

Local and Personal

Demonstration — Jackson county's new mosquito control equipment will be demonstrated over television at 2 p.m. Sunday on the Jackson County Public Health association show. Chandler Drew will represent the association and Walt Sutherland who is in charge of the control program, will demonstrate the equipment. A movie, "The Life Cycle of the Mosquito," will also be shown.

At Community — Donald Kent, Jr., 544 Fairmount st., is a surgery patient today at Community hospital, attendants reported.

To Vacation — Miss Donna Zentler of the First National bank, Medford branch, loan department, plans to leave Monday for a week's vacation. She expects to visit relatives and friends at Salem, St. Paul and Portland.

Inspects Plants — City Fire Marshal Truman Nelson inspected two packing plants and one business occupancy yesterday. Another inspection was made in a residential area as a result of a complaint received.

Leave for Home — Mr. and Mrs. Clyde Prough, San Gabriel, Calif., left this week after visiting for a week with his brother and sister-in-law, Mr. and Mrs. Sam Prough, 1019 Mt. Pitt ave.

Nebraska Picnic — The annual picnic for former Nebraskans will be held starting at 1 p.m. in Lithia park, Ashland, it was announced last week. Those attending are asked to bring a picnic lunch. Entertainment, including a group from Eve Prentice's accordion studios, will be furnished, and there will be the usual games and contests of an old-fashioned picnic.

Wisconsin Spear Fishers

Take 83,788 Pounds
Oshkosh, Wis.—U.P.—Spear fishermen in 1954 took 83,788 pounds of sturgeon from Lake Winnebago and three sister lakes, Poygan, Butte Des Mortis and Winneconne.
The Oshkosh fisheries supervisor, Richard Harris, said the count was accurate because all anglers were obliged to register their catches this season.
The fish averaged 52 inches in length and 38 pounds in weight. The minimum legal limit was 40 inches.
An estimate for 1955, made by biologist Jim Probst, was 100,000 pounds of sturgeon, or 2,828 fish. The 1954 catch was 2,218.

Wall Street

New York—U.P.—The satellite group rocketed today to give an otherwise drab stock market a bit of excitement.
As soon as the street learned of the United States plan to launch small satellites, buying began in the stocks that might be involved in making, shooting or otherwise handling the objects.

Tir. Can Type Water Tank Worth \$400, Now Scrap
Perry, Okla. — (U.P.) — Tom Evans found out his deal with the city of Perry ended as a "tankless" tank.

Evans bought an old 48-foot tall metal water tank for \$400 from city officials, who specified the huge structure had to be moved quickly.
The buyer, planning to cut the tank in half and convert it into two arch-type buildings, employed a truck firm to move the big "tin can."

As moving operations started, it collapsed under its own weight. Now all Evans has is a pile of scrap.

At least 95 per cent of all American families include some kind of canned goods in their regular diets.

In South America there are more than four billion coffee trees, many of which stem from one single plant smuggled across the Atlantic in 1723 by a French Naval officer.

An estimated 85 per cent of all the cattlemen in the U.S. are small operators, owning and grazing 200 or less head of cattle.
