Detroit—(AP)—American Motors said today it has rejected a union proposal to reach a new agreement based on the pattern set between the union and Ford and General Motors.

Edward Cushman, vice-president and top negotiator for the Nash-Hudson combine, said the offer was rejected because it still would leave American Motors with higher wage costs than the major automobile producers.

### Pendleton Records 103 Degree Heat

By UNITED PRESS

The coolest temperature in Pendleton last night was higher than the warmest temperature in Astoria or Newport yesterday.

The mercury reached a scorching 103 degrees in the eastern Oregon roundup city yesterday afternoon and the coolest reading early today was 71 before it started climbing again. Astoria had 68 and Newport 61 for high temperatures yesterday.

The coast was about the only spot to escape the heat. Pendleton's 103 was tops for the state but it got up to 99 at The Dalles and Medford, 97 at Redmond, 95 at Bend, 94 at Roseburg, 93 at Baker and 92 at Burns.

Walla Walla also had 103 degrees yesterday. More warm temperatures were on the menu today.
