On The Side

Note an increasing number of bald-headed men going hatless in Manhattan. Evidently the men minus hair are not as sensitive about the situation as they are generally said to be. It could be some of them are giving Kid McCoy's idea a try-out. The Kid, who was more than slightly bald, believed going hatless was an aid to making hair grow.

bus driver is paid about \$2 an hour, and thus receives a living wage. The taxi driver works on a commission. If he does not receive tips he cannot make enough money to support his family. An added argument as to why the taxi driver should be tipped is that he performs many extra services of a type the bus driver is not called upon to take care of.

Those from bakeries in our section are not so good. Guess I'll send to Edinburgh, where the world's best scones are made, for a recipe and have some made at home. . . . In a drinking contest held in Sydney, Australia, the winner consumed 20 drinks of whisky in two minutes. Then hours later he died from alcoholic poisoning.

greatest rave of all time. Capricorn women do have nice legs but they are flat chested. They are culinary exhibitionists. That is they don't cook for the purpose of serving an enjoyable meal but concentrate on fancy foreign dishes so they can show how smart they are. When they furnish a house the result is always tricky. Again they ignore comfort and utility in an attempt to impress people with their cleverness as interior decorators. Capricorn women do allow their husbands much freedom. But why? When the Capricorn husband is away what is she doing? But let's not get personal! Woman's World "You apparently are as greatly prejudiced in favor of Capricorn women as you are those born with red hair," writes a feminine subscriber. "I suppose if you ever discuss a redheaded Capricornian we will hear the get on her nerves."
