

# FFA, 4-H Members Receive Top Awards as Annual Fair Closes

The annual Jackson county 4-H and FFA fair ended last night at the county fairgrounds with the presentation of special awards and the annual style review.

Top award winners in the Future Farmers of America division were Kenneth Bigham, 18, son of Mr. and Mrs. Earl Bigham, Sams Valley, and Ralph Simon, 18, son of Mr. and Mrs. Bay Simon, Central Point. Kenneth Bigham was named winner of an award presented to a FFA Hereford owner by John and Edith Bohnert. The award is based on record book, exhibit, showmanship, and herd quality.

Ralph Simon was winner of the Central Point Grange Cooperative Herdsmanship.

Winners of 4-H awards included:

George Nichols trophy, to outstanding exhibitor of fat lambs, won by Mildred Gail, Gold Hill.

Rogue River Jersey Cattle club award, won by Lucille Lowry, Valley View.

George F. Lillis trophy, to the exhibitor of the best Brown Swiss cow won by Donna Brown of Applegate.

Gitzen and Gitzen Special award, for sheep, won by Faye Chapman, Valley View, and for swine, won by LeRoy Priest, Gold Hill.

Don Nichols showmanship trophy, won by David Wolfolk, Antelope.

Allene Owens showmanship trophy, won by Linda Malloroy, Antelope.

Jackson County Guernsey cattle club award, won by DeeAnn Clark, Griffin Creek.

Calf Manna Special award, for the outstanding livestock club, won by Valley View rabbit club.

Far Hills Farms Holstein trophy, won by Laurel Higinbotham, Central Point.

Ed Pierce Hereford trophy, won by David Wolfolk, Antelope.

Harold Frye Jr., Swine trophy, won by Lois Biles, Gold Hill.

LaPine Livestock Herdsmanship trophy, to the livestock club scoring highest in herdsman-ship, won by Reese Creek Renegades.

Farm Bureau trophies, for rabbits, won by Nyla Cooper, Valley View; for poultry, won by Carolyn Ties, Valley View; for forestry, won by James Scott, Valley View; for garden, won by Karen Nelson, Oak Grove.

Curtiss Candy Company awards, presented to the exhibitor of the grand champion in each division of the dairy show and beef shorthorns, won by Donna Brown, Applegate; David Christiansen, Applegate; Robert Rosenbaum, Valley View; DeeAnn Clark, Griffin Creek; Carol Brantley, Griffin Creek; Ken Bitterling, Antelope; Louis Nickerson, Central Point; Melvin

Smith, Sams Valley, and Jerry McDonald, Eagle Point.

Shirley Nelson Memorial trophy, to outstanding dairy member, won by Laurel Higinbotham, Central Point.

A. T. Lathrop Berkshire award, won by James Frink, Central Point.

Big Y Feed and Seed award, won by Starlene Wilkins, Valley View.

Marilyn Bohnert Livestock Judging trophy, to top individual, won by Donna Brown, Applegate.

Doreen Bohnert Home Economics Judging trophy, to highest scoring individual, won by Linda Malloroy, Antelope.

Herdsmanship awards, presented by Jackson county fair board, for rabbits, to Valley View club, and for poultry, to Central Point club.

Breeders association award, a calf, to Willy Debrick, Central Point.

## Magsaysay Seeking Showdown in Feud With Sen. Recto

Manila, P. I. — (U.P.) — The political feud between President Remon Magsaysay and Sen. Claro M. Recto, reaches a showdown here today when the Nationalists party convention opens.

Magsaysay, fed up with habitual opposition on foreign policy matters by old guard Nacionalista Recto, has rallied almost invincible support in a drive to oust the senator from the party ticket during this off-year election.

Takes Party Runs

During several weeks of pre-convention jockeying for position, Magsaysay, in his first real political fight since his landslide election, firmly took the reins of his party and rejected attempts by friends of Recto to bring about a reconciliation.

Recto's sharp criticism of the administration for recognizing South Viet Nam precipitated the fight. But it was not the main reason for the split. Magsaysay said Recto had consistently opposed administration foreign policy.

On some earlier issues, the President had turned the matter over to the Senate for a vote of confidence and in at least one case, Recto was the only dissenter.

