Vision of Christ Said Seen by Pope

Vatican City—(U.P.)—The Vatican Press Office said officially today that Pope Pius XII saw a vision of Christ during his serious illness last December. Luciano Casimirri, head of the Press Office, said he had been authorized to confirm the report, first published Saturday by the Italian weekly magazine Oggi. The Oggi article, which the Press Office confirmed, said: "The Holy Father is absolutely positive that he saw Jesus. It was not a dream; he was fully awake and lucid at that moment." Vatican quarters said the Pope therefore became the first person in the 2000-year history of the Roman Catholic Church to have reported seeing a vision of Christ himself. Tongay Expected To Surrender Today

Los Angeles — (U.P.) — Police waited today for the surrender of swimming instructor Russell Tongay, who escaped from a Florida prison guard while serving a sentence for the high dive death of his four-year-old "Aquatot" daughter. Tongay escaped last week while receiving treatment for a long ailment at Marine hospital in New Orleans. He had been granted the special prison leave by the Florida Pardon board. The brawny former coast guardsman had been sentenced to a 10-year prison term for manslaughter in the death of his daughter, Kathy, who died of injuries after a 33-foot exhibition dive. The 38-year-old fugitive telephoned his "best friend," William Burrell Jr., Coral Gables, Fla., yesterday. Burrell said Tongay told him he had suffered amnesia since his escape and "didn't remember anything until yesterday." He said Tongay claimed he was in Los Angeles to obtain medical care but would surrender today.

Newport — (U.P.) — Lincoln county sheriff's officers today dragged the Siletz river near here for the body of 23-year-old Lawrence Vern Charley, of Siletz, who was presumed drowned when his boat overturned Saturday. Charley's wife, who was in the boat with him, swam to safety. Sheriff's officers said Charley's heavy clothing apparently dragged him under the water. Harriman Lambasts Ike's Administration

Seattle — (U.P.) — New York Gov. Averell Harriman picked up here today where he left off in Chicago, lambasting the Eisenhower administration and sticking by his guns that he is not an "active candidate" for the Democratic presidential nomination. He used the word "now" in reiterating a statement he made in Chicago yesterday that he was not an "active" candidate. He refused to discuss the situation when asked if Adlai Stevenson, the 1952 Democratic presidential candidate, now had the inside track to the nomination in 1955. To political questions, Harriman said: "I'm not here to discuss candidates. I am not an active candidate for the nomination at the present time."

Special Tally Kept On Traffic Deaths

Washington — (U.P.) — The 48 states began a special daily tally of traffic fatalities today in a campaign to prevent death on the nation's highways. The campaign will last three weeks and will be highlighted by Safe Driving Day Dec. 1. At that time an all-out effort will be made to go through a 24-hour period without a single fatality. This is the second year for the campaign. President Eisenhower, his Committee for Traffic Safety, and more than 200 national organizations have endorsed S-D Day. Last year's S-D Day, Dec. 1, fell far short of the no-death goal. A total of 81 persons were fatally injured Dec. 1, 1954.

Willamette Flood Dangers Subside

Portland — (U.P.) — Flood danger along the rain-swollen Willamette river has subsided, weather bureau forecasters said today. The weather bureau said the Willamette was expected to crest below flood stages at all stations. Tributary streams west of the Cascades were also expected to subside. Harbor police said the river was choked with debris, but the trash was not a hazard to navigation. Salvage crews were rescuing better logs and snags, but most of the debris was being carried rapidly out to sea. Johnson creek on the Portland outskirts was falling back to its own banks today, after overflowing Saturday.

Real Motives Eyed In Timber Hearings

Portland — (U.P.) — The congressional timber policies hearings moved to Portland today in the center of a political controversy over the real motives of the Interior and Insular Affairs Committee. Rep. Clare Hoffman (R-Mich) an ex-officio member of the committee and the only Republican attending the hearings, charged that the Democrat majority members were seeking to discredit the Eisenhower administration. Hoffman also asserted that his Democratic colleagues on the committee were trying to promote the reelection of Sen. Wayne Morse (D-Ore.) Another committee member, Sen. Richard L. Neuberger (D-Ore.) said "it is regrettable that Congressman Hoffman has chosen to inject partisan politics into a sincere effort to work out better timber policies which can stabilize employment and economic opportunities in Oregon."
