Russian Roulette Brings Indictment

San Juan, P. R.—(U.P.)—A teenage boy was indicted for murder Wednesday in the Russian roulette death of another youth who was asked to prove his courage as an anti-American nationalist.

Regino Cuevas, 16, was charged with killing Pedro Amado Rivera, 17, last Saturday at Corozal. Police said the youths were being indoctrinated by nationalists in a high school.

Authorities charged that the indoctrinators used the Russian roulette trick to "prove the bravery of new nationalists." A youth who attended the ceremony testified that Rivera was ordered to undergo the test and fatally shot himself.

On The Side

By E. V. Durling

(Distributed by King Features Syndicate, Inc.)

How about his wife? The answer to this question continues to become increasingly important when a man is being considered for an executive position. Many organizations ask the applicant or candidate for an executive berth to bring his wife along to the office for an interview. Also suggested are dinner parties at the applicant's home so his wife's taste in furnishing and interior decoration can be checked as well as her social behavior. Some organizations have gone so far as to have the applicant's wife checked by a private detective agency. It is interesting to note that in some cases a man has been given an executive position not so much for his ability but because of his wife's talent for establishing friendships with important and influential people.

Mothers

How soon following the birth of her child should a career girl return to her job? Some young mothers say they have returned to the office a week after the blessed event. That might not affect the health of a sturdy young woman. But how about the care of the child? How much time does a career girl mother devote to rearing her baby? It has been said by experts on the subject that caring for a baby by a mother is a full time job for five hours and 40 minutes every day, and a part time job the rest of the time.

Sturdy Nonagenarian

Who is this country's oldest regularly employed man? How about Frank S. Boque of Bremerton, Wash., who at the age of 96 holds a regular job at the naval shipyard in his home town? In addition to working hard and regularly, Frank is an enthusiastic dancer and bicyclist. He also drives his own car to work daily. He smokes cigarettes and has an occasional highball.

Get It Right

"So you say no woman with a 27 inch waist has a chance of winning a beauty contest," writes a feminine subscriber. "How about Babe Shopp of Hopkins, Minn., who won the Miss America title in 1948? Her measurements at that time were bust, 37, waist, 27 and hips, 36. I don't smoke cigarettes. Send me half a dozen pairs of nylons, size nine."
