

# Michigan In No. 1 Spot In UP Poll; Middies Drop To Tenth In Top Ten Shakeup

New York (U.P.)—The United Press college football ratings first place votes and won-lost records in parentheses:

Teams	Points
1. Michigan 15 (6-0).....261	
2. Oklahoma 7 (5-0).....251	
3. Maryland 8 (7-0).....249	
4. U.C.L.A. 3 (6-1).....221	
5. Michigan State 2 (5-1).....211	
6. Notre Dame (5-1).....202	
7. Georgia Tech (6-1).....177	
8. West Virginia (6-0).....175	
9. Texas Christian (6-1).....155	
10. Navy (5-1).....153	

Others: 11. Ohio State, 34; 12. Texas A&M, 22; 13. Auburn, 7; 14. Purdue, 6; 15 tie, Duke and Southern California, 5 each; 17. Mississippi, 4; 18. Miami, Fla., 3; 29. Army, 2.

New York (U.P.)—Michigan's "thrill a minute" Wolverines, who score their football victories with a script out of an old-time movie melodrama, topped the United Press ratings today for the fourth week in a row.

## Giovanelli To Stay In Welterweight

New York (U.P.)—Danny Giovanelli of Brooklyn said today he will remain in the welterweight division and try to win the 147-pound title because of the speed he displayed while outpointing Paolo Melis of Montreal in their TV fight at St. Nicholas Arena Monday night.

Rangy Danny had tried a fling in the middleweight class, but was soundly trounced by Ray Drake, so he returned to the welterweight division and won the unanimous 10-round decision over Melis, former welterweight champion of Italy.

He weighed 150 1/4 pounds to Melis, 148 1/2.

Another TV Bout  
Promoter Tex Sullivan will give 23-year-old Giovanelli another TV bout at St. Nick's on Dec. 19, probably against the winner of next Monday's Chico Vejar-Danny Jo Perez fight at St. Nick's.

They went into the ring at even money Monday night, but stocky, Speed Melis indicated with rapid-fire counters in the second and third rounds he would win the fight. Then Giovanelli switched tactics and began using his left jab at long range and forcing Paolo to do much of the leading. Danny was very effective in countering with jabs, left hooks and right crosses.

Giovanelli took the fourth, fifth, seventh and eighth rounds of the official score sheets and broke even in the sixth. He had taken the first. Accordingly, Melis' stronger finish in the ninth and 10th was not enough to win. The voting favored Danny, 6-3-1, 6-3-1, 6-4. The United Press agreed, 6-4.

Six Stitches Required  
Melis, 26, required six stitches on his gashed left eyelid, and small patches on nicks in the left brow and below the eye.

## Long Range Forecast Predicts Drought End

Chicago (U.P.)—A former secretary of the Smithsonian Institute predicts that the drought which has plagued the Midwest since 1952 will be all over by 1957.

Dr. Charles G. Abbot, in the October issue of Science Digest, says that long-range weather forecasts are possible for areas which have detailed enough local records.

Dr. Abbot has predicted, both backward and forward from the year 1897, the rainfall in St. Louis for a century in checking his findings with the actual weather bureau records, he says, he came quite close to actual conditions for 70 out of 100 years.

He bases his predictions for the end of the Midwest drought on studies like the St. Louis experiment.

4-H Leaders Schedule Research Discussion  
A meeting of the Jackson County 4-H Leaders association will be held at 7:30 p.m. today in Bigham hall, county fairgrounds, Glenn Klein, county 4-H agent has announced.

HUNTER'S BODY FOUND  
Wallowa—(U.P.)—The body of a Wallowa, Ore., elk hunter who apparently died of a heart attack was found on a road near here at about 1 a.m. Monday. The victim was Dick Dailey, 50, who formerly operated the Hotel Wallowa restaurant here with his wife.

Oklahoma beat out Maryland for the No. 2 ranking by a slim margin, and Georgia Tech, West Virginia, and Texas Christian moved into this week's top 10 selected by the 35 leading coaches who make up the United Press rating board.

