Marquette Team Sounds Warning

By JOHN GRIFFIN
United Press Sports Writer

The Marquette Warriors, who stunned the college basketball world with a 22-game winning streak last season, are flying high again today as they head for a quick showdown with national champion San Francisco.

Powered by six-foot, eight-inch Terry Rand, who rifled the cords for 31 points, the Warriors looked impressive Wednesday night as they racked up their second win of this season, 89-75, over Valparaiso.

The triumph was a grim warning to San Francisco, which is slated to meet Marquette in the opening round of the DePaul tournament in the Chicago Stadium on Dec. 16. The national champs are idle until this clash, which opens their big national tour, but Marquette has two more games that figure as victories.

In the second half OSC, led by Dave Gambee, stayed within two to four points of the Bears until Estes and Dennis Raines suddenly caught fire and pushed the score up to 51-41.

Miami Open Golf Tourney Begins

Miami, Fla. —(U.P.)— A blue-ribbon field teed off in the 31st renewal of the Miami Open golf tournament today with 160 shotmakers sighted on one objective —beat Sam Snead.

Snead, the West Virginia mountaineer who found that hitting a golf ball was much more profitable than driving acorns with a crooked stick, aimed for an unprecedented sixth victory in this $12,500 tourney. No modern-day golfer ever has won a major title six times.

Quantico, Va. — (U.P.) — Wes Santee, former Kansas U. Runner now in the Marines, clipped two seconds off his own American three-quarter mile record Wednesday when he was clocked in 2:56.2. Santee set his previous mark at Randalls Island, N. Y., in 1952.

May Take Off Some Bus Runs Between Medford, Ashland

Ashland—It may be necessary to eliminate some lightly-patronized bus trips between Medford and Ashland, Ralph Matthews, manager of Evergreen Bus lines, told the Ashland Chamber of Commerce this week.

Matthews pointed out that the bus company, along with other transit systems throughout the country, is having financial difficulty. He said the line made only $368.42 over expenses last year, and that this did not include any reserve for new equipment nor for a return on investment.

Question Rate Raise

Matthews told the chamber meeting the inter-city line has never returned a profit on its investment under present ownership. But he questioned whether a rate increase would be of assistance because of the fact that both Greyhound and Trailways buses carry inter-city passengers at the same rates as Evergreen, and that if the local firm were to raise rates, many people would stop patronizing it.

Night-time service between the cities is particularly unprofitable, he said, and said it may be necessary to eliminate some of the late hour trips. The firm now provides 14 round trips a day, and that six years ago the service was extended beyond the Southern Oregon college campus, but that few SOC students patronize the line.

Chamber President Harry A. Skerry reported there are plans being made for a meeting of chamber and city officials of the two cities with bus company officials to discuss the problem.
