France Proposes Compromise Plan For Disarmament

Three Principles Urged for Guidance

United Nations, N.Y.—(U.P.)—France today emphasized that control is the key to disarmament and proposed a compromise plan to the U. N. Disarmament Commission.

French Delegate Jules Moch told a meeting of the 12-nation commission that he was not putting his plan up as a "working paper" at this time, but suggesting it for study.

Three Principles

The commission in its search for a disarmament plan should be guided by three principles, Moch said.

"No control without disarmament; no disarmament without control; but, progressively, all disarmament that can be currently controlled."

The overall plan, he said, would center around suggestions made by Britain, France and Russia in early meetings. These would reduce by half conventional armaments and armed forces and then end the manufacture of all kinds of nuclear weapons and other prohibited weapons.

The heads of government proposals were: By President Eisenhower—airial inspection of Russia and the United States by "open sky" reconnaissance flight and an exchange of military blueprints; by British Premier Anthony Eden—the setting up of a "pilot zone" for inspection and limitation of armed forces; and by French Premier Edgar Faure—a gradual reduction of military budgets.

France currently is boycotting the U.N. General Assembly because of its decision to debate the Algerian question, which the French consider a purely internal matter. France has, however, maintained its membership in the Security Council, the Trusteeship Council and the Disarmament Commission.

Search Continuing For Drowning Victim

State police and sheriff's deputies today were continuing a limited search for the body of Meritt Garold Davis, 49, of Gold Hill, who was believed drowned Sunday morning in a boating accident on the Rogue river. The search has been hampered by high water.

Davis was one of two passengers in a boat which upset in the flooded Rogue near Tolo. His son, Richard Logan Davis, 17, the other passenger in the boat, swam to shore, but was unable to get help in time to save his father.

The search was centered in the river downstream from where the boat capsized after hitting a snag. The boat was found smashed to pieces below Gold Ray dam.

Horseradish Harvest Underway at Tulelake

Tulelake, Calif.—(U.P.)—It fairly makes the tongue smart to think about it.

The harvesting of the first commercial crop of horseradish is underway in the Tulelake area. Some 40,000 pounds already has left the sorting sheds to be ground up as a nippy adjunct to the pot roast and boiled beef.

Timber Prices Paid To Indians Said Comparable

Portland —(U.P.)—A forester for the Bureau of Indian Affairs said today that timber prices paid to the Quinault Indians in 1942 were comparable to other timber prices and are reasonably comparable today.

Harold Weaver, area forester for the Indian bureau, testified at a congressional subcommittee hearing which is investigating federal timber policies.

Weaver testified in answer to questions by Sen. Richard L. Neuberger (D-Ore.) Neuberger asked whether the prices on the

NOW YOU CAN WORK WITH NAMES—The contestants for Queen of the 67th Tournament of Roses in Pasadena, Calif., have been known only by number up until these finalists were chosen as Princesses. Which one would you pick for Queen? That is something

the judges have to decide. All from Pasadena City college, front row, left to right: Joan Culver, 18, Gail Shannon, 19, and Liela McEachern, 17. Back row: Yvonne Flint, 17, Arnette Frederickson, 17, Sharon Doty, 18, and Sue Anderson, 18.

Harriman Charges Republicans With 'Strangulation' Policy

Milwaukee, Ore.—(U.P.)—Gov. Averell Harriman of New York headed for Lewiston, Idaho, today to continue his speaking tour of the Pacific Northwest after charging the Republican party with a "strangulation" policy toward the region's power development.

Harriman, a possible candidate for the Democratic presidential nomination, pledged his party to

break up what he termed "A Republican partnership between big business and the government."

He told some 400 Democrats at a \$5 per plate dinner that every time a Republican was sent to Congress from this region it strengthened "the hands of the Republican leaders and committee chairmen who will strangle the development of the

West and give away its resources as a matter of firm and settled party policy."

Harriman also took the Eisenhower administration to task for

Milwaukee, Ore.—(U.P.)—Ex-State Sen. Phil Hitchcock last night declared the people of Oregon "do not need the advice of the governor of New York" in deciding how to vote in the 1956 senatorial race.