Notre Dame's 21-7 victory over Navy and upset defeats suffered by Auburn, Southern California and Texas A&M caused the shakeup in the top 10. The Middies dropped from fourth to 10th, giving U.C.L.A., Michigan State and Notre Dame an opportunity to advance one notch each to the respective 5, 6 and 7 rankings.

Few Points  
For the second week in a row, a comparatively few points separated the three top teams. Michigan's comeback power, which overcame a 14-point half-time deficit and produced a 33-21 victory over Iowa, helped the Wolverines "widen" their lead from last week's six points to 10 this week.

This was the fourth game in the past five that the Wolverines were called upon to come through with their best football in the second half in order to preserve their perfect record.

As a result, 15 coaches picked Michigan tops in the country. Oklahoma received only seven first-place votes compared to eight for Maryland, but the Sooners attracted more votes for succeeding places and edged the Terrapins, 291 points to 289. Michigan's total was 301 points.

Fourth-ranked UCLA had three first place votes and fifth ranked Michigan State received the remaining two. Points, based

on 10 for a first place ballot, nine for a second and so on down to one for a 10th place vote, were distributed; UCLA 221; Michigan State 211; Notre Dame 202; Georgia Tech 117; West Virginia 77; Texas Christian 75, and Navy 53.

Georgia Tech, West Virginia and TCU made the biggest jumps this week as they knocked Auburn, Southern California and Texas A&M out of the top 10. Georgia Tech moved up five places to the No. 7 ranking; West Virginia, making the season's first appearance in the select group, jumped three spots to No. 8; and TCU advanced four places to No. 9. West Virginia, like Michigan, Oklahoma and Maryland, is undefeated and untied.

Games Next Weekend  
Next week end's games most likely to shake up the top 10 are Michigan State vs. 14th-ranked Purdue and Navy vs. 15th-ranked Duke. Most of the other leading teams should be victorious. Michigan continues its Big Ten schedule against Illinois; Oklahoma seeks its 26th consecutive triumph in a Big Seven game against Missouri; and Maryland will be out to make Louisiana State its 13th straight victory.

Only 19 teams were mentioned on the Coaches' ballots and for the second week in a row there were not enough teams for a "second 10" group. Ohio State took over the No. 11 ranking, trailed by Texas A&M, Auburn and Purdue. Duke and Southern California tied for No. 15, with Mississippi, Miami (Fla.) and Army rounding out the week's list.

## Diesel Engines Of German Sub Will Hum Again

Chicago (U.P.)—The diesel engines of the U-505 German submarine at the Museum of Science and Industry soon will be humming again after a six-month search for missing parts.

The hunt was ended when the Maschinenfabrik Augsburg-Nurnberg A. F. (usually referred to as M.A.N.) firm in Western Germany supplied the missing hardware.

The engines hadn't been run since 1945 when the submarine was used by the Navy in war bond promotion. The engines then were taken apart by the Navy to complete examination and evaluation of German construction methods.

When the U-505 arrived at the museum last year to become a permanent war memorial, restoration was begun, and the Navy and many U.S. firms cooperated by sending technicians and equipment to replace broken or missing items.

German Builder Helps  
The German government also helped and sent a former submarine commander to help identify equipment and catalogue missing parts. Some pieces had to be made and technical manuals were obtained from the U.S. Navy as well as from German shipbuilding firms.

The missing injection valves for the diesels were the toughest part of the engine problem. All of the 18 cylinders (nine to each engine) had been removed and replaced with a wooden plug which kept the interior of the cylinder protected. But no valves could be located anywhere, and because every maker of diesels has variations in construction of valves, American-made equipment could not be used.

Finally, through the help of the German government, the original builders of the U-505's engines were contacted and agreed to provide the missing parts without cost as a contribution to the submarine's restoration.

The parts are now being installed so visitors soon will be able to hear and feel the diesels throbbing at idling speed and get a more realistic idea of what life in a submarine is like.

