wave blanketed the nation's Eastern two thirds for the ninth straight day and the weather forecasters said they couldn't do a thing about it.

The vast mass of muggy air battled with an advancing cool front in the West, setting off tornadoes in Minnesota and Nebraska. A child was killed and nine other persons were injured when a twister hit a Marshall, Minn., farm area last night, and another tornado ripped away roofs early today in the Loup City, Neb., area.

The storms caused some temperature drops, but forecasters said a massive high pressure centered off the South Carolina coast would probably keep most of the East sweltering through the week end.

High temperatures yesterday included a sizzling 107 at Presidio, Tex., and 103 at Carlsbad, N.M. Sioux City, Ia., had 97, and Chicago 94, while the mercury stayed under 90 for the first time since Saturday in New York City.

Pistol River Wreck Claims Second Life

Gold Beach — (U.P.) — An automobile accident near Pistol river Tuesday night has claimed its second life.

Pierre Perigot, of France, died in a local hospital yesterday from injuries suffered in the accident.

His cousin, Berthe Perigot, Blue Lake, Calif., died a few hours after the accident. She was the long-time publisher of the Blue Lake, Calif., weekly Advocate.

The accident occurred when the car in which they were riding plunged off Highway 101 about two miles north of Pistol river. Two other persons injured in the accident, Emile Gibouret, 71, Los Angeles and Fernande Anne Gibouret, were reported recovering.

Lumber Truck Dumps Load; Child Killed

Meyers Flat, Calif. — (U.P.) — suffered when a lumber truck Four-year-old Diane Roselle Fradumped its load on the car in zier died last night from injuries which she was riding.

Her parents and her two brothers were injured—not seriously—in the accident that occurred at Bridge Creek bridge two miles south of here.