## Chief Joseph Dam Generators Started

Washington — (U.P.) — Three generators at the Chief Joseph dam began feeding power into the Bonneville system on a firm basis Friday.

Each of the three generators, which have been undergoing more than a week of tests and preliminary operations, was rated at 64,000 kilowatts. A fourth generator was due to go into service later this year. Sixteen generators were scheduled for service by 1957.

With all sixteen generators in operation, the power plant will represent an expenditure of \$69,000,000.

Birdseye Dairy Showmanship trophy, won by DeeAnn Clark, Griffin Creek.

Judged as champions in their respective divisions of the style review, were Carolyn Bernardi, skirt and apron; Patti Straus, simple cotton dress; Mavis Strom, play and work clothes; Joan Dobrot, cotton school dress; Lucy Gardner, formal dress; Gwen Moore, best dress; Linda Malloroy, wool dress, and Lois Farlow, winter suit.

The U. S. National Bank trophy for the outstanding girl of the style review was presented to Lois Farlow, Eagle Point.

Other awards in the home economics division were presented to:

J. C. Penney's Summer School scholarships to clothing club members, Donna Brown, Applegate; Joanna Malloroy, Antelope and Virginia Martin, Valley View.

Safeway Stores scholarships for outstanding food preparation demonstration, Patsy Charlie and Mildred Darras, Central Point.

Oregon Beekeepers association award, Sharon Coffman, Central Point.

Larry Schade trophy, to the most outstanding cooking club member of the year, won by Linda Malloroy, Antelope.

Fair board scholarships for outstanding project work, in clothing, Jean Dobrot, Central Point; in cooking, Mildred Darras, Central Point; in food preservation, Patty Cranston, Medford, and in homemaking, to Reta Milner, Evans Valley.

## UN Believes Two US Airmen Alive In North Korea

Panmunjom, Korea — (U.P.) — A United Nations spokesman said today the Allies have "reason to believe" that two American airmen shot down by the Communists over the demilitarized zone of Korea are alive.

The spokesman refused to elaborate on his statement that the UN believes the men are alive in North Korea.

Names Announced

The Air Force in Washington announced yesterday that the men were Lt. Guy H. Humpass Jr., the pilot, of Jackson, Miss., and Capt. Charles W. Brown, observer, of West Louisville, Ky.

The UN Military Command today will demand at a meeting at 10 a.m. with the Communists here that the Reds return the two men whose light trainer plane was hit by Red guns Wednesday.

"We have reason to believe," the spokesman said, "that they survived the crash, but beyond that we have only hope."

## Government in Red \$2,617,000,000 in July

Washington — (U.P.) — The government went into the red \$2,617,000,000 during July, the Treasury has reported.

But the deficit for the entire 1956 fiscal year, which began last month, is expected to be considerably below this figure.

The government last January estimated the deficit would be \$2,408,000,000 at the end of fiscal 1956. But a new Treasury forecast, to be issued in about a week, is expected to give a lower estimate.

## ROCKETS NICK FLORISTS

Fresno, Calif. — (U.P.) — The Fresno-Hacienda Rockets, defending world champion women's softball club, defeated the Lind Florists of Portland 1-0 here Friday night. The Rockets scored in the sixth inning on a single, a sacrifice and a Florist error. Betty Evans Grayson yielded but four hits to the Rockets.

PEACE RESTORED — A lone guard stands watch over courtyard surrounding flood-lit blocks where 174 rioting inmates returned to their cells after they battled guards and state troopers at Great Meadows State Prison at Comstock, N. Y.

## Massachusetts Polio Cases Show Decline

Boston — (U.P.) — Polio cases in epidemic-stricken Massachusetts dropped Saturday with 62 new cases being reported.

Massachusetts' total cases this year stood at 1,606, compared with 193 for the same period last year. But Saturday was the third successive day that new cases being reported dropped over preceding daily reports.

Of the Massachusetts' total, 504 cases were reported from Boston.

The New England figure to date is 2,073.

Dr. Roy F. Feemster, director of the state Division of Communicable Diseases, said hopefully that he was "looking forward" to a sharp drop in new cases "after next week."

## Young Polio Patient Flown From Korea to Japan; Will Make Trip to Home in U.S.

Tokyo — (U.P.) — A young American woman encased in a portable iron lung was flown from Seoul to Tokyo Saturday by a U. S. Air Force C-54 transport plane on her way home to the United States.

