INDUSTRIAL LEAGUE

Snobys took a firm hold on first place in the Industrial League Friday night by defeating IOF four games. City Appliance beat VFW three games and traded places with them, and Donna Timber took three from Medford Steel to climb one place in the standings. George Russell took honors for high series of 573 and Jack Monroe rolled the high game with a 216.

Tiger Jones Listed As Possible TV Contender

Portland — (U.P.) — Middleweight Ralph (Tiger) Jones is a possible competitor on the nationally televised fight card scheduled for Portland next Feb. 8, promoter Tommy Moyer said Saturday.

Moyer said final decision would rest with the International Boxing Club of New York. Mentioned as a possible opponent was Mickey Rhodes of Boise, who claims the Northwest middleweight title.

ALSTON TO TALK TERMS

Brooklyn, N. Y. — (U.P.) — The Brooklyn Dodgers will discuss salary terms for 1956 with Manager Walter Alston when he visits here next month, assistant general manager Arthur Patterson said. The Dodgers announced at their victory party following the World Series that Alston would be back in '56 but have not discussed terms with him.

Pierce, Stafford Will Aid Pro Baseball Committee

Addition of two more men to the committee attempting to bring Medford into the North-west Class B baseball league to-day raised the hopes of local backers that the plan may yet come to reality.

Jennings Pierce of Pierce-Dawkins public relations firm, and Col. Charles Stafford, retired, have agreed to assist the backers in attempting to interest financiers in a partnership agreement to finance operation of the proposed club.

However, it was pointed out that those interested in the club still are seeking a person to "spearhead" the partnership agreement underwriting.

Poisoning of 'Scrap Fish' In Oregon Lakes Postponed

Portland — (U.P.) — The catfish and perch in Ten Mile lakes and Devils lake on the Oregon coast today had at least a temporary reprieve from a death sentence.

The Oregon State Game Commission Friday heard opponents and proponents of commission plans to give rotenone treatment to the lakes to kill out the so-called scrap fish and make the lakes strictly trout and salmon waters.

It was the second such hearing and the results were just the same. Those opposed to killing out catfish, perch, bass and the other pan fishes were earlier as opposed as they were earlier. The proponents of the commission plan to treat the lakes still want the work done.

Salmon Kill Feared

The commission was to have heard a report yesterday by Dr. John Rayner, chief of the fisheries division, on the result of studies made at the lakes.

One of the main objections expressed to rotenone treatment of Ten Mile lakes in northern Coos county was that the poison would kill out all salmon and seriously affect at least one

Claim Against Car Firm Is Settled

Chicago — (U.P.) — A \$3,374,000 federal government claim against the bankrupt Tucker automobile corporation for plant rental payments was settled after seven years Friday for \$2,275,000.

The settlement was approved by Federal Judge Michael L. Igoe. It provides for the government to keep a check for \$1,275,000 put up as earnest money by Preston Tucker who was granted an option to purchase the plant owned by the government. The remaining \$1,000,000 is to be paid when money is available.

Tucker's firm occupied the plant which now is used by the Ford Aircraft Engine Division when he envisioned production of a rear engine dream car. The plant was erected by the War Plants Corp. in 1948 bankruptcy proceedings were started against Tucker to collect the rent.

The settlement makes no provision for paying \$2,000,000 in claims of dealers who had hoped to sell Tucker cars, to suppliers who were owed \$1,000,000, or to stockholders, according to Norman Nachman, attorney for the bankruptcy trustees.

Tucker Corp.'s only asset now is a wholly owned subsidiary, Air-Cooled Motors, Syracuse, N. Y. The firm makes helicopters for the government. Liquidation of it is subject to government approval and Nachman said that is unlikely. The firm has total assets estimated at nearly \$3,000,000.

Washington Marine Missing After Crash

Tokyo — (U.P.) — The Marine Corps Saturday identified Lt. Frank D. McKillit of Wall a Walla, Wash., as pilot for whom a relentless air-sea search has been carried out since his jet plane crashed into the sea Thursday.

And while the search continued, McKillit's brother, Marine Cpl. Merle R. McKillit, stood by at squadron operations, waiting hopefully for word that his lieutenant brother was safe.

Besides surface vessels sweeping Sagami Bay south of Tokyo where McKillit's FJ2 Fury was believed to have crashed, three helicopters, four Douglas attack bombers and Navy training craft flew over the area.

Cornborer infestations in North Dakota in 1955 reached the highest point yet recorded in the main corn areas of the state and the infestation is a threat for 1956.

"The details aren't too clear now," she added, "but I think Mr. Karlin, who always was interested in charities and philanthropies, wanted to help Peddicord make a living so he could support his family.

Peddicord had a number of operations," she said. "He would go to New York city for one, and then several months later, or even a year later, he would have to go back for additional surgery."

She said she remembered the case "very well," but was "not too clear on the details."

Crater Freshmen Rap Eagle Point

Eagle Point — Crater freshmen downed the Eagle Point frosh 45 to 26 Friday night in the prelim to the Oakridge-Eagle Point varsity basketball conflict here.

The Comets had period leads of 7 to 1, 16 to 8 and 30 to 17. Bob Fowler with 12 and Wayne Allen with 10 headed the scoring for Crater.

LINE-UPS:
Crater 45: 26 Eagle Point
Michael 3 f 2 Hoffman
Barnes 6 c 6 Collins
White 4 c 5 Hubbard
Fowler 12 g 2 Gerbing
Bennett 4 g 4 Charters
Substitutions—For Crater, Allen 10, Davis 2, Clark 4, Legler 2, Beach; for Eagle Point, Johnson 3, McClair 2, Sharp 2.

