

A MOTHER'S GRIEF over the loss of two sons causes her collapse as she enters a Chicago Catholic church for funeral services. Shown being carried into church by unidentified men is Mrs. Eleanor Schuessler, mother of John and Anton Schuessler, who were found murdered last week with another Chicago boy.

On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

This century of progress is apparently progressing at top speed in Sweden. Now in the Swedish public schools children are instructed in the so-called "facts of life" at the age of seven. Not only that, the Swedish educators plan shortly to arrange to have the older children given lessons in the "technique of love-making." There is also a law in Sweden that no employer can discharge an expectant mother. He must also give her a four-month period of time off, with pay, while she is having the baby.

Sidelights
How about a film based on the life of Gaby Deslys? Zsa-Zsa Gabor could play Gaby. Good title for the picture would be "All for a Girl." It was said King Manole of Portugal gave up his throne for Mille Deslys. . . . What in my opinion is a highly effective slogan is that used by a Manhattan firm, namely, "Old customers send us six out of every ten new customers."

Asides
What's the greatest selling phonograph record of all time? Answer is Irving Berlin's "White Christmas." That has sold 18,000,000 copies. . . . Ever hear of Ischia, Italy? It is said that the volcanic waters of that section are very beneficial for childless women. That many women who had given up all hope became mothers after treatment at Ischia. . . . What is the world's most powerful alcoholic drink? According to experts on the subject it is Swiss absinthe.

Asking
Queries from clients. Q. My height is 5 feet 7; weight, 138; bust, 36½; waist, 25 and hips, 36. How do your Horses and Women experts classify my figure? A. You are a Junoesque type. Should be very popular with men who like a large armful of girl. Or, so say H and W experts. Q. My wife claims Nathan Hale said, "I regret that I have but one life to give for my country." I claim he said, "I regret that I have but one life to lose for my country." Who wins the argument? A. You are the winner, sir. Congratulations.

Get It Right
Once more let me say I do not play favorites to show. Nor have I ever recommended such a method. My procedure has ever been to play the "solid horse" for show. What is the solid horse? Well, sir, that is the noble animal who in the individual handicapper's considered opinion has the best chance to finish in the money. Doesn't have to be favorite. Usually isn't. Quite frequently is a long-shot.

Career Girl
Mildred Burke has acquired another mink coat. This one cost \$10,000. She also regularly wears \$39,000 worth of diamond jewelry. She can afford it. She earns over \$100,000 a year. Perhaps you are not familiar with Mildred's career. She is the world's champion female wrestler. Has participated in 3,000 bouts and never been defeated. She is happily married. Has a 19 year old son. He's a wrestler too. Mildred will probably retire undefeated. Only feminine wrestler having a chance of beating her is "Peach-

Penalty Charge Urged on Railroads

Salem — (U.P.) — The governor's emergency transportation committee will urge Congress to pass a law allowing the Interstate Commerce commission to charge penalty rental rates against railroads which have to use cars of other lines because they do not build cars of their own.

The committee, meeting here yesterday, authorized Lloyd C. Mason, Oregon Farm Bureau Federation representative, to represent it at a meeting next Monday of the U. S. Senate Agricultural committee.

The committee also wants a penalty for railroads which do not repair cars fast enough. And shippers who hold cars more than 72 hours would be penalized by the ICC under the proposed program.

The committee opposed any effort by eastern railroads to obtain a larger share of receipts from transcontinental freight shipments. Clifford W. Ferguson, counsel, said if the eastern railroads are successful, Southern Pacific Company's revenue would be cut 50 per cent which he said would prevent SP from building more cars.

TV Aerial Leads Should Be Built In

Chicago — (U.P.) — A television manufacturer says TV aerial leads should be installed between the walls when a house is built.

Trav-Ler Radio Corporation's Home Institute said this would dispose of unsightly wires and reduce wear and the need for replacement.

Mrs. Lillian Sloan, director of the institute, said a survey among 10,000 home owners revealed that more than 73 per cent were dissatisfied with their TV antenna leads.

Many persons, she said, complained of the necessity of replacing the lead every three or four years, due to the wearing of insulation. Others objected to the unsightly appearance of the antenna lead draped down the side of the house, and the necessity of running it around the room inside.

Stockmen Directors To Discuss Program

Directors of the Jackson County Stockmen's association will meet Nov. 1, at 8 p.m. in the county agent's office at the courthouse.

The possibility of a state livestock commission will be discussed at the meeting as will a suggested program of work for the association.

Included in the work program will be plans for grazing improvement, such as reseeding, water development, drift fences and other related subjects, according to county agent W. B. Tucker.

A date will also be set next Tuesday for the annual meeting of the association.

Salem — (U.P.) — Dr. William Cloyd has been named assistant superintendent at the Oregon State Tuberculosis hospital.

"Bright girl, my Betsy!"

► I just can't get over the marvelous way my Betsy outsmarts her housework. Take wood floors for instance. I hear other wives complain about all the scrubbing and waxing they have to do. But not my Betsy! She cleans and waxes them in one easy operation with Bruce Cleaning Wax. Why, she's through in half the time and fresh as a daisy! And our beautiful wood floors are always getting compliments. My Betsy and her Bruce Cleaning Wax sure make small work of a big job. I'm mighty proud of both of them.

► P.S. For lighter waxing on linoleum and wood, Betsy uses Bruce Floor Cleaner.

HEU Provide Many Services To Area

Cooperative extension work in Jackson county is a public service available to anyone who wishes information about agriculture, horticulture, livestock, or home economics, according to Joanne Weatherford, acting county home economics agent.

