

52 4-H Members Receive Awards At Applegate

Achievement pins were presented to 52 4-H club members at a meeting in the Applegate grade school gymnasium.

Pins were presented by Chester Irish and Gene McCurdy of the Medford branch, First National Bank of Portland.

A program was presented by the Junior leaders of the Applegate 4-H clubs. Francis Krouse was master of ceremonies.

Those presented pins were the following.

First Year Pins

Jean Rowden, Luci Sims, Kay Stephenson, Lorene Stephenson, Marthanne Goodwin, Sally Herriott, Karen Newman, Mary Sue Freemantle, Linda Wells, Marilyn Wells, Lona Buffington, Mary Herriott, Bonnie Fremantle, Jimmy Dale Christensen, Vincent Freemantle, Tommy Herriott, David Pittcock, Virgil Prowell, Robert Ziegler, Michael Elmore, Mary Sue Chittock, Karen Gettinging, Jerry Rowden, and Don Kucera.

Second Year Pins

Christina Tolle, LaVerne Guches, Gary Fossen, Wallace D. Pearson, Jimmy Sims, and Brad Gettinging.

Those receiving fourth year pins were, Miriam Gopen, Noel Dunlap, and Russell Elmore; fifth year, Philip Krouse and Gary Smith; sixth year, Owen Krouse, Dona Lee Brown, Shirley Dunlap, Truman Elmore and Gary Krouse; seventh year, Anita Rosemus and Charles Elmore; eighth year, Francis Krouse, and ninth year, Nancy Redhead.

Musicians Protest Amusement Tax

Portland—(U.P.)—A resolution spurred by complaints of Portland members of the American Federation of Musicians was approved by the Portland Central Labor Council last night in opposition to the 20 per cent federal amusement tax.

The resolution, to be sent to Oregon's congressional delegation said "tens of thousands are jobless because of this ruinous tax."

It added that the wartime tax was no longer needed and that it was discriminatory, depriving thousands of musicians and others of work.

Circuit Judge James R. Bain of Multnomah county asked the council to endorse a daylight parade in Portland on Veterans Day, Nov. 11, and to call on employes to grant veterans a holiday on that anniversary. Bain represented the veterans council.

Jurors Being Picked In Sherry Fong Trial

Portland—(U.P.)—Selection of a jury continued today in the second first degree murder trial of Sherry Fong for the 1954 death of 16-year-old Diane Hank of Portland.

During questioning of prospective jurors yesterday, the defense moved to eliminate consideration of the death penalty but was overruled by Judge Alfred P. Dobson.

Mrs. Fong and her husband, Wey Him Fong, were convicted earlier but Judge Dobson ordered a new trial. They chose to be tried separately this time.

Portland Temperature Hits 66 at Midnight

Portland—(U.P.)—Highest temperature in the Portland area yesterday was reached at midnight last night when the thermometer climbed to 66 degrees, and the weather bureau said that reading would be the high for today, too, because the mercury dropped to 64 degrees by this morning.

High gusty winds were credited with raising the temperature through the night. The weather bureau said wind in the Portland area would reach its maximum by noon and then taper off. Winds off the Washington coast reached 75 mph and 45 mph on the Oregon coast early this morning.

Dead line for Sunday Classified is noon Saturday; 10 a.m. Monday for Monday; other days 5:30 previous day.

Suggestion Made to Force Annexation Of Fringe Areas

Portland—(U.P.)—Mayor Paul O. Landry of Klamath Falls suggested yesterday that a law be passed which would make annexation automatic when the population of a fringe area approaches that of the city.

The suggestion was made at the annual meeting of the League of Oregon Cities here as a possible method to help problems caused by growing areas near Oregon's largest communities.

Informal Hearing

Officials from seven cities met at an informal hearing with the legislative interim committee on local government and urban area problems. Problems cited include danger from inadequate sewage disposal in suburban fringes, growing cost to cities to provide services to those who are not taxed, and difficulty of large scale annexations.

Landry said Klamath Falls had 16,000 inside the city limits and as many or more outside. Springfield has the same prob-

lem, according to Mayor Edward Harms, who said voters had twice voted to remain outside the city limits.

Permits Turned Down

Harms said lack of sanitary sewers was such a problem that the county turned down 95 out of 100 building permit applications. He added that the Lane county health board had even warned that some well users are actually drinking their own sewage.

