

ROY HUSON
Legion Disaster Chairman

Roy Huson Named CD, Disaster Head For Legion Post

Roy Huson, consumer credit manager for the Medford branch U. S. National bank, has been appointed chairman of the American Legion Post 15 civil defense and disaster relief committee, according to Commander Bud Fisher.

Huson is a captain in the National Guard, and commands Company "A". He is "very much interested in national and civil defense," Fisher said. Other members of the committee are William McAllister, Cliff Lewis, Charles Champlin, Cliff Ayres, Charles Wiley and Clyde Fichtner.

Fisher recently called on Maj. Gen. Joseph Hicks (USAF, Ret.), the new Civil Defense director for Jackson county, and offered the full cooperation of the post.

"I am very glad to have the support of such an organization," General Hicks said. He added that he would use the help of the committee in carrying out the Civil Defense program. The immediate critical need is for airplane spotters to work with the Ground Observer corps. General Hicks also cited the need for another disaster truck to be used as a supplement to the one in Medford. The entire county should be covered by units trained for disaster and relief, he said.

Discussion of the possibility of obtaining another such disaster unit is now under way, according to Fisher. He pointed out that the Legion's committee would work closely with existing organizations, and the civil defense set-up to be prepared for any eventuality.

Shortage of Pennies At Bases in Germany

Heidelberg, Germany—(U.P.)—The Army appealed to servicemen and their families today to break open piggy banks and give back pennies.

A shortage of one-cent pieces has developed despite shipment of "several million" pennies overseas during the past year, officials said. The penny is the only coin used in American installations in West Germany. Military scrip is used in all other denominations.

Dead line Sunday. Classified is at noon Saturday; 10 a.m. Monday for Monday; other days 5:30 previous day.
