GOING HOME—President Eisenhower waves beside a smiling Mamie Eisenhower as he leaves Fitzsimons Hospital in Denver to fly to Washington, D. C. to weekend at the White House before going on to his farm home at Gettysburg, Pa.

Navy Assisting Stamp Collectors

Washington (U.P.)—Stamp collectors have a rare opportunity to enhance their albums by courtesy of the U. S. Navy.

When the Navy's Operation Deepfreeze shoves off for the Antarctic in November, the ships will carry cancellation markers and official cachets for post offices to be established there.

The Navy has agreed to carry private mail which will be cancelled with special messages. At the end of the expedition the markers, called "killer bars," will be retired. The messages, commemorating the operation will read:

Little America, Antarctica, USN
Byrd Station, Antarctica, USN
Because of limited personnel and facilities, the Navy has placed a limit of not more than 10 cancellations per collector. Each envelope must have a three-cent stamp affixed, or a six-cent stamp if airmail is desired.

Requests should be addressed to Operation Deepfreeze, U. S. Naval Base, Norfolk, 11, Va., and must reach there not later than Nov. 8.

Nicotine Content Of Tobacco Reduced

University Park, Pa.—(U.P.)—The amount of nicotine in tobacco products is being reduced constantly and may be all but eliminated in the future, according to Dr. Clifford O. Jensen, professor of phytochemistry at Penn State.

Research in tobacco breeding shows a steady decline in the amount of nicotine in cigarettes from three per cent in 1915 to 2.5 per cent in 1935 and two per cent in 1955.

The future may see a cigarette with virtually no nicotine and little drug effect, he said. Tobacco already has been produced experimentally with .2 per cent nicotine or less.

Engine Trouble on Airliner Described

Denver (U.P.)—Two witnesses told a Civil Aeronautics Board inquiry yesterday that the United Air Lines DC4 airliner that smashed into Medicine Bow peak in Wyoming on Oct. 6,

killing 66 persons was having engine trouble just before the crash.

The two witnesses, Ole Alexander, a timber operator, and his mechanic, Vernon G. Calonder, both of Albany, Wyo., agreed in their testimony that the plane appeared to be having engine difficulty but disagreed on its "altitude of flight" and the prevailing weather at the time they saw the plane.

Calonder and Alexander were two of 25 witnesses scheduled to testify before the board of inquiry into the crash.

Lumber Production Combine Opposed

Redding, Calif.—(U.P.)—The California Council of the Lumber and Sawmill Workers, AFL, told a Senate Interior Committee here yesterday it was opposed to the "consolidation of lumber production into a relatively few major companies."

A statement, submitted by Daniel Johnson, San Francisco, economic representative for the council, said the "Overall approach by the lumber and sawmill workers is in the interest of maintaining small lumber operators and to avoid consolidation of lumber production into a relatively few companies."

Johnston suggested setting aside some timber exclusively for small operators, "in accordance with the present government policy on assistance and protection of small businesses."

Southern California Growth To Continue

Los Angeles—(U.P.)—The great migration that has spurred the fantastic growth of population in southern California is due to continue, according to Dr. Robert M. Williams of the School of Business Administration on the Los Angeles campus of the University of California.

In a recent study, Dr. Williams compared the growth of southern California with that in other urban areas. He concluded that migration to Los Angeles will continue to approximate 100,000 annually.

Dr. Williams analyzed population movement over a 63-year period. He found a substantial correlation between the rate of migration and business activity, both local and national. The principal exception was after World War I, when recessions in 1921 and 1922 didn't halt a migration surge.

Dr. Williams found that Los Angeles' population growth rate of 2,199 per cent from 1900 to 1950 greatly exceeded that of four other metropolitan areas of the West combined.

LEGAL NOTICES
No. 8338
NOTICE OF FINAL HEARING
IN THE CIRCUIT COURT OF THE STATE OF OREGON FOR THE COUNTY OF JACKSON
IN THE MATTER OF THE ESTATE OF AUBREY Z. DEAN, DECEASED
Notice is hereby given that Laura G. Dean, administratrix of the above entitled estate, has filed her final account and petition for distribution, and that the 12th day of December, 1955, at 10:00 o'clock A.M. at the court room of said court, have been appointed as the time and place for the hearing thereof. All persons interested are required, then and there, to show cause, if any there be, why said account should not be approved and distribution made.
