**West Visits Hongkong on World Tour**

(This is another in a series of letters from Dr. D. Kirkland West, pastor of Medford First Presbyterian church, who is making an around-the-world tour to visit church institutions. He is accompanied by Mrs. West.)

What a contrast Hongkong provides. The Communist flag flies over the largest building in Hongkong, the Bank of China—and the Nationalist flag over the mean hovels of the refugees. In one area 25,000 refugees, in another 50,000, who would rather live in misery and poverty with freedom in Hongkong than go back to the Communist "paradise" only 30 miles away.

When the welfare agencies took a poll to see how many poverty stricken refugees would return to Communism, they found only 1/10 of 1 per cent would go back. These people who know Communism best seem to like it least.

Another startling contrast in Hongkong is the sight of five and six story buildings being torn down. When I asked why good buildings were thus demolished, I was told that because the rents are frozen it is now actually financially profitable to tear down these buildings with low rents and build new buildings in their place for the new rents and the "big money" will pay back the full cost in five years. Never have I seen so much building going on at one time as in Hongkong. They don't think the Communists will ever take them over.

It seems that there is little hope of a change in the political picture here for a long time. We were told it would take 30 years, or until both Mao and Chiang have gone that a new third party would emerge and the chaos out here would level off. I went up to within about 500

**VFW Auxiliary In Shady Cove Given Awards**

Shady Cove — The auxiliary to Shady Cove post of the Veterans of Foreign Wars has won three citations and awards in recent weeks, according to reports made at a meeting of the group last Friday. The meeting was the first for new officers, headed by Mrs. Harry Birch, president.

Commander Harry Birch of Steelhead post presented the auxiliary with a citation for assistance on the Oregon cottage project. The auxiliary also won a department citation for community service, having taken sixth place in state awards. Mrs. Dan Krotz was community service chairman for the auxiliary last year.

The auxiliary also won sixth place in the annual publicity contest. Mrs. Birch was publicity chairman for the past year.

Mrs. John Cassel was presented a gift from the auxiliary by Mrs. Frank Busch for "her untiring service and devotion as hospital chairman of the auxiliary." Commander Birch presented Mr. Krotz, junior commander, with a 100 per cent membership certificate issued by national.

Mrs. Dan Krotz, delegate to the department encampment at yards of the Communist border, but there was no urge to get any closer. Here one felt that the only hope for the recapture of the mainland lays mostly in World War III. In fact that is the reason things have calmed down out here. They say quite frankly that nothing radical will happen out here unless it is World War III and in that case New York, Chicago or San Francisco will get it before they do in Hongkong. So they are confident of a very long period of peace, because the alternative is world chaos. This is Hongkong anyway.
