Snake Handlers Defy Police

Harlan, Ky. — (U.P.) — Devout snake handlers today planned a second deadly ritual at a rustic worship spot in defiance of Kentucky police who broke up their "memorial" for a fatally bitten cultist.

The troopers moved on the huge gathering at the mountain clearing beside State Highway 421 yesterday and arrested the Rev. William Vernon, Kooker, Va., just as he began the snake handling rites.

Vernon pleaded guilty to violating a Kentucky statute prohibiting snake handling and went free on \$500 bond. He was to go on trial next Friday at Caywood, Ky.

Other leaders of the weird sect said that despite the arrest the service will be continued at the same spot on Sept. 18.

The service was to be a "memorial" for the late Rev. Lee Valentine, who died a week ago at Ft. Payne, Ala., from the bite of a big rattlesnake. Valentine's fellow cultists hoped to "conquer" the rattler at yesterday's service.

The Rev. Hutton, St. Charles, Va., explained they hoped to handle the snake again to demonstrate the power of prayer.

WELL, WHY NOT LOOK AND SEE?

Uh-huh, I know. Had the same trouble myself six or eight years ago. Along about the fourth or fifth end a nagging little pain or discomfort would develop in the left hypochondrium. Nothing to speak of, but it was something to worry about. Some kind of malignancy, I surmised, morbidly. Sometimes I kept on playing and the spell passed. Other times I relinquished my place to another bowler.

This occurred from time to time for several months. Finally my boss Micky and the Young Snip made an appointment with a doctor whose professional ability and honesty I admire.

Well, sir, the doctor gave me his usual thorough examination and, perhaps surmising what I was worrying about, requested X-ray study of the progress of an opaque meal through the gastro-intestinal tract. The diagnosis was, as the doctor had suspected before he asked for X-ray corroboration, diverticulosis.

Diverticulosis is the presence of intestinal diverticula. Diverticula are pouches or pockets leading off from the main tube or canal.

Sometimes a diverticulum becomes irritated or inflamed (diverticulitis) and this was no doubt what caused my bellyaches. Never mind what I worried about. I ceased worrying when I learned I had diverticulosis. Most adults have a diverticulum or two, and only exceptionally does the condition ever cause any trouble.

If mine should ever interfere with my bowling, I'll spend a weekend in hospital and have a

Red Cross Seeks Aid for Victims

Washington — (U.P.) — The American Red Cross launched a nationwide appeal for funds today to help finance a "tremendous" disaster relief program for the flood-stricken East.

E. Roland Harriman, chairman of the ARC, telegraphed the 3,713 Red Cross chapters throughout the nation to begin an immediate appeal for funds. He said incomplete surveys of damage and destruction indicate that 8,000 families will ask for Red Cross assistance.

Harriman also messaged President Eisenhower, honorary Red Cross chairman, that all the resources of the relief agency have been thrown into the effort to relieve suffering in the north-east flood areas.

He said on the basis of preliminary figures it is estimated Red Cross relief in the flood disaster may reach or exceed \$5,000,000.

Lana Turner Hospitalized For General Checkup

Hollywood — (U.P.) — Film actress Lana Turner, who recently suffered a brain concussion when she fell in her bathtub, was in nearby Santa Monica today for a general checkup.

Doctors said the blonde actress, who entered the hospital Sunday after being bedridden at home, would not return to work at 20th Century-Fox Studio for two or three weeks.

Dead line Sunday Classified is at noon Saturday; 10 a.m. Monday for Monday; other days 5:30 previous day.

tion of the needle into the gum was scarcely noticeable and placement of the novocaine or whatever local anesthetic he used was precisely right, so that I dozed while the dentist was operating. In both instances there was no particular discomfort at the time or after the operation.

So, of course I'm not afraid of surgery. How do you feel about it, stupid?

QUESTIONS & ANSWERS
P.H.D. Degree is Unique
In your temperance talk you appropriated to yourself the Ph.D. degree and said it means Doctor (teacher) of Personal Health. To us knuckleheads Ph.D. means Doctor of Philosophy (T.M.)
Answer—To the knucklehead who writes these pieces, too. But that's not

FALSE TEETH That Loosen Need Not Embarrass

Many wearers of false teeth have suffered real embarrassment because their plate dropped, slipped or wobbled at just the wrong time. Do not live in fear of this happening to you. Just sprinkle a little FASTEETH, the alkaline (non-acid) powder, on your plates. Hold false teeth more firmly, so they feel more comfortable. Does not sour. Checks "plate odor" (denture breath). Get FASTEETH at any drug counter.

Child Pulls Out Hair
Little boy pulls out hair and chews it. (Mrs. F. C.)
Answer—Some normal children have that habit. Occasionally the hair lodges in stomach or intestines, forms a hair ball and causes obstruction. Perhaps tight clipping or shaving the head would get the boy out of the habit—provided he is given plenty of things to do with his hands.