Hitchcock's remarks, addressed to the Clackamas County Republican club, were made while New York Gov. Averell Harriman was addressing a Democratic dinner at Milwaukee Union High school. "It is interesting to note," Hitchcock said, "that this is the same man that the chairman of the Oregon Democratic Central Committee recently characterized as lacking in political morality and charged with the stooge of Carmine De Sapio, boss of the most notorious political machine in American history."

its "utter neglect of agriculture" and its attitude toward education, health and housing.

Harriman told his power-conscious audience that Democrats always have favored public development of such resources as Columbia river while Republicans favor turning them over to "giant corporations."

"Wilson fought and won in 1912 but we had to fight and win again in 1932 to break up once more a Republican partnership between big business and the government. And we will be fighting for that objective again next year."

He said nothing so symbolized the administration's "give-away philosophy" as its handling of the power project at Hells Canyon where Idaho Power company has been given the go-ahead to build two small dams.

Harriman said the "partnership" between big business and government can be seen on every side.

Farmers Neglected

"You see it in the utter neglect of agriculture, in Republican politics which deliberately and callously drive down farm prices and income and force families off the land, plowing farmers under at a time when corporations are making record profits," he said. "You see it in the Republican tax cuts, under which 80 per cent of the people received only 9 per cent of the benefits."

"You see it in the Republican failure to make good on their promises to labor and in the Republican fight against a reasonable minimum wage—a fight our Democrats in Congress fortunately won."

DOW-JONES AVERAGES
New York—(U.P.)—Dow-Jones final stock averages: 30 industrials 482.62 up 0.71, 20 railroads 163.42 up 1.75, 15 utilities 65.19 up 0.30, 65 stocks 172.11 up 0.81. Sales today were about 2,550,000 shares against 2,270,000 yesterday.

Mountain Highways Covered by Snow; Chains Mandatory

East Diamond Lake Closed by Storm

Snow was falling in mountain areas south and east of Medford today and chains were required on highway routes in those areas, according to state police.

Nine inches of new snow was reported on the Siskiyou, bringing the total there to 17 inches. Five inches of new snow was reported on the Green-springs route between Ashland and Klamath Falls.

Snow at Klamath

Klamath Falls had three inches of new snow, and Chemult, on Highway 97 north of Klamath Falls, reported 14 inches of new snowfall this morning.

The East Diamond lake highway was closed by snow this morning. West Diamond lake is closed for the season. Police reported it was snowing heavily in the Union Creek area, where there was nine inches of new snow on the ground early today.

California Report

California state highway patrol advises that chains are required from 99 Ranch, near Weed, south through Dunsmuir to Lakehead, in Shasta county. There was six inches of new snow at Weed.

Snow was reported on all east-west passes in Oregon and in the high plateau country of eastern Oregon.

Highway 99 north from Medford was clear, although rain was reported on much of the route.

Twelve inches of new snow at Crater Lake today brought the total on the ground to 43 inches, compared with 18 inches on this date last year.

Thirty cars visited the park on Thanksgiving a year ago. The road from Annie Springs to the rim is closed and Highway 62 through the park is open, but passage is narrow. Chains or snow tires are required.

Finding of Purse Told To Abbott Jury

Oakland, Calif.—(U.P.)—A friend of the Abbott family testified today to the finding of Stephanie Bryan's purse, the investigation break that led to the arrest of Burton W. Abbott on charges of kidnaping and slaying the teenager.

Otto Dezman, whose wife formerly operated the beauty parlor where Abbott's wife, Georgia was employed, reviewed the story he earlier told to investigators.

He testified that he heard Georgia Abbott tell police that the purse was found in some old underclothes of Abbott's in the basement of the Abbott home. This clothing, he quoted her as saying, was among the garments Abbott "used to wear going to the mountains."