## Sugar Cane Stalks Used To Make Paper

Gloucester, Mass. (U.P.)—Paper pulp from sugar cane stalks.

Thanks to this new process, school children of the Philippines will have textbooks and housewives in Peru will be able to carry home their groceries in paper bags instead of their skirts.

Work done for the paper pulp industry by Gloucester's frozen-food pioneer, Clarence Birdseye, is making all this possible.

For the past two years he has been working in Paramonga, Peru, to set up a plant for making paper pulp from "bagasse," which is crushed sugar cane stalks. It is planned to manufacture the new product in 10 countries from the Philippines to South and Central America and Egypt.

REUNION  
Rawson, N. D.—(U.P.)—Mr. and Mrs. Fred Dexter celebrated their 50th wedding anniversary recently with a double celebration. It was the first time in their 50 years that their two sons and five daughters had been together at the same time. Two of the older children left home before the two youngest were born.

## HOCKEY HAS 20 POINTS

New York (U.P.)—Zellio Toppazzini of the Providence Reds climaxed a two week climb by adding four goals and three assists to his record for a total of 20 points to take over the lead in the American Hockey League scoring race from absent Willie Marshall of Pittsburgh.

Marshall, who dropped to third place, led the league during the second week of play and held it for the third week although he had been recalled by the Toronto Maple Leafs.

Another Providence player, Paul Larivee, moved into second place with 18 points on seven goals and 11 assists.

Camille Henry, also of Providence, and Ken Wharram of the Buffalo Bisons, were tied for fourth with 14 points each.

Toppazzini is also the league's leading goal scorer with nine, and is tied with Larivee and Wharram in assist with 11 each.

Hank Bassen of the Bisons is the leading goaltender, allowing only 2.80 goals per game or a total of 28 goals in 10 games.

REMAIN TIED  
Montreal—(U.P.)—Dave Creighton and Jean Beliveau each picked up three points during the past week to remain deadlocked atop the National Hockey League scoring race with 13 points each.

Creighton, of the New York Rangers, had four goals and nine assists while Beliveau of the Montreal Canadiens, had three goals and 10 assists.

Rom Murphy of the Rangers, the league leading goal getter with eight, was tied with Detroit's Gordie Howe for third place with 12 points. Bert Olmstead of Montreal made the biggest jump, picking up four points on two goals and two assists to take over fifth place with 11 points.

Detroit's Ted Lindsay, who broke the all-time goal record for left wingers when he scored his 271st against the Canadiens last Saturday night, was tied with Maurice Richard of Montreal and Alex Delvecchio of Detroit in sixth place with 10 points.

JAIL PROMOTER  
Buenos Aires, Argentina—(U.P.)—Ismaele Pace, whose promotions at Luna Park made him South America's most widely-known fight promoter, was reported in jail today after being questioned by the National Committee of Investigation. Government investigators yesterday searched Pace's offices in the big indoor stadium.

## Podres To Report For Physical

Witherbee, N.Y. (U.P.)—Southpaw Johnny Podres, who pitched the Brooklyn Dodgers to their first world championship last month, has been ordered by his draft board to report for a physical examination on Nov. 14, members of his family said today.

Podres, 23, was rejected for military service on a previous examination in 1952 because of a back injury.

Out of action part of the time with arm trouble, Podres won only nine games for the Dodgers during the regular 1955 season but blossomed as their top star of the World Series. He beat the New York Yankees, 1-3, in the third game at a time when the Yankees had the Dodgers on the ropes.

Then he returned to shut out the Yankees, 2-0, in the seventh and deciding game. He was awarded a sports car as the "outstanding player" of the Series.

Shag Crawford Named To Umpire In National  
Cincinnati, Ohio (U.P.)—Henry C. (Shag) Crawford of Philadelphia, who has been umpiring in organized baseball for six years, was named today to replace resigning Lon Warneke as an umpire in the National League.

Warneke announced last week he is retiring from baseball to enter private business. Crawford's appointment, announced today by League President Warren C. Giles, restores the league's staff of "men in blue" to its full complement of 16.
