

Ike To Seek Funds For Medical Research And Public Schools

Washington—(U.P.)—The administration will ask Congress next year for sharp increases in funds for medical research and public school construction.

This was disclosed today by Marion P. Folsom, secretary of Health, Education, and Welfare. He said President Eisenhower will send special messages to

Orphans Assured Of Spending Yule Season in States

Tokyo—(U.P.)—An airlines spokesman said today that five Japanese-American orphans being repatriated to the United States after the war will be able to spend Christmas with their new foster parents in the United States after all. Two other orphans will have to wait, however.

A spokesman for a commercial airline expressed concern yesterday that the children would not be able to make it "home for Christmas" because of regulations against minors traveling alone. He said then that the children would not be accepted by domestic airlines in the United States unless accompanied.

But today, the spokesman said that arrangements were worked out with an airline to take the children to their new American parents. "I don't know what was worked out, but they are going," he said.

Travelers Identified
Leaving Wednesday will be Taeko, 6, adopted by Mr. and Mrs. Joseph Moses, Venice, Ill.; Rumi, 5, adopted by Mr. and Mrs. Zennis M. Smith, Cincinnati, Ohio; and Hironi, 4 1/2, adopted by Mr. and Mrs. Elbert E. Smith, Youngstown, Ohio. Sacchiko, 8, whose foster parents are Mr. and Mrs. Ben Stog, San Bernardino, Calif., and Tomoto, 7, adopted by Mr. and Mrs. W. Turner, Rayne, La., will leave Friday.

Condemnation Suit Filed by Air Force

Portland—(U.P.)—Suit was filed in Federal Court here yesterday by the Air Force to condemn a parcel of Curry county property as a "military airfield and other military uses." The Air Force offered \$1000 for the tract but did not specify what type of airfield it had in mind for the area. Owners are Mary B. Stone and Theresa C. Beach, both of California.

Board of Control Rejects Offer for Land at Pendleton

Salem—(U.P.)—The State Board of Control today rejected an offer by the Pendleton school board of \$2500 for eight acres of land next to the grounds of the Eastern Oregon State hospital, on which two appraisals of \$11,000 had been obtained.

Secretary of State Earl T. Newby suggested that inasmuch as the property is located some distance from the hospital itself, the school board might be willing to buy some property in the rear of the hospital and trade it for the tract on which the board wants to build a high school.

State Treasurer Sig Unander said he was opposed to accepting a sum so far below the appraisal even though the property was sought by another public agency. Gov. Paul Patterson agreed to this view and approved further exploration of the proposed deal by E. J. (Bill) Ireland, secretary of the board.

Preparation of a master building plan for the Oregon State school for the deaf here at a cost of \$100 was approved by the board. Logan and Murtaugh, Portland architects, agreed to prepare the plan for this sum, the money to be credited to any work the same architects perform on future buildings at the institution.

A delegation of three boys from the MacLaren school for boys at Woodburn presented each member of the board with a decorated Christmas candle on a stand, surrounded by fir boughs and silvered pine cones.

One member of the delegation made a brief presentation talk after which Gov. Patterson expressed the thanks of the board members and told the boys he hoped by next Christmas they would be back in their homes, leading normal and happy lives.

Warren's Daughter to Honeymoon in Mexico

Palos Verdes, Calif.—(U.P.)—Dorothy Warren, 24, second daughter of Chief Justice Earl Warren, and Dr. Carmine D. Clemente planned a Mexican honeymoon today following a double ring wedding at the Wayfarers Chapel.

The chief justice and his family, plus about 50 guests, mostly close friends of the young couple, attended the ceremony performed last night by the Rev. Kenneth R. Knox. The bride was given in marriage by her father.

The matron of honor was the bride's sister, Nina Brian, who recently eloped to Las Vegas. The best man was the bridegroom's brother-in-law, Dr. Sture Brian. Other members of the Warren family in attendance were Dorothy's other sister, Virginia, and three boys, James, Earl Jr., and Robert.

British Comet Jet Cuts Flying Time in Canada
Montreal—(U.P.)—A globe-circling British Comet III jetliner landed at Dorval airport 12 miles west of Montreal today, one hour and six minutes after taking off from Toronto's Malton airport.

Conventional airliners make the Toronto-Montreal flight in an hour and 40 minutes. It was believed today's flight had bettered all records except those established by jet fighters.

Attention All Single Girls! Here's List of 10 Most Eligible Bachelors

New York—(U.P.)—With Monaco's Prince Rainier—who can play with free chips at Monte Carlo—over here looking for a wife and with leap year coming up, the question arises: Who might be the world's 10 most eligible bachelors?

If Rainier doesn't get married and have a child, the little principality will become a part of France and its 23,000 inhabitants will have to start paying taxes and the men will have to start serving in the Army. But if he does produce, they can still live in a never-never land.

People's Choice
All the world loves a lover but Rainier is the people's choice. Then there's John Williamson of South Africa. He owns the second largest diamond diggings in the world. Any girl who married him would have rocks the

size of rocks. He is 48, shy, good-looking. But he's hard to get at, surrounds his beautiful house on Lake Victoria with guards and watchdogs.

Fancy the political life? How about Sen. Henry M. Jackson of Washington. Democrat, 43, good-looking, conversationalist. Much in demand at Perle Mecca's and other parties. Not much money but good on TV—made a hit at the McCarthy hearings. Handicap—away from home a lot.

