

Stanford Put On Spot By Two Coaches

By HAL WOOD
United Press Sports Writer
San Francisco — (U.P.) — Without a single tackle being made, a block thrown or a pass caught, some of the coaching friends of Chuck Taylor of Stanford are putting the "boy wonder" on the spot.

"Stanford should be 40 points favorite to beat us," says Coach Lynn Waldorf of California. It so happens that in nine years at Cal, Waldorf never has lost to Stanford; and they don't meet this year until November 19.

"Stanford is going to be the club to beat to go to the Rose Bowl," says Coach Red Sanders of UCLA. It was this same UCLA club that "edged" the Stanford Indians last year, 72-0.

Down on The Farm, Taylor and his gang, from the assistant coaches to the water boy, aren't quite as confident as they have been in past years.

"We'll have a veteran team except in a couple of spots," says Taylor. "But those of you who are expecting wonders from that freshman team we had last year

may get a surprise. Not very many men of that club will see much action this season."

Fresh Probabilities

It was the great freshman team of last year that brought the high hopes to Stanford for this year. The frosh squad, among other things, shellacked California frosh 60-0; ran up a 19-0 lead over Southern California frosh, then with reserves, got beat in the last quarter, 20-19; and beat UCLA freshmen, 25-0. Freshmen teams are allowed to play only three games each year.

"The only sophomores from that freshman club who might break into the starting lineup," says Chuck, "are Lou Valli, a fullback; and Jack Douglas, who has a chance at quarter."

The role of being a favorite for anything in football is strictly new to Taylor since he took over as head coach five years ago at Stanford.

That was the season he marched his boys right into the Rose Bowl and a plastering from Illinois.

Good Results

With very little talent available, his clubs have brought good results since that time and two years ago even went down to the final game before getting

eliminated from the Rose Bowl assignment.

Last year the experts predicted that he would be lucky to win a game. He started out by knocking over College of Pacific, Oregon and Illinois in a row — before the boys started playing at their natural level.

But this season the team faces one of the most rugged schedules in the country. Midway in the slate, the Indians come up against Ohio State, Michigan State, Southern California, UCLA and Washington.

"If we get through those, we might have quite a team," says assistant coach George Lynn. To which all will agree.

Man's Ancestor Breaks Law for Davy Crockett

Memphis, Tenn. — (U.P.) — U. S. Marshal John T. Williams confesses that he had a great-uncle who was a law-breaker. The kinsman voted when he was only 18 — for Davy Crockett.

Williams said the uncle, Bob Hall, who later hunted and fought with Crockett, told in his autobiography of voting for Crockett when the frontiersman ran for Congress, although Hall was not of voting age.

ROLLING UP 116 YARDS in 20 plays, Joe Perry, 49ers fullback, makes 44 more yards than entire Cleveland Browns team on ground during San Francisco game won by 49ers 17-14. Joe runs eight yards in first quarter, is chased by Paul (20) and Jones (77). (International)

Logger Killed at Grants Pass Operation

Grants Pass — (U.P.) — Lester Oden, 48-year-old logger, was killed near here yesterday when a taut cable snapped at the I. D. Hardin logging operations.

Earl Hall, Josephine county coroner, said Oden died of a skull fracture. The victim was dead on arrival at Josephine County general hospital. Hall said he was unsure whether Oden had been killed by the cable as it broke or whether he was run over by a vehicle being towed with a tractor and cable.

COMMERCIAL LEAGUE

Quality Market continues to show the way in the Commercial League, but Duane Lubbers took Ray Wise's place this week, with a nice 641 Series. The Mail Tribune tripped Darling Real Estate and White City Sales took Morning Fresh Bakery, to turn the standings sheets upside down in the middle brackets.

No exception series occurred except Lubber's but a few pins, 2 and 4 and 5, were the determining margin on many of the games won and lost. So far, the Commercial League looks like a fairly close race for the top positions.

EVERGREEN LEAGUE

With new men being added to some teams, the effect was visible in the games won and lost by the handicaps in the Evergreen League. Domestic Laundry and Pierce Freight Lines both benefited in that way. Jorgensen's Dairy won their points the hard way, just better bowling than the opponents.

The league appears to be well established, with more than 35 new faces added to this year's regular league schedule. The increase in new members shows the reward to the owners of the new alley establishment for their courage in making the move to the new quarters with all new equipment. Visitors and spectators are finding bowling more interesting.

WOMEN'S CLASSIC LEAGUE

Hawkinson Tire and Tread rolled an 858 game and 2504 series for high team laurels Tuesday in the Women's Classic Bowling League. Helene Culy, Morning Fresh, had high individual series with 540. Atomic Waste Product May Sterilize Sewage

Washington — (U.P.) — Waste products from atomic power plants offer a possible source of material for sewage sterilization, the Army Corps of Engineers' research and development laboratories announced.

Gamma-radiation from radioactive substances has proven capable in six months of research of sterilizing water-borne sewage without activating or leaving residual radiation in the treated materials. The experiments were conducted by the laboratories at Fort Belvoir, Va., in conjunction with the Oak Ridge National Laboratory at Oak Ridge, Tenn.

Previous work with the deadly radiation has shown that it also can be used to sterilize certain drugs and antibiotics which are harmfully affected by heat; preserve meat and other foods by killing bacteria that cause spoilage; irradiate pork and decrease bacteria in swimming pools without the use of chlorine.