Ashland Man Dies In Crosswalk Mishap

Ashland —(U.P.)—Edward C. Connors, 68, of Ashland, died at 12:05 a.m. today in a Medford hospital of injuries suffered late Monday when he was struck by a log truck at an Ashland crosswalk.

The log truck was driven by Ralph Henry Glass of Medford. Police said Glass was not cited. It was Ashland's first traffic fatality since July 3, 1954, when another pedestrian was killed near the spot where Connors was struck.

Stranded Elk Hunters Flown Out of Region

Eugene —(U.P.)—A group of Eugene and Springfield area elk hunters who were stranded in central Idaho by snow and ice has been flown out of the area.

The party spent four days on mining property owned by a Boise man. The seven members were prevented from boating down the Salmon river because of ice; snow prevented a cross-country exit and bad weather kept planes out until Monday. Eaton, a Boise pilot. They stayed. They were flown out by Harry in a cabin in the area.

PRESIDENT RESUMES LEADERSHIP OF GOP

Gettysburg, Pa.—(U.P.)—President Eisenhower, with a tacit go-ahead from his physicians, today stepped back into active command of the Republican party and a busier presidential role.

Giving no hint of his own political plans, the President summoned GOP National Chairman Leonard W. Hall to meet with him here next Monday on "matters dealing with the Republican party."

His summons to Hall came shortly after he received an intensive medical examination and his physicians reported no sign of fatigue from his recent increased activity.

As to whether Mr. Eisenhower's meeting with Hall will involve a decision on running for a second term, White House Press Secretary James C. Hagerty said: "I would not think so."

The President also scheduled a series of conferences and meetings on national, international and political affairs for next month that was just about standard for him before he suffered his heart attack Sept. 24.

He will confer Dec. 3 with Senate GOP Leader William F. Knowland and GOP House Leader Joseph W. Martin.

They will discuss the legislative program for next year. Three days later the President will have another conference with Budget Director Rowland R. Hughes.

The administration is counting on a balanced budget and has held out some hopes that taxes may be reduced next year, an election year.

On Dec. 13 and Dec. 17 he will devote himself to work here in his temporary office at the Gettysburg Post office. On Dec. 17 he will receive a full medical checkup from Dr. Paul Dudley White, the famed Boston heart specialist who has been treating him.

The President then plans to go to Washington to spend Christmas with his family at the White House.

The President, obviously, was impatient to start doing more work. And the new medical report gave him the chance to go ahead.

Walter Earl Adams, 33, route 1, box 102, Murphy, was given a one year suspended sentence on charges of writing a check with insufficient funds, and William Hancock was given a two-year suspended sentence on charges of larceny of livestock. Hancock pleaded guilty last week, but sentencing was continued pending a report from Dispensiere.

Cases Continued
Five cases were continued for FBI reports. Ralph Donald Hylar, 36, Crater hotel, Medford, pleaded guilty to charges of obtaining money by false pretenses; Alfred Leon Mayes, 21, East Lynn, W. Va., pleaded guilty to charges of uttering and producing a false check; George Frederick Chrisman Jr., 21, Imperial rooms, Medford, and Johnny Andrew Hood, 24, of 217 South Riverside ave., pleaded guilty to burglary not in a dwelling; and Bob Orville Barton, 33, of 132 1/2 -Almond st., Medford, pleaded guilty to obtaining money by false pretenses.

Hood and Chrisman were involved in burglaries at Highland Grocery, 458 Highland ave., and at Faber's Market in Central Point.

Mayes, a Marine, was arrested in Wayne, W. Va., and was extradited to Jackson county by sheriff's deputies yesterday.

Eisenhower Calls For Prayers of Thanks

Washington —(U.P.)—President Eisenhower, in his annual Thanksgiving Day proclamation, called on the nation to give "prayers of gratitude for the abundance of our endowments."

The President also gave thanks to the Pilgrims through whose "steadfastness and faith the ideals of liberty and justice have become our cherished inheritance."

"May we show our thanks for our own bounty by remembrance of those less fortunate and may the spirit of this Thanksgiving season move us to share with them to alleviate their need," he said.

