

GM Policy Hearings End After 5 Weeks

Washington — (U.P.) — Sen. Joseph C. O'Mahoney, who has just completed an investigation of General Motors Corp. business practices, said Saturday the federal government, instead of the state, should charter all corporations engaged in interstate and foreign business.

The Wyoming Democrat's Senate Monopoly subcommittee wound up five weeks of hearings Friday on the relationship of Giant General Motors to the National Economy.

"My contention regarding corporations engaged in interstate and foreign business is that their charters should be issued by the federal government," O'Mahoney told the United Press. "These charters should

set forth in plain words the powers, duties and responsibilities of these corporations."

He declined to say whether federal chartering would be a part of a legislative program resulting from the subcommittee's hearings. He said the proposed legislation would not be revealed until the subcommittee completes an interim report next month.

Active Combat Divisions Increased From 18 to 19

Washington—(U.P.)—The Army has increased the number of active combat divisions it will maintain next year from 18 to 19 but will reduce its forces in the Far East.

The 19-division goal announced Friday represents an increase of two over the strength the Army originally planned to maintain under the administration's "new look" military strategy.

The Army currently has 20 divisions. Its present strength is about 1,100,000 men, but it is scheduled to drop to 1,027,000 by the middle of next year.

When its strength was ordered cut back to 1,027,000 men under the new plan the Army intended to maintain 17 combat divisions in the next fiscal year. Later, however, it revised its goal upward to 18 and now plans to maintain 19.

Deactivate Groups

The Army's revised plans call for deactivation of the 23rd Infantry Division in the Panama Canal Zone, and the 71st Infantry division at Fort Lewis, Wash. The Army, however, will activate a new airborne division next June at Fort Campbell, Ky.

As part of the revised Far East deployment plan, some of the tactical troops of Okinawa will be replaced by elements of

the Third Marine Division. This will result in deactivation of the Seventh Regimental Combat Team on Okinawa.

The 508th Airborne Regimental Combat Team will be pulled out of Japan, starting next June to become a part of the new airborne division at Fort Campbell.

NOW! AMERICA'S FINEST BRINGS YOU A NEW WEISFIELD'S AUTOMATIC ELECTRIC FRYER-SKILLET

COOKS A COMPLETE BREAKFAST, LUNCH OR DINNER

50¢ A WEEK

Folk Singing Nets Woman \$100,000

New York — (U.P.) — A folk-singing grandmother last night won \$100,000 on a quiz show—the largest cash prize in the history of television or radio—by singing cowboy songs and answering questions on American folk singing.

Mrs. Ethel Park Richardson, 72, of Los Angeles, Cal., who travels all over the country by trailer to gather material on her specialty, won the \$100,000 on her second try on the television program, "The Big Surprise."

After her heartbreaking miss last week, when she did not know the Indian name for a wilderness trail, Mrs. Richardson last night breezed through five parts of her big question, and then as suspense mounted, she sang in a quivering voice the first verse of "The Streets of Laredo" and was announced a \$100,000 winner.

Mrs. Richardson won by far the largest cash prize ever awarded on a radio or television program. The previous biggest winners consisted of Marine Capt. Richard McCutchen, an ROTC instructor in Ohio, and Dr. Joyce Brothers, a pretty New York psychologist, who are the only two persons ever to win the big one on the quiz program, "The \$64,000 Question."

Under last year's special U. S. Agricultural Department school milk program, children in 47,000 participating schools drank more than 400,000,000 additional half pints of milk.

Drug Compounding Is Not For The Experimenter!

When you have a prescription to be filled, it must be sent or taken to a reputable Registered Pharmacist who is capable of following your Doctor's orders with 100% accuracy! For years we have specialized in filling prescriptions. This is the most vital part of our business. Surely you will insist upon this kind of service whenever you have a prescription to be filled.

Your Doctor will heartily endorse such a precaution — and probably he will recommend us. Compounding drugs is a fine art. Please remember that!
