

Two Drivers Hurt In Accidents Here Friday, Saturday

Three automobile accidents were reported to state police late Friday and early Saturday. Two persons, both of them drivers in one-car accidents, were injured, police said.

William Roy Richardson, 36, of 1900 Hazel st., Medford, was taken to Community hospital by a police officer after the car he was driving left Stewart ave. in the 1700 block at about 11 p.m. Friday. The officer said the car left the right side of the road just past a left-hand curve, went along the side of the ditch for 188 feet, finally coming to a stop against a pole.

Treated at Hospital
Richardson was treated for shoulder and chest injuries at the hospital and was dismissed Saturday morning. He was cited by the investigating officer for lack of a driver's license.

Robert Wallace Rieber, 35, of 1117 Reddy st., Medford, was taken to Community hospital by Medford ambulance service about 2 a.m. Saturday after the car he was driving struck a pole near Voorhies crossing on Highway 99 south of Medford.

He refused to stay in the hospital, despite his doctor's advice, and the extent of his injuries was not known, police reported.

Blinded by Lights
The investigating officer said Rieber was driving south at an apparently high rate of speed. He told the officer he was blind-

ed by oncoming headlights and lost control. The car skidded 120 feet on the highway, 60 feet sideways along the side of the road, and hit a pole, shearing it off. The car was a total wreck, the officer said. Rieber was not cited.

Friday evening, cars driven by George Edward Gannon, 47, of 323 Mae st., Medford, and Don Gene Betson, 29, Tiller, collided at Crater Lake highway

DR. GEORGE COULTER
To Conduct Crusade

Fall Evangelistic Crusade Announced

Dr. George Coulter of Santa Cruz, Calif., will be in Medford for the opening of the fall evangelistic crusade in the Medford Church of the Nazarene, Holly and First sts. Dr. Coulter formerly was pastor of the Medford congregation.

Following service in Medford, Dr. Coulter was appointed to the office of the district superintendent in northern California, where he has served since 1948.

Dr. Coulter has served on several committees for the international Church of the Nazarene, and is a general board member of the denomination.

He will be accompanied by his wife to Medford.

The Rev. R. W. Hurn, pastor of the Medford Church of the Nazarene, said the evangelistic crusade is open to the public. The crusade starts at the local church Oct. 23, at 11 a.m. Evening services each night the week of Oct. 23 will start at 7:30 p.m.

Legion Planning Party, Initiation

Plans have been completed for a stag membership party in the American Legion hall at Central Point, Oct. 29, according to Post 15 Commander M. E. Fisher.

Congressman Harris Ellsworth will officiate at initiation ceremonies for new members. The initiation ritual will be handled by the uniformed team of the Paul Bunyan Voiture of the 40 and 8 of Klamath Falls.

The purpose of the party, which is sponsored by both the Medford and Central Point posts, is to wind up membership renewals before Nov. 11, Veteran's day. Only Legion members with a paid up 1956 card will be admitted to the stag party.

A group of entertainers from Portland have been secured for the evening. There will be food, refreshments, entertainment and fun of all kinds, according to Chairman Gene Orr.

Oregon's Bartlett Pear Crop Totals 65,000 Tons for Year

Oregon's bartlett pear crop totaled about 65,000 tons, a "near record," this season, according to the agricultural marketing service of the U.S. department of agriculture.

The estimate was made last week. The crop was about what was expected on the basis of earlier crop estimates.

Above 10-Year Average
Washington and California bartlett crops also were close to expectations, with the Pacific Coast crop totaling 500,000 tons. This compares to a crop of 498,500 tons in 1954, and a 10-year average of 465,700 tons.

Prospects for varieties other than bartletts declined a little in Oregon during September, the service said, with production now estimated at 3,600,000 bushels, a "relatively large crop." Sizes are not quite up

to expectations in southern Oregon, it is reported.

The Oregon peach crop, estimated at 13,600 tons, was "about average, but nearly double the 1954 crop of 7,200 tons," the service reported.

Filbert Crop Down
The filbert crop in Oregon and Washington is estimated 20 per cent less than last year and 10 per cent below average. (In 1954, the Jackson county filbert crop totaled about 1½ tons, but in 1949 it was more than five tons, according to the 1954 farm census.)

Pear picking throughout the Rogue valley will continue at a high level at least through this week, according to C. B. Cordy, county horticulture agent. Larger orchards and smaller ones have a great many

pears still on the trees he said, although some orchards have finished the early part of the week.

The bartlett harvest is completed, and picking now is for bosc, winter nells and p.berry varieties.

PLAN CONVENTION

Salem — (U.P.) — Plans for the annual two-day convention of the Oregon Elementary School Principals' association opening Monday were discussed in a preliminary conference here Saturday.

Among the great libraries of the world, the British Museum stands in the first rank with more than 5,000,000 printed volumes and manuscripts.
