PAID TO KILL

Mrs. Robert Skelton said—
"Who wouldn't want a finer milk— if it costs less?"

Then Mrs. Skelton heard about Lucerne, the Bonus Quality Milk.
It's milk that meets highest standards for purity, flavor, and cream-content. This milk costs the Lucerne people extra money—because they pay dairy farmers a bonus for milk that meets Lucerne's extra-high quality standards.
Lucerne saves money, however, by not delivering milk to homes.
So Lucerne can sell Bonus Quality Milk to you for the same price as any other milk—and for less than other milks cost when you have them delivered.

That's why Mrs. Skelton and so many other mothers here have changed to...