Heltzel To Appeal Railroad Decision

Salem —(U.P.)—Public Utilities Commissioner Charles H. Heltzel filed notice of appeal to the Supreme Court yesterday from a decision by Circuit Judge Val Sloper of Marion county on regulation of railroad schedules.

Heltzel contends he had authority to keep the Southern Pacific railroad from abandoning its "Rogue River" passenger run between Portland and Ashland. Judge Sloper in a declaratory judgment ruled that he did not.

Agreement on Idea Of Freeing Soviet Satellites Cited

Distortion Charged By Yugoslav Radio

Washington—(U.P.)—Yugoslavia has branded as "false" and "distorted" reports that Marshal Tito agreed with Secretary of State John Foster Dulles that Soviet satellites should be freed.

The nation's state-controlled radio charged that Western newspapers deliberately tried to "persuade the public that Yugoslavia had agreed to the problematic conception of changing the status of the East European countries by force."

Yugoslavia's objections grew out of interpretations placed on a statement made by Dulles at the conclusion of his recent talks with Tito. While Tito nodded agreement Dulles said: "We arrived at the joint accord that it is necessary to recognize the importance of the independence of those Eastern European countries, non-interference from abroad in their internal problems, and the right for them to choose according to their free will their economic and social order."

Some American newspapers interpreted this as a pledge by Tito to help in the U.S. campaign to free the satellites from Russia's grip.

Yugoslavia Embarrassed
American officials said these interpretations embarrassed Yugoslavia in her improved relations with Russia.

The Yugoslav radio flatly denied that Tito "accepted the American thesis on the attitude toward the Eastern European countries."

"These interpretations are wrong and biased because this was not discussed at Brioni and the question connected with the East European countries were not presented in this way," the Yugoslav radio said.

The broadcast said Yugoslavia has maintained international relations must be based on "mutual respect and non-interference in internal affairs." It said Dulles was accepting this point of view in his statement.

Kefauver Feels Like Making Race

Stonewall, Tex.—(U.P.)—Sen. Estes Kefauver (D-Tenn.) said today, "I feel very much inclined to make the race" for the Democratic presidential nomination next year.

Kefauver met newsmen at the ranch of Senate Majority Leader Lyndon Johnson.

Kefauver said he will make his decision on whether to enter the Democratic presidential race by late December or early January.

Johnson confidently predicted Republican members of the Senate will join with Democrats to enact farm legislation restoring 90 per cent parity to basic commodities and would extend coverage to other crops not previously included.

He expressed belief that action on farm legislation will take place soon after Congress convenes early in January.

Kefauver, who bagged a 10-point buck earlier in the day, laughingly expressed hope to newsmen that his luck would be as good if he decided to seek the presidential nomination.

Salem —(U.P.)—And now you may enjoy your Thanksgiving turkey tomorrow under official blessing. Gov. Paul Patterson has issued a proclamation making Thursday, Nov. 24, officially Thanksgiving day in Oregon.

'Courteous Drive' Program Gets Under Way in Medford

The Medford Safety council's traffic safety program feature "Courteous Driver of the Day" started today, and will be held Tuesday through Saturday in connection with Safe-Driving Day, Dec. 1.

The safety council will announce a license number during the project, which will identify the car selected as demonstrating good safety habits through courteous driving. Selection qualifies the driver to a \$5 award if he identifies himself by noon the following day.

This week, since tomorrow is Thanksgiving, the driver must identify himself by Friday noon by calling either 3-5643 or 2-2441.

License Number of Today's Courtesy Driver
7C1810

If the driver does not identify himself within the prescribed time, the \$5 award will be added to the next day's license number, and the driver will receive \$10.

Other contests in the traffic safety program include a safety slogan contest, which still is open, a jaywalking contest, a poster contest and prizes for safety suggestions at work, home and play.

First winners in the Safety Slogan contest will be announced after Thanksgiving. Deadline for second week entries is Dec. 1.

Medford Stores Will Remain Open for Shopping Until 9 o'clock Tonight