Quiet Texan
Now what would a list like this be without a Texan? There's Sid Richardson. The quiet type. Has about half a billion dollars. Once a woman wrote him asking for \$700,000. He turned her down.

Let's face it, Sid is 64. How about J. Robert Neal, 34? Debonair, heir to the Maxwell House coffee money, Texan, tall, dark, etc. Oil and real estate by day, playboy at night. Why didn't you ever marry, Bob? "Bad timing."

Some gals go for titles. The most eligible king in the world is from Belgium. He's Badouin, 24, six-feet, wears glasses. Owns two palaces, likes to ski, races

cars. Talks six languages including Bantu. We asked the sports editor who was the world's most eligible athlete bachelor. He nominated Johnny Podres. Took the Yanks apart in the World Series this year. Does a mean jitterbug. Is left-handed.

Gees for Blondes
Go for the exotic? The most eligible bachelor in the Arab world, known as "The Sheik" for Rudolph Valentino of the same name, is Ezzat Gafer. Flamboyant oil millionaire. Asked his age: "Thirty-nine but I feel like 23." Goes for blondes, even loves horses with golden manes.

Fired a cable off to Moscow. Who is the most eligible bachelor in Russia? The reply (uncensored): "Sorry, cannot find any eligible bachelors. They marry early here without benefit of clergy or publicity."

Of course, there's the Duke of Kent, Toward Hughes, Marlon Brando, L'il Abner's kid brother. But when the chips are down, men, who do you think the ladies will go for? Who else? Liberace?

State Highway Commission OKs Road Construction

Portland—(U.P.)—The State Highway commission yesterday approved construction of about 15 miles of asphalt concrete pavement on the Idaho-Oregon-Nevada secondary highway in Malheur county north from the Nevada state line.

The project will cost about \$325,000 with \$225,000 to come from federal funds. The commission also decided to inform Burns, county seat of Harney county, that it favored spending \$153,000 for a new route for an approach for Highway 20 from Hines to Burns instead of revising the existing route, which would cost \$163,000.

Ski Pass Proposed
The commission said it would recommend to the U. S. Bureau of Public Roads that either an underpass or an overcrossing be provided for skiers when the new link of the Mt. Hood highway eliminating Laurel hill is constructed.

The commission approved spending of \$5000 to conduct a traffic and bypass study at The Dalles. Wasco county, the city of The Dalles, and part of The Dalles will spend a similar sum. The commission decided to hold its next regular meeting next January 26 and 27.

Alien Residents To Report Addresses

Portland—(U.P.)—Some 20,000 alien residents of Oregon will have to report their addresses next month, the Portland office of the U. S. immigration and naturalization service said today.

Agent Roy J. Norene explained their aliens must report their address each January under a 1952 act of congress. Only exceptions, Norene said, were persons with diplomatic status and foreigners assigned to the United Nations.

Ice Harbor Dam Bids Scheduled Next Month

Walla Walla—(U.P.)—Bids will be called next month on the first major contract on the Ice Harbor dam project, according to Walla Walla district army engineers.

The contract will be for the south shore cofferdam at the damsite. Construction was scheduled to begin as soon as weather permits. Congressional appropriations for work on the dam during the current fiscal year total \$1,000,000.

Presenting today...
The greatest PACKARD of them all

For 1956... with advanced Torsion-Level Ride, America's Easiest-Handling and Safest-Riding Car

A NEW LUXURY CAR makes its bow in our showrooms! The new Packard for 1956 brings you America's most powerful V-8 engine, Electronic Push-Button Control, distinguished styling, superior Packard craftsmanship... and advanced Torsion-Level Ride.

When Packard pioneered its Torsion-Bar Suspension system, eliminating coil and leaf springs, engineers called it the greatest automotive achievement of our time, and Packard owners agreed!

Easiest-Handling, Safest-Riding Car Now, Torsion-Level Ride is further advanced... refined to provide even more comfort, handling ease and safety. Here, in the 1956 Packard, is the car that automatically provides better, safer balance on all roads... an unbelievably smoother, safer ride over bumps and on turns, at stops and starts.

America's Most Powerful V-8 The new 310 horsepower Packard engine is America's biggest, most powerful V-8 engine! All Packard engines deliver more driving force to the rear wheels than those of any other car, yet they use gasoline more efficiently than many smaller car engines.

New Electronic Push-Button Control The superb Packard Ultramatic transmission features Electronic Push-Button Control... sprinting getaways or gliding starts are yours with electronic ease. Combined with this outstanding transmission is a new rear axle ratio that gives the economy of overdrive... another achievement in the greatest Packard of them all!

We Invite You to Drive America's Easiest-Handling, Safest-Riding Car

Southern Pacific shows its full confidence in the continuing growth of the West and Southwest by placing a \$90,000,000 order for freight cars—the largest in S.P. history.

We have just placed the largest order for freight cars in Southern Pacific's history—10,700 cars, estimated to cost 90 million dollars, with delivery to begin in 1956. This record-breaking order brings to a total of 14,725 the number of new freight cars acquired or on order by S.P. in 1955 alone—to a grand total of 57,304 the number since World War II, representing an investment of 358 million dollars.

The transportation requirements of S.P. shippers are great and growing. Our plan at the railroad is to match industry and agriculture, stride for stride, wherever we serve, and we believe our latest freight-car order shows this plan in action.
