

Fire Chases Hotel Guests

Vancouver, Wash. — (U.P.) — Fire at the Monterey hotel here early yesterday sent 17 persons running into the street and two persons to the hospital.

The entire Vancouver fire department and three trucks from Portland answered the call. Four tenants and one fireman were overcome by smoke.

Fireman Herman Kilwein, 25, and John R. White, 63, tenant, were treated at St. Joseph's hospital here after White was rescued from a second story window by fire marshal James Brown.

The blaze broke out in the central heating room in the basement, apparently from faulty wiring, about 5:30 a.m.

Fire damage was not reported to be extensive, but smoke and water loss was considerable throughout the building, according to Assistant Fire Chief Vance Galbraith.

Television Plans Code of Ethics

Hollywood — (U.P.) — A television producers organization disclosed today it is drawing up a code of ethics to assure that the "viewing public receives the proper type of shows."

Tom Lewis, president of the National Society of Television Producers, said the industry-wide committee met over the week end with representatives of the National Audience Board.

"We want to devise a method by which TV producers can guide themselves in the making of properties for the viewing public in either live or filmed shows," Lewis said.

Lawyers Guild Plans To Check Tag as Communist Front Group

By LYLE C. WILSON
United Press Correspondent

Washington — (U.P.) — The National Lawyers Guild is in the news again, this time with a plan to ask the Supreme court to forbid the Justice department to tag it as a subversive Communist front.

The guild and its members more often have been in the news as followers of the Communist Party line, legal defenders of Communist fellow travelers, or as leader in the occasional effort to put J. Edgar Hoover and the FBI out of business. The guild does not like Hoover.

That, leastwise, would reflect many of the guild's preoccupations from its birth in 1937 down to 1950 when the House Un-American Activities committee last made a detailed report. That report began like this:

"The National Lawyers Guild is the foremost legal bulwark of the Communist Party, its front organizations, and controlled unions."

"Since its inception it has never failed to rally to the legal defense of the Communist Party and the individual members thereof, including known espionage agents."

Organized Student Division
The committee reported that since 1946 the guild had operated a student division to enable law students to join in its activities. As of 1950, the student divisions were as follows:

University of Michigan, University of California at Berkeley,

University of Southern California (Boalt Hall), University of Chicago, Harvard University, New York University, Columbia University, Brooklyn Law School, Yale University, University of Washington, and Washington, D. C., the institutions in the latter city being unnamed.

The report continued: "The real nature of the guild's philosophy comes into sharp focus during court procedures. Leading without exception, its leading members... seek to bring the courts and its procedures into disrepute."

Judge Harold Medina cited for contempt six lawyers who defended the 11 top Communists convicted in his court of advocating the overthrow of the United States by force and violence. Conduct of the attorneys had been notorious. All were members of the lawyers guild.

in 1950 that the Justice Department place the guild on the subversive list and require it to register as the agent of a foreign power. Nothing happened then but Attorney General Herbert Brownell Jr., reviewed the findings after the Eisenhower administration took office and said he would list the guild as subversive.

Brownell hasn't got around to doing it yet and the guild hopes to beat him to the punch before the Supreme Court.

Morgan Pledges Candidate Backing

Klamath Falls — (U.P.) — Oregon Democratic Chairman Howard Morgan said here Saturday he would extend the full facilities of the party in Oregon equally to any candidate for the party's presidential nomination.

Morgan said his recent criticism of New York Gov. Averill Harriman as a party candidate and not as a private citizen was issued as a private citizen and not as a party chairman.

Morgan was in Klamath Falls to complete arrangements for a Democratic dinner next Friday at which principal speaker will be Sen. Hubert Humphrey (D-Minn.).

The party chief supported the view of Sen. Wayne Morse (D-Ore.) who had predicted that the Republican candidate for United States Senator from Oregon would be Gov. Paul Patterson.

Brown sugar is a cane sugar that is less refined than white sugar.

Sheridan Lumberman Dies in Plane Crash

Harrisburg, Va. — (U.P.) — A Sheridan, Ore., lumberman visiting in the east was one of five persons killed Saturday when his twin-engine private plane crashed and burned in a farm field four miles north of here.

The pilot was identified by Virginia state police as Elmer Rhodes Berkey, 48, a lumberman and operator of a mill in Sheridan. He arrived here Wednesday with his wife to visit his mother, Mrs. E. J. Berkey.

Killed in the crash were his half-sister, Mrs. Mabel Martin, 33; her husband Robert, 33; Stanford Martin, 25; Robert's brother, and Sam Kauffman, 27. All were of Harrisburg.

The plane nosed into the ground about 4 p.m., killing all five passengers instantly.

Columbia Sturgeon Hit by Lamprey Loss

Portland — (U.P.) — White sturgeon in the Columbia river are starving because of the rapid disappearance of lamprey, according to Ivan Donaldson, biologist with the Corps of Engineers at Bonneville dam.

Donaldson reports that emaciated sturgeon are now common in the Columbia. Lamprey are unable to pass through the fishways at Bonneville in great numbers because their suction discs don't operate properly on the concrete wall.

Donaldson, writing the 1954 annual report on the passage of fish over Bonneville and McNary dams, said a simple wooden railing the length of the fishways would enable all lamprey to pass through, and thus would help provide an ample diet for the white sturgeon.

Girl Scouts Hold Convention in SF

San Francisco — (U.P.) — Some 6000 Girl Scout leaders, representing the highest membership in the organization's history, convene tomorrow in a four-day national convention at the Civic auditorium.

The Girl Scout national board of directors, which met here yesterday and today, reported that membership increased 14 per cent in the past year to an all-time high of 2,642,616.

About one out of every eight American girls between the ages of 7 and 17 belong to the group, the board said.

Delegates and visitors from the United States and 11 foreign countries are expected to attend the convention, which ends Friday.

Benton-Lane Coop Votes to Change Name

Corvallis — (U.P.) — The Benton-Lane Electric coop with about 5000 shareholders in six Oregon counties voted Saturday to change its name to Consumers Power.

The new and simpler name was approved about 3-1 at the coop's annual meeting here.

Sen. Wayne Morse (D-Ore.) was principal speaker before the group. He called for the distribution of surplus food to underdeveloped countries in exchange for investments in those countries.

The sun shines on St. Petersburg, Fla., an average of 360 days a year.

MEDFORD (OREGON) MAIL TRIBUNE

Canadian Pacific Express Jumps Rails

Vancouver — (U.P.) — The Canadian National Railway's crack Vancouver to Montreal Continental Express was derailed last night when the two-unit diesel

engine struck a rock. A CNR spokesman said the engine and five cars which left the tracks remained upright. Early reports indicated that no one was seriously injured.
