

GOSSIP IN HOLLYWOOD undoubtedly will deal with this incident before long. Film Star Olivia De Havilland is dancing at Corfu, Greece, with Stavros Niarchos, fabulous financier, who is "angel" for cruise staged by party-giver Elsa Maxwell on luxury liner Achilles. (International)

On The Side

By E. V. Durling

With the demand for experienced registered nurses so great why are salaries in their activity so small? A Seattle, Wash., registered nurse informs me her salary is \$255 a month. She is an experienced nurse. A telephone receptionist at the same hospital is paid \$288 a month. No wonder there is a shortage of young women desiring to become registered nurses.

Piscean All-Stars

Men born under Pisces are better baseball players than those born under Leo. That's what Bob Smith, the suave sports expert, claims. He is assembling an all-time team of Pisceans to prove it. So far he has Alexander, Vance and McGinnity for pitchers. Ainsmith for catcher. Shortstop, Hans Wagner. Third base, "Home Run" Baker. Outfield, Keeler, Mel Ott and Billy Southworth. Seems a formidable outfit. But my Leo team would beat it easily.

Ever Young

Chinese women who are beautiful stay looking young and beautiful longer than women of any other nationality. It is not at all uncommon for Chinese women who are 53 to appear about 25. How is this accounted for? The Chinese women say it is because they are always serene. That they don't worry and always have their emotions under control. Must be something more than that to it. Probably diet is also a factor.

Briefly

The favorite Baltimore restaurant of natives and residents of that city seems to be Haussner's. Keep that in mind when down Maryland way. Note a discussion as to why Christy Mathewson, the great Giant pitcher, was nicknamed "Big Six." Nobody seems to know for certain. Neither do I. But I think it had something to do with Typographical Union No. Six which was known as "Big Six."

Among the Married

Expressing himself as highly pleased with his wife's appearance in a swim suit, a Philadelphia says, "Last summer she was just another plump female, a loser in the battle of the bulge. Now she is a seaside siren. A belle of the beach at Atlantic City." The way this subscriber figured in the streamlining of his spouse might interest other husbands. He kept on taking

snapshots of her. Front views, side views and rear views. He says it was the rear and side views that depressed his wife and inspired her to seriously take up the matter of weight reduction. Keep this in mind, sir, if the waist measurement of your matrimonial mate is more than 26 inches.

Horses and Women

Feminine subscriber born under Sagittarius boasts she can read a racing form. That is a rare accomplishment among women in general but not among the Sagittarians. All Sagittarians, male and female, are sharp turf handicappers. This same subscriber, aged 36, has been married three times. Each time to a man who has never married before. She had one child by each marriage. And though married three times never had a mother-in-law!

Get It Right

What is the correct pronunciation of the name of Bowie, Maryland? Is it "Boo-i" or "Bo-i"? Both pronunciations are used. Either is said to be correct. I favor "Boo-i." That the way Colonel James Bowie pronounced it. Speaking of pronunciation I knew two fellows who both spelled their name "Clough." One pronounced his name "Cluff" and the other pronounced it "Clow." Both insisted their pronunciation was right. They were stubborn about it. So "Cluff" addressed "Clow" as "Cluff" and "Clow" addressed "Cluff" as "Clow."

Cooling Trend Seen In Oregon Weather

By UNITED PRESS

Oregon's September heat wave was due to subside today but temperatures forecast by the weather bureau were still well above normal and fire danger was high.

In Portland, the mercury was slated to stay in the middle 80's, in contrast to the 90-plus readings Sunday and Monday. Coastal areas which had also experienced the dry inland heat were expected to have maximums from 65 to 70 today.

Medford and The Dalles each had 100 degrees Monday and Medford's 107 Sunday was a record for this part of the summer.

The weather bureau said the cooling trend would begin in Western Oregon. Forecast for areas east of the mountains was for "continued quite warm."

All-Metal Car Said Lightning Protector

East Lansing, Mich. (U.P.)—The safest refuge during a thunderstorm is inside an automobile with an all-metal body, according to a Michigan State College safety specialist, David G. Steinicke.

But if you're not near an auto when the storm hits, Steinicke said the best place to head for is a large metal or metal-frame building. If you can't find indoor shelter, keep away from small sheds and shelters in an exposed area.

Isolated trees, wire fences, hill-tops and open spaces are also dangerous to be near during an electrical storm, he added. Seek shelter in a cave, a depression in the ground or in a heavily wooded area.

If you're indoors when the storm strikes, keep away from metal objects and open doors and windows.

New York (U.P.)—General Motors has reversed its policy on doing business with Iron Curtain countries by authorizing dealers to sell non-strategic goods to the Communists, if the U. S. Government approves. Business Week magazine said Saturday.

Nutritional experts reveal vitamin losses
in cooked foods plus faulty diet may
be seriously undermining your energy,
strength, and resistance, making you
feel on edge—affecting your appetite—
spoiling your sleep—because your body
is vitamin and iron starved.

*These symptoms if due to a vitamin deficiency occur only when daily intake of vitamins B1, B2, and B6 is less than minimum daily requirements over a prolonged period. In these cases, they do not prove a vitamin deficiency as they may have other causes or be due to functional conditions.
