

TOUR OF 'BREAD BASKET'—V. V. Matskevich, Soviet First Deputy Minister for Agriculture, thanks a crowd of two thousand waving Iowans at Des Moines for the invitation to the "bread basket of the United States," as he and 11 other Russians landed to start a twelve-day tour of the "tall corn state."

On The Side

Alan "Lefty" Clarke, Gentlemanly Maryland breeder and owner of thoroughbreds. He was formerly a professional ballplayer. Is now one of the few turf figures who breeds, races and trains his own horses. His best horse so far was Senator Joe, named in honor of Senator Joe McCarthy. Mr. Clarke also has a very good mare named Joe's Jeannie, in honor of Senator McCarthy's wife.

That Medley

Mike Wardell, amiable aviation organization executive, trying to get together a medley of songs about planes could only think of "Come Josephine in My Flying Machine." Some Mike has overlooked are "Come Take a Trip in My Airship," Flanagan's Flying Machine" and the one titled "Mary, Mary MacLean Come With Me Up in My Aeroplane."

Unusual Club

The Calorie Control Club. That's the name of a highly interesting Lansing, Ill., organization. It was an exclusively feminine membership of 20. Their interest is in figure streamlining. They meet regularly to discuss weight reduction by sensible, effective means. When the club was organized about five months ago, each of the members of the Calorie Control Club weighed from 230 to 240 pounds. Since that time all of the members have each reduced from 30 to 40 pounds.

No Tipping

In New York City there is a chain of restaurants at which tipping is prohibited. The policy is strictly adhered to. The service is excellent. This happy state of affairs is made possible by the fact that the employees of this restaurant chain are paid a living wage. They are not dependent on tips. The chain is financially successful. It proves that a restaurant can pay waiters or waitresses a living wage and still show a profit.

Names

Ever meet a girl whose first name was Venus? I never have. However, I heard of a young woman of Long Beach, Calif., who is so named. She is one of an all-daughter family of seven. Her papa decided all his children should have names beginning with V. So Venus has sisters named Velma, Verna, Viola, Virginian, Vera and Velva.

Horses & Women

Have recently noticed a number of women wearing evening gowns in the morning. My first thought was that they had been up all night but I was informed that low cut plunging neckline backless attire is now often worn to luncheons. Especially by women who think they have beautiful shoulders and shapeless backs. Anyway, evening attire

at noon seems ridiculous to me. I guess after all my conscientious efforts I still don't understand women. I may give it up and spend the time saved trying to understand horses. The horses are at least occasionally predictable.

Purple Heart

According to United States Army regulations the Purple Heart decoration is awarded to all men who suffer from "a wound which necessitates treatment by a medical officer and which is received in action with an enemy of the United States."

Sidelights

Slivovitz (plum brandy) is the national drink of Yugoslavia. It is said to have a kick like an Army mule. By the way, what is the national drink of the U. S. A. . . . In this country the Jockey Club limits the names of thoroughbreds to 14 letters. There is no such limit in England. Not so long ago there was a horse racing there named Star Spangled Banner.

Among the Married

"My husband talks in his sleep. Does yours?" said one young married woman to another, who answered, "No, my husband doesn't talk in his sleep. He's worse. He just chuckles."

Hearing Aid Authority to Hold Free Consultations in Medford — July 22nd

LEONARD HARTMAN, a recognized hearing aid authority will hold free consultations to help the hard of hearing with their hearing problems. Mr. Hartman will explain why hearing losses are as different as finger

prints, and as an added service, Mr. Hartman will rate your hearing on Beltone's exclusive audio-selector, the electronic instrument that determines the pattern of hearing losses and shows how a correctly fitted Triple Transistor Beltone Hearing Aid will improve one's hearing ability.

Mr. Hartman is a Hearing Aid Audiologist, and has shown many people how to overcome their handicap of deafness. The broad knowledge Mr. Hartman has obtained through his many experiences as a hearing aid consultant will be at your disposal. There will be no cost or obligation for his services during the time he will be in Medford, at the Jackson Hotel on Friday, July 22nd, from 1:00 p.m. to 8:00 p.m. No appointment necessary. If you are unable to come in during these hours but would like to talk to Mr. Hartman, call him at the Jackson Hotel, and make arrangements for a private interview in your own home.

If you are suffering from defective hearing, or if the hearing aid you now own isn't giving you the satisfaction you think it should, Mr. Hartman would like very much to talk to you. The few moments you spend with him may be the means of proving to yourself that to hear again is to live again. Paid adv.