Mary Chisholf, 24, the daughter of American missionaries Dr. and Mrs. William Chisholm,

Berkeley, Calif., was stricken June 4 in Korea with polio. She was treated by Army doctors who twice believed that the young woman, also a missionary and fluent in Korean language, had died.

The Air Force Saturday began a 7,000-mile mercy flight to the University of Buffalo's Polio Respiratory center, Buffalo, N. Y.

Immediately after arriving at Tokyo's Haneda Airport, the young woman was driven by ambulance to a Tokyo hospital for a 36 hours rest before she leaves for Hawaii where another 36 hour stopover is scheduled.

Trip Successful

Maj. Harold T. Wilson, the Army officer in charge of the mercy flight, said that the trip from Korea was "very successful." He will accompany the woman on the entire trip.

Miss Chisholm's father has been a missionary in Korea since 1923 as a member of the American Civilian Independent Presbyterian Missionaries.

Paul Malott, head of the local Civil Air Patrol, said the plane climbed to about 75 or 100 feet in the air at that time when the plane crashed, apparently because of insufficient power to make the turn at that altitude.

Malott said the plane was purchased just recently by Adams, probably at Wichita Falls, Tex., and that the two men were taking it to the West Coast.

The plane was a single engine "Seabee" Navy trainer. It did not burn.

The 500-mile-long Kagera River system, rising in hills southwest of Lake Victoria about four degrees south of the Equator, is today recognized as the Nile River's true headstream; says the National Geographic Society.

## Employment Gains Recorded in July

Salem — (U.P.) — Employment gains were recorded throughout Oregon in July, bringing the number of non-farm workers to 485,700, nearly 10,000 higher than in the previous month, the State Unemployment Compensation commission said Saturday.

The total was 46,000 above that of a year ago when a labor dispute in the lumber industry affected some 26,000 workers.

With employment still climbing, officials were optimistic that later reports may exceed the all-time high of 495,700 in August, 1952.

Some 820,000 Spaniards live in the Canary Islands off the northwest coast of Africa. The archipelago forms two provinces of Spain.

Dead line Sunday. Classified is at noon Saturday; 10 a.m. Monday for Monday; other days 5:30 previous day.

## Gasoline Doing its Best!

We doubt whether gasoline was ever put to better use than when it burns in the combustion chambers of the 1955 Cadillac engine.

It provides power and eagerness and responsiveness that have no counterpart on the world's highways.

And how quietly it goes about its work! Even at the full legal limit of the road, the car is so silent in its operation that you can actually hear the gentle ticking of the electric clock.

And how efficient gasoline is in a new Cadillac. In fact, owners report that a single tankful is usually sufficient to carry this

big, luxurious car through a full day of normal driving.

If you haven't yet learned for yourself what gasoline can do in the "car of cars", we suggest that you come in soon for the most thrilling demonstration in your motoring experience.

And after you have returned from your demonstration drive, we hope that you will remain for some very special news about cost and delivery.

You will find, for instance, that you can now become the owner of a new Cadillac

car after the shortest waiting period in many, many years.

And because of our extremely low used-car inventory, you will discover that we are in a position to give you a surprisingly liberal allowance on your present car.

You will find, in short, that Cadillac ownership has never before been as wonderful... or as practical... or as imminent... as it is today!

Why not stop in soon and see for yourself? We think you'll find a combination of favorable circumstances that will be difficult to resist!

## WHO CAN HELP YOUR HEARING?

C. R. ADAMSON

### Can!

I am a trained Sonotone Hearing Aid Consultant

## SONOTONE

C. R. Adamson, Dist. Mgr. 839 East Jackson Blvd.

By training and experience with many different kinds of hearing loss, I have been able to bring better hearing to hundreds. Now I have another wonderful new hearing aid to help break through that iron curtain of deafness.

This is the micro-midget Sonotone "100."

It is as small as a matchbook and weighs about one ounce.

It's not a gadget designed to attract by just being small. This is a real aid to HEARING, with traditional built-in Sonotone quality.

When you do business with Sonotone, you invest in a complete hearing service and join thousands of happy users in a proven better hearing program.
