ABOUT SERVICE

We take pride in the G-E products that we sell, and we take pride in our Service Department. When you buy G-E you receive One Year's Free Service as part of your Five Year Protection Plan.

Our Service Department is magnificently equipped and expertly staffed. You can put your confidence in Home Appliance.

\$229⁹⁵

Here's a dream come true for every woman who has wished she could change wash water as soon as dirt and lint show up.

This new General Electric washer circulates and filters the water at the rate of six gallons per minute . . . to give you whiter brighter clothes.

As the filter-Flo System circulates the water, sand settles out the bottom, soap scum floats away and lint is trapped in the filter which lets only cleansed sudsy water flow back into the wash basket.

Big Capacity, Too! This G-E has 50% more clothes capacity than many other automatics. You're not forever splitting a big wash into separate loads. And the Water Saver Control lets you select any water level from 17 down to 11 gallons of water for small washes.

NOTHING DOWN ON APPROVED CREDIT

Designed to go together — This G-E Automatic Dryer "conditions" your clothes — fluffy dry for wear-damp dry for ironing. And a G-E Dryer-Conditioner will automatically sprinkle your clothes by combining just the right amount of moisture, air, and tumbling. It's quick and easy — and it means that you will never again have to iron when you don't feel like it, just because you have a basket of damp clothes that might mildew if not taken care of immediately. Dry those clothes in your Dryer-Conditioner—you can sprinkle them whenever you are ready to iron.
