

Sam Brown Individual PCC Leader

Los Angeles — (U.P.) — Halfback Sam Brown of UCLA and halfback Jon Arnett of USC today stood out as the individual offensive stars of the Pacific Coast conference as the 1955 football season neared the halfway mark.

PCC statistics showed that Brown moved into the total offense lead by gaining 186 yards against Stanford to boost his season's total to 490. Arnett, third in total offense with 499 yards, leads the PCC in scoring with 58 points and in kickoff and punt returns. Joe Francis of Oregon State is second in total offense with 450 yards.

Tarr Tops Rushers
The No. 1 rushing leader is fullback Bill Tarr of Stanford who has 383 yards net on the ground, followed by Brown with 377 and Arnett with 348. Howard Willis moving into the passing leadership with 25 completions out of 66 passes for 326 yards. John Brodie and Jerry Gustafson, both of Stanford, have 24 completions each.

The leading pass receiver is Roger Ramseyer of California, with 17 receptions for 209 yards. John Stewart of Stanford has 14 for 154 yards, Roger Randolph of Idaho has 13 for 116 and Jim Houston of Washington has 11 for 113.

Other department leaders are: Kickoff returns: Arnett 6 for a 31.2 average; interceptions: Sam Wesley, Oregon State, 4 for 29 yards; punting: Ray Westfall, Oregon State, 10 for a 42-yard average; and punt returns: Arnett, 10 for a 21-yard average.

Oregon Gets \$396,142 in Funds For Fishery, Wildlife Programs

Portland—Oregon federal aid projects for the restoration and development of the sport fishery and wildlife resource will have a banner year in 1956 with an operating base of \$396,142 it was learned today. The money is Oregon's share of the \$18,537,900 of federal aid funds to be apportioned to the 48 states as announced by the secretary of the interior.

Under the Pittman-Robertson act, which provides for an excise tax on sporting arms and ammunition, Oregon's share in the apportionment amounts to \$288,985, the monies to be used for wildlife restoration projects.

The 10 per cent excise tax on fishing tackle under the Dingell-Johnson act brought a return to the state of \$107,157 to be used for sport fishery projects. As prescribed in the Pittman-Robertson act for wildlife and the Dingell-Johnson act for sport fish, investments are made so that benefits go to hunters and fishermen who seek recreation and food from the nation's fields and streams.

To obtain the benefits of the federal grants, the states submit project proposals to the Fish and

Welsh Tops Collegiate Grid Gainers

New York — (U.P.) — George Welsh of Navy shot to the top of the total offense race today in major college football circles on the basis of a spectacular one-man passing show against Penn State Saturday.

By completing 15 of 20 passes for 285 yards, and adding three yards rushing, Welsh not only piloted the Middies to a 34-14 victory over the Nittany Lions but increased his total yardage gained to 634.

Welsh has racked up his total in only four games while Art Luppino of Arizona was second with a total yardage of 606 in five games, according to official NCAA Service Bureau figures.

Welsh spurred all the way from 14th place in the total offense rankings.

Behind Luppino came Jim Haluska of Wisconsin with 589 yards gained followed by Jim Swink of Texas Christian with 569 yards and Bill Beagle of Dartmouth with 556 yards.

Luppino led all major college players in rushing with 606 yards in 100 rushes and was followed by Swink in second place with 569 yards and Henry Moore of Arkansas in third place with 417 yards.

Beagle, who completed 19 of 40 passes against Lafayette Saturday, gained the passing leadership. He has gained an even 600 yards through the air with 53 completions in 105 attempts. Nick Consoles of Wake Forest, with 50 completions in 79 attempts and 560 yards gained,

New York — (U.P.) — Fraley's follies and the weekend football "winners"—or a "square" gets hep for those same old Saturday night blues.

Games Of The Week

Notre Dame over Purdue: Ordinarily the Boilermakers get "up" high enough to slip the Irish a Mickey Finn. But after last week, the rebounding South Benders should be too tough to manhandle.

Maryland over Syracuse: Upset conqueror of Army, Syracuse will find this a different tune—by at least three touchdowns.

West Virginia over Penn State: Big, rough and ready, the Mountaineers are looking for prestige. They've got the horses to win easy.

The East

Navy over Penn: Shake, rattle and roll.

Army over Columbia: Dream on, my love, dream on.

Cornell over Princeton: The blue-plate special.

Also: Boston College over Marquette, Yale over Colgate, Harvard over Dartmouth, Holy Cross over Boston University, Brown over Rhode Island, Rutgers over Lehigh, Lafayette over Bucknell, and North Carolina State over Villanova.

The Midwest

Michigan over Minnesota: Little brown jug how I love thee.

Oklahoma over Colorado: The surrey with the real silk fringe.

Michigan State over Illinois: That old black magic.

Also: Wisconsin over Ohio State, Indiana over Northwestern, Missouri over Nebraska, Oklahoma Aggies over Detroit,

Iowa State over Kansas State, SMU over Kansas and Texas Western over Wichita.

The West

UCLA over Iowa: The scourge of Highway 101.

USC over California: Wake the town and tell the people.

Washington over Stanford: Whatever Lola wants.

Also: Oregon State over Washington State, COP over San Jose State, Colorado Aggies over Utah State, Utah over Wyoming, Montana over New Mexico and Denver over Brigham Young.

A Split second is the big difference!

A split second makes the big difference in a thrilling pass interception like this. In your engine it's even more important. Unless your engine fires on the right 1/100 of a second, power works against you, not for you.

TCP is the Big Difference between Highest Octane Gasolines—gives you split-second "GO"

It's wonderful the way our modern automobile engines respond—a split second after you touch the accelerator.

Yet the newest of today's engines loses some of its fine response in 2000 miles or less. This happens because of engine deposits which build up in your daily, short-trip driving.

In a combustion chamber, these deposits fire the gasoline a split second before the piston reaches firing position. Instead of getting a full-power stroke, you lose power! On spark plugs, deposits cause short circuits. Your engine "misses"—more power loss!

High octane gasoline alone can't stop this power loss. High octane with TCP* can.

TCP additive overcomes harmful engine deposits—stops pre-firing and spark plug "miss."

Only Shell Premium Gasoline has both TCP and top octane. That's why Shell Premium keeps your engine delivering its "like new" split-second response.

See your Shell Dealer for Shell Premium with TCP. It's the most powerful gasoline your car can use!

*Shell's Trademark for this unique gasoline additive developed by Shell Research. Patent applied for.

Only Shell Premium Gasoline has both TCP and Top Octane!