Gold Hill Grade Five Keeps Record Unmarred

Gold Hill — Gold Hill grade school Huskies were able to stay in the unbeaten column last week with 24 to 20 hoop win over Rogue River.

The Huskies came to life in the second half and were not headed after that. They were paced by the shooting of James Eldred and rebounding aggressiveness of Clare Huntly. Eldred made six of his eight points in the third period.

McCabe of Rogue River was second in scoring with seven. Quarter scores were 4-all, 9 to 8 for Rogue River and 20 to 17 for Gold Hill. The Huskies were charged with 19 personal fouls and Rogue River with just eight.

Parseghian New Coach Of Wildcats

Evanson, Ill. — (U.P.) — Athletic Director Stu Holcomb said "I feel Northwestern has obtained the services of one of the finest young coaches in football in Ara Parseghian."

Parseghian, 32, head football coach at Miami university of Ohio for the past five years, was signed Friday to coach the Wildcats. He succeeds Lou Saban, who was fired by Holcomb Monday.

Parseghian's Miami teams won 39 games, lost six and tied one while winning three Mid-American Conference championships.

Holcomb, who took over as Northwestern athletic director last week, said Parseghian was given a three-year contract. Salary terms were not announced.

McCarthy Calls For More Hearings To Expose Commies

Washington — (U.P.) — Sen. Joseph R. McCarthy (R-Wis.), Saturday called on his old investigating subcommittee to "resume efforts to expose the Communists who are still in the government."

McCarthy also renewed his attack on two Senate subcommittees that he said have sought to "discredit anti-Communist security measures by means of ridicule, unfair emphasis and downright misrepresentation."

He made public a letter to Sen. John L. McClellan (D-Ark.) his successor as chairman of the Senate investigating subcommittee, charging that the only Senate committees under Democratic leadership "dealing with the Communist-in-government issue are directing their fire at those who are attempting to prevent Communist infiltration."

McCarthy charged that the Senate Constitutional Rights Subcommittee and the Government Employees Security subcommittee "are deliberately portraying the security program as a ruthless, bungling Gestapo-like operation, and this distorted picture is being passed on to the public with great gusto by the left-wing press." Both subcommittees held hearings this fall.

He said the McClellan subcommittee, on which he is ranking Republican, "has a clear duty to attempt to repair the damage done" by the other two subcommittees.

Peddicord Had Eye Surgery Often

Saratoga Springs, N.Y. — (U.P.) — The late Henry Karlin spent thousands of dollars for eye operations for Clarence Peddicord, of Vancouver, Wash., who admitted setting off 12 sticks of dynamite in a West Coast department store in an attempted extortion scheme.

News of Peddicord's confession came as a shock Friday to Mrs. John Krappman, a worker for many years at the Karlin estate here. Karlin died four years ago, and Mrs. Karlin currently is traveling in Europe.

"Mr. Karlin paid for all the bills of Peddicord's operations," Mrs. Krappman said. "I think there were two or more such operations over a period of two years."

She said Karlin learned of Peddicord's plight in a radio broadcast and immediately got in touch with him and with a New York surgeon.

"The details aren't too clear now," she added, "but I think Mr. Karlin, who always was interested in charities and philanthropies, wanted to help Peddicord make a living so he could support his family.

Peddicord had a number of operations," she said. "He would go to New York city for one, and then several months later, or even a year later, he would have to go back for additional surgery."

Washington Marine Missing After Crash

Tokyo — (U.P.) — The Marine Corps Saturday identified Lt. Frank D. McKillit of Wall a Walla, Wash., as pilot for whom a relentless air-sea search has been carried out since his jet plane crashed into the sea Thursday.

And while the search continued, McKillit's brother, Marine Cpl. Merle R. McKillit, stood by at squadron operations, waiting hopefully for word that his lieutenant brother was safe.

Besides surface vessels sweeping Sagami Bay south of Tokyo where McKillit's FJ2 Fury was believed to have crashed, three helicopters, four Douglas attack bombers and Navy training craft flew over the area.

Cornborer infestations in North Dakota in 1955 reached the highest point yet recorded in the main corn areas of the state and the infestation is a threat for 1956.

Snead Ahead In Mayfair Open

Sanford, Fla. — (U.P.) — Sammy Snead of White Sulphur Springs, W. Va., was promised warmer weather today as he carried a one-stroke lead into the third round of the \$15,000 Mayfair Open golf tournament.

Snead, who shot a course record, six-under-par 64 in the opening round, found a 25-mile-an-hour wind and 35-degree weather much to his discomfort Friday but managed a 70 that gave him a total of 134.

One stroke behind came Leo Biagetti of Willoughby, Ohio, Marty Furgol of Lemont, Ill., Walter Inman of Augusta, Ga., Al Balding of Canada, and Jim Ferree of Winston-Salem, N.C. — all of whom topped Snead's second round score.

Wilman Wins All Star Tournament

Chicago — (U.P.) — Balding Joe Wilman, a champion when most of his opponents in the all-star bowling tournament were picking up a bowling ball for the first time, showed them how to reach first place and stay there Saturday.

The 49-year-old Berwyn, Ill., ace knocked off a total of 8,286 pins to garner 194.36 Petersen points for top honors in the hotly-contested finals in the men's division at the Coliseum alleys.

Wilman, an occupant of bowling's hall of fame and winner of two American Bowling Congress championships, was four points and a fraction ahead of Steve Nagy, Detroit, winner of the all-star last January. Nagy, an ever-threatening competitor, was in second place with 8,184 pins and 190.34 points.

Meanwhile, Doris Porter, Los Angeles, Calif., was showing her heels by a narrow margin to the rest of the contestants in the women's finals. She knocked off 3,976 pins for 91.26 points.
