

### Wolf Examined By Two Psychiatrists

Portland — (U.P.)—Victor Lawrence Wolf, confessed bomb-slayer of Portland attorney Oliver Kermit Smith, was examined by two psychiatrists in the Multnomah county jail here Friday.

The sanity test was ordered by Circuit Judge James W. Crawford, who said a report of the test would be released before Thanksgiving day.

Drs. Herman Dickel and John Evans said they would attempt to determine if the 43-year-old electrician is sane now, and whether he was sane at the time he rigged a dynamite bomb that exploded as Smith started his car last April 21.

The psychiatrists said they were closeted with Wolf for about an hour Friday. They said they would probably make additional examinations before reaching any conclusions.

Wolf is scheduled to appear before Judge Crawford Dec. 5 for sentencing for the slaying. His attorneys have indicated Wolf's plea of guilty would be withdrawn if he was deemed insane, and a pertinent plea substituted.

Wolf named Smith's widow, Marjorie, as an accomplice immediately after the slaying, but Mrs. Smith was acquitted in a jury trial.

### Withers Says Wool Subsidies To Remain

Portland — (U.P.)—Oregon wool growers were told Friday they might just as well become reconciled to government subsidies because they will be here for some time to come "whether we like it or not."

John Withers of Paisley, president of the Oregon Wool Growers association, gave this advice to delegates to the group's annual convention.

Withers said sheepmen, always rugged individualists, had been reluctant to accept change. But he warned that "We must face facts and accept conditions as the rule and not as the exception."

"Unless we can get adequate protection for our domestic markets I don't think there is a man in this room who will live long enough to see anything but a subsidized agriculture, whether we like it or not," Withers said.

The Oregon sheepman said the national wool act was a good program and given time to operate, will achieve its objectives.

### Arrest 88 Narcotics Addicts in Roundup

New York — (U.P.)—Detectives posing as narcotics users arrested 88 addicts and drug peddlers Saturday in a mass roundup that lasted until dawn.

Of those arrested, 77 were booked at police precincts in Manhattan, Brooklyn, the Bronx and Queens.

Deputy Chief Inspector Peter Terranova, commander of the narcotics squad, said he believed a record had been set for the number of persons booked in one day for narcotics violations.

### Texas Man Held On Car Theft Charges

Portland — (U.P.)—Robert Bruce Galyon, 32, Houston, Tex., was held for Texas authorities after his arrest near Milwaukie, Ore.

Galyon was sought by Houston police for car theft and larceny of firearms. He was arrested between West Linn and Portland Friday as he napped in a car reportedly stolen from Houston.

Galyon was also wanted by Portland police for passing bad checks.

**OFFICIAL VISIT**—Harry M. Wood, Portland, (above) grand chancellor of the Knights of Pythias lodge, will make an official visit to the Medford lodge at 8 p.m. Monday. During lodge session he will outline his plans for 1956. The session will follow a no-host dinner for KP officers at the Medford hotel at 6:30 p.m. Other grand officers-elect are expected to attend.

### Fire Damages Eugene Central Heating Unit

Eugene — (U.P.)—Fire of undetermined origin early Saturday heavily damaged the Central Heating Co. plant which furnishes steam heat to 245 buildings throughout Eugene's business district.

Firemen estimated damages to the concrete and steel structure at \$12,000. The building is located in the center of a business block.

Flames started on the ground floor in a boiler room and destroyed a fuel bin on the second floor. The roof was burned through and conveyor equipment was damaged.

Businesses depending in Central Heating for heat were switched to steam lines of the Eugene Fruit Growers association cannery and suffered no interruption of service.

Fire broke out just before 1:30 a.m. Saturday and seven Eugene fire trucks responded. They battled the blaze until 4 a.m. Equipment from Willakenzie and Springfield was on standby during the fire.

### Russian Newsmen Say Their Versions Better

Washington — (U.P.)—Visiting Russian newsmen came up with a familiar Soviet conclusion Friday after comparing U. S. Soviet movies on atomic energy and Washington-Moscow collections of Rembrandt paintings.

The Russian versions of both, they said, are better.

The newsmen, here for a four day visit, also resorted to a familiar Soviet technique of registering displeasure. At the State department showing of U. S. films on peaceful uses of atomic energy, the journalists walked out, branding the movies "old hat."

The head of the group, Boris N. Kampov Polevoy, went to sleep and snored shortly after the movies began.

Previous Russian delegations visiting the United States, the housing and farm groups, showed no such discourtesy.

The newsmen yesterday toured the Capitol and visited George Washington's Mount Vernon plantation.

