

Tickets On Sale For Concert Radio Show

Tickets for the annual Medford high school band benefit concert radio show Dec. 4 are now on sale, I. A. Mirick, band director, has announced.

A Hollywood guest star will be announced later, Mirick said. The concert, which will start at 2 p.m., is sponsored by radio station KMED and will include a 60-voice choir under the direction of Al Lehl and a 92-piece band under the direction of Mirick.

Tickets for the event, which will be in Medford high school auditorium, are on sale at Purucker's Piano house, the Music Mart, the high school office or may be purchased from band members.

Sleep Pills Blamed For Death of Woman

San Francisco (U.P.)—Mrs. Penelope Richard Gros, 31, was found dead in her bed yesterday by her husband, Robert Gros, vice-president of the Pacific Gas and Electric company.
The coroner's office said death may have been caused by an overdose of sleeping pills. An empty bottle was found near her bed.
Gros said his wife suffered an attack of spinal meningitis in 1948 and had suffered a series of illnesses since. She was hospitalized several times this year.
Besides her husband, Mrs. Gros is survived by two sons of a former marriage, Robert Fox III, and Gregory Fox, 6.

GOP Reported Getting Ready To Shoot Works for Farmers

By LYLE C. WILSON
United Press Correspondent
Washington—(U.P.)—The Midwest's No. 1 Ike man, back home after an eastern swing, has been

telling the folks in Kansas and Missouri what's what on two of the hottest political issues of the day.
He reported: 1. The Eisenhower administration is getting ready to shoot the works for the farmer.
2. High administration officials increasingly believe President Eisenhower will seek reelection.
The reporter is Roy A. Roberts, a veteran political writer, but more recently president of the Kansas City Star Co.
"Just what the detailed farm program will be hasn't yet been worked out," Roberts wrote in the Star.
Plan for Long Pull
"Apparently, the only thing definite in the thinking of the Republican leadership is that something will be done, that is a waste of time to do anything small, and that what is done should dramatize, if possible, the administration's sympathy for the farmer without jeopardizing the soundness, for the long pull, of the program now staked out."
Roberts said it is a big order,

almost requiring a miracle. But such, he added, is the objective of the Eisenhower administration for the 1956 presidential election year.

He reported that the big men in the administration who are swinging to the belief the President will run again may be doing some wishful thinking. Roberts, himself, does not think the President will go again. But he wrote that the outstanding impression gained during an eastern swing was the attitude of top administration men to-

ward a second term. They were without hope only a few weeks ago.

"The shift in thinking," Roberts wrote, "apparently flows from the President's steady but amazingly consistent rate of recovery, plus much deeper appreciation of the realities of the situation."

"Nearly everyone you talk to among the White House or cabinet intimates has a different slant. But they generally wind up with the opinion, or let's say hope, that Ike will see it as his duty to carry on first for the cause of world peace, and second for completion of the domestic program he has laid down for the country."

"Most often you hear the intimates tell how Ike twice has sworn to do his full duty as soldier and president to the country."

"Summing up, if it is not to be Ike, the Republicans haven't begun to give serious thought to the man they will select."

"They can see an awful mess ahead."

An awful mess, that is, if Mr. Eisenhower retires.

NAMED ASSISTANT
Oakland, Calif.—(U.P.)—A. F. Scarr of Berkeley has been appointed assistant to Kaiser Steel Corporation Vice-President and General Manager Jack L. Ashby. Scarr succeeds Jack J. Carlson, who was recently elevated to the post of vice-president.

Red China May Free California Priest

Hong Kong—(U.P.)—A Catholic Mission bulletin said today Jesuit Father Thomas Phillips of San Francisco sentenced to three years imprisonment in Shanghai recently, may soon be allowed to leave Red China.

"A reliable report just received in Hong Kong states that Phillips 'was brought out of prison for formal trial about two weeks ago,' the bulletin said.

"He was sentenced to three years imprisonment. Since he has been held in jail 28 months there is a strong possibility he may soon be deported," the bulletin said.

Phillips is one of 17 Americans in jail in Communist China.

Disaster Car Plan Discussion Slated

The Jackson county disaster car association will hold an open meeting today at 8 p.m. at the main fire station, on the corner of North Front and East Third sts.

Purpose of the meeting is to acquaint representatives of service clubs and the general public with the needs and purpose of the disaster car organization.

The Fraternal Order of Eagles recently offered to construct a garage for the unit, which would be manned by volunteers and serve the county during disasters of any nature.
Work was begun on the car several months ago by volunteer workers from the fire department. Funds for the purchase of the 32-passenger bus were raised by an auto show sponsored by fire department members last spring.

Tonight's meeting is open to the public and anyone interested is invited to attend.

Rickshaw Pullers in South Africa Strike

Durban, South Africa—(U.P.)—One of the world's most colorful transport services ground to a halt today when 600 Zulu rickshaw pullers took off their leopard skins, monkey tails, lions' teeth and ostrich plumes and went on strike.
The gaily bedecked rickshaws lay idle for the first time in history because the husky, six-foot Africans refused to pay an extra three shillings rent for the vehicles.
Many of them have given up the lucrative tourist trade and returned to their villages in the jungles.
