

EQUIPMENT IS CHECKED by Lt. Henry P. Nielsen (left), Staten Island, N. Y., and Capt. Edward Sperry, Tacoma, Wash., in preparation for 90,000-foot parachute jump from balloon. Their 45,200-foot jumps last year are highest on record. Picture was made in Washington. (International)

25 Miles of County Roads To Be Paved

About 25 miles of Jackson county's roads will have new pavement before winter, according to Paul Rynning, county engineer.

County crews have completed machine paving in the Applegate area, and on Old Stage Road South between Highway 99 and Kings highway. Paving on Dead Indian rd. has started, Rynning said.

Rock crushers installed on Dead Indian rd. and near Butte Falls will continue to operate

for about another month. Crushed rock will be applied on Dead Indian rd., and on the Butte Falls-Prospect and Butte Falls-Fish lake roads.

Cold-Mix Paver

Paving is applied with a cold-mix travelling paver, which applies about a half-mile of paving per day.

Rynning said if weather conditions prevent application of machine paving, regular paving will be done. Several roads will be paved by the latter method where travel does not demand a more substantial surface.

Paving on Butte Falls rd. from Crater Lake highway will be done on a new section in the near future, Rynning said. Grading of a rock base is completed and a prime coat of oil has been applied. Two small bridges over the new highway also have been completed.

Grading work is now being done on South Fork Little Butte Creek rd., Rynning said. The road is being widened, and construction of a creosoted timber bridge over the creek has been completed.

Church Holds First Services Today

Sunday school and church services begin today in the White City area for those of the Conservative Baptist faith. Temporary services will be held in a tent on Crater Lake highway near Antelope creek and the church will be known as the Berean Baptist chapel.

Sunday school is at 9:45 a.m., and church services begin at 11 a.m. Young people will meet at 7 p.m., and evening services will be at 8 p.m.

The Rev. Glenn S. Wade, who recently resigned as pastor of the Eagle Point Community church, will serve the church. He and his family recently moved to 222 Ajax st., White City.

All interested in establishing a church in the White City area are invited to attend.

Legislation Hailed By Tungsten Leaders

Washington, D. C.—Approval by the U. S. senate of legislation designed to insure the life of the nation's domestic tungsten mining industry has been hailed here by industry leaders.

They said passage of the bill is in effect a directive by the 84th congress to the Office of Defense Mobilization to continue buying domestically mined tungsten for its stockpile program.

The legislation to further extend the programs to encourage the discovery, development and production of domestic strategic materials covers tungsten, manganese, chromite, and six other materials.

Paving Contract Awarded at Phoenix

Phoenix — The Phoenix city council has awarded Hughes and Dodd company of Medford a contract to pave Pine st. between First and Fifth sts.

The street will be the second paved in Phoenix this summer. State highway department crews paved First st. from Highway 99 to the Phoenix Community hall recently.

Additional grading and oiling projects are being planned by the council.

The Phoenix water department has urged residents not to irrigate lawns and gardens with open hoses. Mayor Dan Adams pointed out there is enough water, but open hose irrigation reduces pressure.

The first religious service in the English language on the Pacific Coast is commemorated by Prayer Book Cross, in San Francisco's Golden Gate park.

A Tribute To Our Chamber Of Commerce

The sincere men who aggressively promote the industrial advantages and potential profit possibilities of our city, comprise our most important, single group of citizens. They are hard working members of our Chamber of Commerce. On their shoulders fall the responsibility of attracting new factories and industries to our community, in order that more payrolls, families and homes will augment our already prosperous area. Indeed, we might say the CHAMBER OF COMMERCE is the very lifeblood of our daily lives, for their activities penetrate each business, large and small, bringing to all, the kind of help that benefits, directly or indirectly, every man, woman and child in our proud community.
