Delay in Tax Cut Until April Urged

Washington — (U.P.) — A key Democrat proposed today that the Eisenhower administration and Congress wait until next April before deciding whether there should be "a net reduction" in taxes.

The recommendation—voiced by Rep. Wilbur Mills (D-Ark.)—coincided with advice reported yesterday by Treasury Secretary George M. Humphrey and Budget Director Rowland R. Hughes.

Mills is chairman of a Joint Economic Subcommittee studying economic effects of tax policy. He also is second-ranking Democrat, and an influential member of the House Ways and Means Committee.

As We Live

By ELIZABETH HURLOCK, PH.D.

Subtle Ways To Divert Boys Who 'Get Fresh' A boy quickly senses when a girl "freezes up." It annoys him and may even hurt his masculine ego.

(Q) "I'm like the young woman you wrote about several weeks ago who was afraid of men and froze on them. I did the same thing last May with a boy I met. He came to the house a few times and stayed with all of us and talked. The last time he came, I had an awful cold and didn't feel like going anywhere. So, we sat in the car and he took my hand. Then I just froze.

"Don't you think that this boy would have come back if he liked me, as he said he did? And don't you think my being this way would make him realize that I'm not a flip?"

"Ever since I was very young, every boy I have met has gotten fresh with me. I like boys and I like having dates, but I don't like boys to get fresh with me. Is there something I can do about this?"—R.V.

(A) You naturally don't want boy to think you are an "easy mark" and that they can "get fresh" with you. Nor do you want them to think you are a prig, an iceberg, or a girl who has no real feelings. You want them to think you are a "nice girl."

When a girl "freezes" with a man, it hurts his feelings and embarrasses him. Think how you would feel if you were fond of someone and wanted to kiss that person, only to have the person draw away and repluse you. You wouldn't like it, would you?

After calling on you several times and getting to know your family you could hardly consider this boy "fresh" if he merely wanted to hold your hand. That was his way of telling you he liked you, but your reaction told him that you did not like him.

Try, in the future, to be more subtle when boys "get fresh" with you. Don't repulse them but try to divert their attention by suggesting that you dance or do something else. If you avoid being alone in a car with a boy, you will avoid trouble.

Tourist, Convention Plans Adopted By CC Board of Directors

A long-range plan for the operation and convention committee of the Jackson County Chamber of Commerce was adopted by the chamber's board of directors at a meeting yesterday.

Mrs. Bert Pree, chairman of the committee, presented the program to the directors and explained that the committee feels that continuity over a period of years is necessary because of the fact that tourist promotion such activity takes a long time to have results, and that the chamber's efforts should be consistent in design and application.

The program sets forth in detail the objective of the committee, how they shall be accomplished, and the chamber's relationship to conventions held here.

Lack of an integrated plan means the loss of tourist business, Mrs. Pree declared, and a resulting loss of revenue from the third most important industry, financially in the state.

Chet Hubbard, chairman of the highway committee, gave a report on the group's activities for the year, listing the activity of members on behalf of a new road to Klamath Falls via Lake of the Woods, realignment and

improvement of the Crater Lake and Diamond Lake highways, improvement by widening the Siskiyou grade on Highway 99, support for federal highway assistance, and the development of access roads to open up the area's timber.

Hubbard explained that because of the time it takes to complete highway work, and the many demands from all parts of the state, the highway committee also operates on a long-range basis, setting up projects on a priority basis and working in cooperation with other communities for their construction.

Ken MacDonald, of the Pacific Telephone and Telegraph company, explained the firm's proposal for extended toll-free dialing in this area, and requested the support of the chamber for the company's proposal. The directors voted to have a resolution prepared approving the new service plan, which will be presented at a public hearing on the proposal Dec. 20.

The annual membership meeting of the chamber will be held in January, under the chairmanship of Ray Johnson. The board of directors voted to allocate \$300 for expenses of the meeting and the preparation of the chamber's annual report.

Few Roseburg Voters Approve Bond Issues

Roseburg — (U.P.) — Less than 10 per cent of registered voters turned out yesterday to approve two special election issues relating to a million-dollar sewage proposal.

A proposal to allow the city council to levy monthly sewer service assessments to retire a \$1,100,000 sewer bond issue was approved by a vote of 724-529.

A companion proposal, to authorize the city council to sell \$1,100,000 in general obligation bonds to finance construction of a sewer and treatment plant was approved by a vote of 734-504.

Unander Forecasts Population Increase

Klamath Falls — (U.P.) — State Treasurer Sig Unander, in a glowing forecast of Oregon expansion, yesterday predicted the state's population will increase by 1,000,000 persons by 1975.

Unander was guest speaker at an educational forum of Lake and Klamath county realtors.

"With the phenomenal growth Oregon already has had," Unander said, "it is hard to believe that a certain Sen. McDuffy of North Carolina in 1846 said the area was a vast and hopeless desert that should be inhabited by lawbreakers as punishment for their crimes."
