### Open House Is Held by Newlyweds

Mr. and Mrs. Louis Edwin Nesberg, who were married August 7 at Redmond, Ore., made their wedding trip to Eugene and on August 14 they held open house here at their apartment at 345 North Bartlett street. The bride is the former Miss Clara Edith Price, daughter of Mr. and Mrs. Raymond N. Price, 2702 Buckshot road.

The bridegroom's parents are Mr. and Mrs. Edwin Nesberg, Eagle Point.

The ceremony was held at 2 o'clock in the afternoon at the First Baptist church at Redmond. The Rev. Walford A. Dawes, former pastor of the Medford Methodist church, officiated.

The bride's dress was of white dotted nylon, ballerina length. Her flowers were white carnations and stephanotis which she carried on a white Bible. The Bible was a gift to the couple from Mr. and Mrs. Ken Meadows of Medford. The bride's veil was of nylon tulle, fingertip length and was held by a lace cap. The bride made both her dress and veil.

### Presbyterians Hear Convention Report By Superintendent

The committee on Christian education of the First Presbyterian church, of which John Dellenback is chairman, met in the fireplace room of the church on Thursday. Mrs. James Hoey, superintendent of the church school, gave a report of the National Sunday School convention, which she attended in July in Cleveland, Ohio.

Plans were made for the creation of a personnel committee, to be responsible for the selection of teachers for the church school.

The committee set Saturday, September 10, as the date of the annual fall retreat of the church school staff, to be held at Katydid ranch near Prospect.

Summertime is iced-coffee time, and there's an easy way to always see that the supply meets demand. Just pour leftover brewed coffee into ice-cube trays, and freeze. Pop frozen coffee cubes into plastic bags and into the freezer. Use instead of ice cubes when hot weather calls for iced coffee.

### Reading for Meaning Stressed by Educator

Chicago—(U.P.)—Children must read with understanding or it's not reading at all, a speech expert believes.

"Insist on reading for meaning," Dr. Edward W. Delch, former professor of education of the University of Illinois, told a summer school class at National College of Education.

"Pronouncing letters or groups of letters is not reading," Delch said. "Reading means thinking the thought of the author after him."

Delch, author of several books in his field, said that above all parents and teachers must realize the enormous differences which exist between different children.

"There are variations not only in mental age but in the ability to hear sounds," Delch said. "Consequently the best way to teach reading to children is to use the method and go at the pace which each individual child requires."
