The hottest features for '56

are in the new Chevrolet

Chevrolet never had it so good for you before . . . and no other car in its field even comes close. See if Chevrolet doesn't feature everything you want for '56.

All New! The Bel Air Sport Sedan with 4 doors and no sideposts

Bold, new Motoramic Styling

Just look it over—the lower, longer hood . . . the wider grille that spans the full front end . . . the big bold parking lights. From the side, you see the sweeping new streamline chrome styling and high-set taillights. Colorful new contemporary interiors add the final touch! Body by Fisher, of course.

12-volt Electrical System

Packs twice the punch of ordinary 6-volt systems . . . spins the engine up to one-third faster when you turn the key. You get surer starting in all weather. And you have a greater electrical reserve supply for operating accessories.

A new 6 with 140 H.P.

The new "Blue-Flame" 6 brings you this higher horsepower plus a higher compression ratio (8 to 1) and oil-hushed hydraulic valve lifters.

THE HOT ONE'S EVEN HOTTER

It's the Pikes Peak Record Breaker! The '56 Chevrolet proved its championship road action . . . its surer, safer driving control by breaking the record for the Pikes Peak run!

V8 Horsepower Zooms to 205

That's the power the new "Super Turbo-Fire V8" pours out (an extra-cost option). The new "Turbo-Fire V8" delivers 170 h.p. teamed with Powerglide (optional at extra cost).

Everything in Automatic Power Features

Power Steering, Power Brakes, power-positioned front seat, power controls for front and rear windows—everything you could wish for in power servants! All are available as extra-cost options.

Hideaway Gas Cap

Chevrolet's left-side taillight holds a stylish secret. It's hinged at the bottom . . . swings down to uncover the gas cap. Closed up, the cap's concealed—and there's nothing in sight but the high-fashion taillight!

Steering made easy

Ball bearings do you a good turn in Chevrolet's Ball-Race steering. They greatly reduce friction and steering effort. Feels almost like Power Steering!

Anti-Dive braking

No "nose-dive" stops in a Chevrolet! Anti-Dive braking, an exclusive Chevrolet development, means more level stopping—even when you hit the brakes hard!

Floats over the bumps

Roads seem newly paved with Chevrolet's Glide-Ride front suspension and long outrigger rear springs soaking up the jolts. And Chevy's cat-footed on curves—holds the road like it loves it! Chevrolet performance puts your safety first!