Home extension units are comprised of groups of people who want to participate in the educational type programs offered by the extension service. These units are open to anyone in the county who wishes to join, Mrs. Weatherford said.

Courses now being offered by the extension service include basket weaving, gift wrapping, main dish meals, and a color in the home workshop. Anyone interested in taking part should call the Jackson county service, Mrs. Weatherford stated.

Pamphlets giving information about a wide variety of subjects, from diseases of plants and animals to "What to do when your home freezer stops" are available, free to the public, at the county agent's office.

Talks Continue To Head Off Strike

Portland — (U.P.) — Federal Mediator Bob McClelland met again today with union and company representatives in an attempt to head off a threatened strike by some 500 employees of the Pacific Telephone and Telegraph Company in Oregon.

The old contract expired last week but both sides agreed to an extension until Oct. 31. Today's meeting was a joint affair. McClelland met separately with each side yesterday.

Roseburg Man Hurt In One-Car Accident

Oregon City — (U.P.) — A 45-year-old Roseburg man was in critical condition at a local hospital today with injuries received in a one-car accident on highway 99E yesterday.

Robert W. Foye was injured when his automobile hit a slick stretch of pavement near Aurora, just north of the Pudding river bridge. His car went out of control and into a ditch.

Colleges May Limit Admissions

Portland — (U.P.) — Chancellor John Richards told the closing session of a State Board of Higher Education meeting here yesterday that Oregon colleges may have to limit admission to the upper two-thirds of high school graduates and reduce the number of out-of-state students.

The possibility of selective admissions loomed, Richards said, because of the anticipated doubling of college enrollments in the next 6½ years.

He said Oregon's problem was made more difficult because the state had no junior colleges and relatively few private schools.

The board announced the appointment of Dr. Charles D. Byrne, former chancellor, as head of the Napal contract. Dr. Byrne will spend some two years in Napal helping establish higher education facilities at a base salary of \$10,000 per year.

Also announced was the authorization of preliminary plans for the first unit of a new dormitory at Eastern Oregon College of Education at a cost not to exceed \$400,000.

Pulp Mill To Be Built at Toledo

Portland — (U.P.) — Georgia-Pacific Plywood Company has announced tentative plans for construction of a pulp mill at Toledo, which is the center of the firm's large timber holdings in western Oregon.

Owen R. Cheatham, G-P president, also reaffirmed the company's intentions for construction of a pulp mill at Juneau in southeast Alaska. The company recently obtained 500,000 acres of timber near Juneau from the federal government.

Cheatham said Georgia-Pacific was considering blending the hemlock-spruce pulp from the Alaskan mill with the fir pulp from the proposed Toledo plant. The Alaska mill would produce 500 tons of pulp daily, and the Toledo mill 250 tons.

The G-P official said the Toledo site had available a continuing source of power, water and wood waste. Main problem to be solved was the shallowness of the Yaquina Bay channel to Toledo, but Cheatham said army engineers were reported to have plans to deepen the channel.

Oregon City Girl Killed By Automobile

Oregon City — (U.P.) — Geraldine Mary Hamilton, seven-year-old daughter of Mr. and Mrs. Otis Hamilton, was fatally injured yesterday when she ran into the path of a car driven by Albert A. Rex, Portland.

CUSTOMER PAID
Burlington, Ia. — (U.P.) — A price war between two grocers got so heated today that they were paying customers five cents each for carrying away a loaf of bread.

Classroom Teachers President Tours State

Portland — (U.P.) — Miss Elizabeth Yank, national president of classroom teachers for the National Education association was touring Oregon this week for conferences and meetings with local teachers.

The sixth grade teacher, on leave from Marysville, Calif., will visit La Grande today and

Klamath Falls on Thursday. She will speak here at the fall conference of classroom teachers of Oregon on Friday and Saturday.

You can buy this Pot Roast only at Safeway

* Every cut of beef Safeway sells is nothing less than

for one reason...

it's aged as only Safeway can do it

PROPER AGING is reason No. 1 why you'll find your best meat value at Safeway!

For example: Each Pot Roast you buy at Safeway is aged so you taste its full natural tenderness and flavor.

To assure you properly aged meat, Safeway built in this area a million dollar Central Meat Plant. Here Safeway meats are held in air-conditioned aging rooms, at controlled temperatures, the exact number of days required to develop peak goodness.

NOTE OUR "PERFECT EATING" TRIM: As photo above shows, each Pot Roast you buy at Safeway provides all the good-eating meat that belongs on a true Pot Roast. There's lots of lean pot-roasting meat and very little bone in proportion to meat; the fat is trimmed close before your purchase is weighed, so you save money. Safeway meat-trimming means better eating and better value!

...AND TOP GRADES ONLY! Each Pot Roast you buy at Safeway is from U. S. Government top grades of beef (actually, only meat of the top grades is improved by aging!). This tender, juicy meat is packed in sterilized boxes at our Central Meat Plant and delivered to Safeway stores by refrigerated trucks. At Safeway meat counters and at our self-service meat sections, you get the same quality!

Safeway Guarantees
each cut and kind of meat you buy. Our guarantee means that each meat purchase must please you completely or we return your money without fuss or quibble!

Women who Use Vano Liquid Starch

are sweet-tempered on wash day because Vano does a perfect starching job every time. Saves work...saves time.

IF YOU'RE NOT USING VANO YOU'RE WORKING TOO HARD
