

Chairman Speaks On Milk Program At Luncheon Here

Carl Hover, chairman of the public relations committee for the Milk Producers' league, met with the league's auxiliary Tuesday noon at the Jackson hotel.

Mr. Hover presented each member copies of the special school milk program and requested that principals in every school in Jackson county be contacted that do not at present make use of the program.

The special school milk program was authorized by congress to assist in expanding dairy outlets by increasing milk consumption of school age children. Revisions have been made in the operation of the program which the Department of Agriculture hopes will result in overall increase in milk consumption. The changes are designed to prevent financial loss to the schools, simplify record keeping, and assure a reduction in the price of milk to children.

Mr. Hover also stated that a film called "It's All in Knowing How" will be available for showings in the schools and PTA organizations. This film depicts the importance of a diet adequate in milk consumption in the success of all school endeavors.

All members of the auxiliary are asked to attend the next meeting at the Jackson hotel, Tuesday, November 29.

For Tuesday's meeting Mrs. Richard Westerburg provided a prize, which was won by Mrs. Lewis Clark.

The conference will be attended by presidents and vice-presidents of local and county Department of classroom Teachers associations. The Department of Classroom Teachers is a part of the National Education association and the Oregon Education association, national and state affiliated teachers' professional organizations. The NEA and OEA have respective memberships of 613,000 and 12,600.

Coin Collection for UNICEF To Be Project for Halloween

All children of the community are asked to take part in the Halloween collection of coins for the work of the United Nations agency, UNICEF, among the children of all the world. Medford Camp Fire Girls are sponsoring the collection, but all children are asked to participate.

The collection will take place between 6 and 9 p.m., traditional "trick or treat" hours, and schools of the district are cooperating. Coin cartons and UNICEF identification may be picked up at the school gymnasium in each neighborhood, and Roosevelt, Lincoln, Jackson, Oak Grove, Lone Pine and Washington schools will be open for those hours.

Children in the Jefferson district will pick up their supplies and return their coin containers to Washington school.

Members of service clubs of the city will serve refreshments to the children when they turn in the coin containers. Taking part in this will be the Active, Kiwanis, Junior Chamber of Commerce, Crater Lions and Medford Lions clubs. Because Roosevelt school will hold the annual carnival that night, supplies will be available and coins accepted, but no refreshments will be served.

Those in charge point out that much aid can be given children in foreign lands with only a small amount of cash. Twelve cents will buy medicine for complete cures from yaws, one cent will provide inoculation against tuberculosis, 5 cents will buy 10 bowls of rice or 33 glasses of milk.

UNICEF, United Nations Children's Fund, is the world's

largest intergovernmental organization concerned solely with the welfare of children. It is non-political. Each country receiving UNICEF aid matches it dollar for dollar, and it is pointed out that the programs are designed to become part of the country's economy. About 90 underdeveloped countries are being helped.

Camp Fire Girls say "Have your pennies ready to drop into the coin containers when the children ring your doorbell on Halloween."