Dulles Would Attend Vienna State Opera

Paris—(U.P.)—Secretary of State John Foster Dulles would like to attend the festive opening of the Vienna State opera Nov. 5 if his schedule permits, an American spokesman said today.

The Austrian government sent Dulles an invitation to attend the opening of the historic opera house, celebrating the end of the Austrian occupation.

Another suggestion was made that occupational taxes be levied for those who work inside and live outside city limits.

Mayor Richard W. Long of Oregon City said the water supply presentec his city's biggest problem. He said that when Oregon City's 3,000,000 gallon per day pipeline was built there was water to spare. Now, he said, industrial users have had to be turned away.

Medford Problem Told

Robert A. Duff, of Medford said the city council there tried to annex a territory larger than itself with the idea of building proper water and sewage lines in a rapidly developing area. But it failed by a 10 to 1 margin. An annexation vote on a smaller area is now proposed.

Mayor M. A. Davidson of The Dalles said the new dam there had brought about plans for "the toughest subdivision ordinance anywhere" requiring real estate developers to install all utilities, streets and sidewalks.

Surprise Witnesses Hinted in Axilrod Strangulation Trial

Minneapolis—(U.P.)—The prosecution hinted it would call surprise witnesses today in its attempt to prove that Dr. A. Arnold Axilrod seduced and strangled a GI's pretty wife.

Axilrod, a 50-year-old dentist, is accused of slaying Mrs. Elizabeth Mary Moonen, 21, after she threatened to "tell the world" he fathered her unborn child.

County Attorney George Scott, who had been expected to wind up the state's case after the testimony of Coroner William Guthrie, said he will call at least "several more witnesses." He added, however, "we still expect to rest our case some time this week."

Scott's hint followed a day in which:

1. A detective testified he heard Axilrod tell his wife after his arrest, "If I did it, I did it."

2. The state gave an indication of its new strategy by calling its first surprise witness, Mrs. Joyce Davis, 39. Mrs. Davis testified that Axilrod telephoned her on the evening of the murder and "insisted" on delivering some presumably lower-tax cigarettes he asked her to buy.

3. Guthrie testified he heard Axilrod say he "must" have strangled his attractive patient shortly after Mrs. Moonen's body was found in an alley in the fashionable Lake of the Isles district last April 23.

The detective, Walter L. Dolmseth, 43, said Axilrod's statement to his wife was made at police headquarters. He said Mrs. Axilrod told her husband: "These people are crazy to put you in jail."

Dolmseth said Axilrod replied:

"Well, if I did it, I did it. But don't worry. Everything will come out okay."

Woman Reports Visit

Mrs. Davis said Axilrod called her about 6:30 p.m. on April 22 and asked if she wanted to buy some cigarettes from him, presumably lower-tax cigarettes from Wisconsin.

She said she told Axilrod she would let him know, but that he "insisted" on delivering them immediately. The dentist delivered the cigarettes about 6:45 p.m. and stayed 45 minutes, talking with her and her son, Lawrence, 19, she said.

Mrs. Davis said Axilrod seemed tired and blinked his eyes, so she asked him if he were tired. She said he replied, "No, it's not that."

Mrs. Davis said the dentist telephoned her about two weeks later, after his arrest, and asked her if she had told police about his visit and if she had pointed out that her son was present. She said she had.

"He asked, 'Did you tell them you had asked me over to see the apartment?'" Mrs. Davis testified. She said she told him, "I did not," and hung up on him.

Four Killed, 24 Hurt In Stampede from Fire

Manila, P.I.—(U.P.)—Four women were trampled to death and 24 injured Monday when 500 beauty culture school students stampeded from a second floor classroom to escape a nearby fire.

The students, all women, were attending classes on the second floor of a downtown Manila building when fire broke out in a group of nearby stores.

GRID GAME SET

New Brunswick, N. J.—(U.P.)—The 1956 Rutgers university football team will play Boston college for the first time since 1919, it was announced today. William and Mary, Connecticut and Colgate are the other new opponents on the Scarlet's nine-game schedule next season.

PLAYER TRADED

Detroit—(U.P.)—Veteran forward Ed Sandford of the Detroit Red Wings today was traded to the Chicago Black Hawks for Metro Prystai in a straight player deal. Prystai will join the Red Wings in time for their game against the Rangers at New York on Wednesday night.

Oh-h-h!