### PULLED FROM WORK

Nashville, Tenn. — (U.P.)—Officers, who rushed to a downtown intersection to investigate "a man run over by an automobile," pulled a protesting, uninjured man from beneath his car where he had been fixing the brakes.

Everyone enjoyed the show, which had not been "white-washed" as was the custom in the past for command performances, and gayest of all appeared to be Princess Margaret, who recently broke off her romance with Peter Townsend.

### Former Russian Infantry Woman Shoots To \$100,000

New York — (U.P.)—A pretty, former sharpshooter in the Russian infantry shot her way to \$50,000 last night and won a chance to go for \$100,000—the largest cash prize in the history of radio and television.

Mrs. Kyra Shirk, 36, a former emergency lieutenant at the battle of Leningrad, literally fired a \$50,000 bullet to tie for second place in the jackpot shooting contest.

In her second try for the \$50,000 on the NBC program "The Big Surprise," the red-haired farm wife from York, Pa., answered a five part question on American weapons.

Four military men presented arms, and Mrs. Shirk identified the weapons as a Browning automatic, a Garand, a carbine, and a Springfield. She then said that the first country to use the Browning was Belgium, and

### SO THERE!

Hartford, Conn. — (U.P.)—The Connecticut Safety Commission reported that women and teenage motorists accounted for only a small percentage of 54,000 warnings issued to poor drivers last year. The number of women involved was only six per cent and the number of young drivers even less.

### Selection of Jury in Abbott Case Nears End

Oakland, Calif. — (U.P.)—District Attorney J. Frank Coakley of Alameda county believes the lengthy jury selection in the Burton W. Abbott murder trial might be completed early next week.

He indicated there was a possibility that the jury would be empaneled Monday.

Defense attorneys Standley D. Whitney and Harold B. Hove would agree only that the selection was "going much faster" than it did at the beginning of the week.

Eleven prospective jurors were seated by Thursday, when Judge Carlos W. Snook recessed the trial, but 56 others had been excused. Snook ordered a new panel of 65 prospective jurors readied for resumption of the trial Monday.

Abbott, 27-year-old University of California student, faces a possible death penalty if he is found guilty of the charge he kidnaped and strangled 14-year-old Stephanie Bryan of Berkeley.

### 105TH BIRTHDAY

Columbus, Miss. — (U.P.)—Mrs. Lucinda Atkins, celebrating her 105th birthday Saturday, credited "good exercises, not much rushing about, and trust in Jesus," for her longevity.

### Juveniles Arrested In Shoplifting Cases

Two juveniles were apprehended by city police Saturday and questioned in relation to two shoplifting cases in Medford stores. Both were released to their parents pending action by juvenile authorities.

A 12-year-old boy was questioned about 10:45 a.m. Saturday for taking a pair of bicycle handlebars from Sims Cycle and Hobby shop, 23 North Fir st.

A 17-year-old girl was caught taking finger nail polish, earrings, and other small items from Central Drug company, 134 East Main st. by an employee of the store. Friday, according to Medford police.

### Employees of Three Companies May Get Guaranteed Wages

Detroit — (U.P.)—Hourly rated employees of Ford, General Motors and Chrysler were virtually assured Saturday the guaranteed wage provision in contracts negotiated between the auto companies and the CIO United Auto Workers union would go into effect on schedule next June.

Terms of the three-year contracts negotiated here earlier this year stipulate that states where 66.7 per cent of each company's employees are located must permit joint payment of company and state unemployment benefits to make the plans effective June 1.

Chrysler's plan is certain since more than two-thirds of its workers are located in Michigan which already has approved integration of payments.

The union said Friday 65 per cent of Ford and General Motors workers are in states where integration of state unemployment benefits and company-paid benefits has been approved.

The UAW already has received favorable rulings in six states—Michigan, New York, New Jersey, Connecticut, Delaware and Massachusetts.

Although company figures on the number of workers covered varied with the union's, the guaranteed wage plan was considered a certainty to go into operation next June.

Ford, which placed the number so far covered at 65.5 per cent, has workers in 20 states where integration can still be approved, placed the percentage covered at slightly more than 62 per cent.

Workers under the guaranteed wage are assured of up to 65 per cent of their normal take-home pay during 26 weeks of layoff. The lump payment is made up of state unemployment compensation benefits supplemented by company benefits.

Norway's industrial capacity now is 80 per cent greater than in 1938.

### Air Force Fighters Collide Near Anchorage

Anchorage, Alaska — (U.P.)—The Air Force said Saturday two F89D Scorpion jet fighter planes collided over the native village of Tyonek, 20 miles west of here Friday.

The Air Force said it was believed all crew members bailed out. However, poor weather hampered search efforts of helicopters from the 71st Air Rescue Squadron from Elmendorf Air Force Base.
